The End of Advertising Andrew Essex,2017-06-13 A recovering Mad Man throws down the ultimate challenge to his profession: Innovate or die. The ad apocalypse is upon us. Today millions are downloading ad-blocking software, and still more are paying subscription premiums to avoid ads. This \$600 billion industry is now careening toward outright extinction, after having taken for granted a captive audience for too long, leading to lazy, overabundant, and frankly annoying ads. Make no mistake, Madison Avenue: Traditional advertising, as we know it, is over. In this short, controversial manifesto, Andrew Essex offers both a wake-up call and a road map to the future. In *The End of Advertising*, Essex gives a brief and pungent history of the rise and fall of Adland—a story populated by snake-oil salesmen, slicksters, and search-engine optimizers. But his book is no eulogy. Instead, he boldly challenges global marketers to innovate their way to a better ad-free future. With trenchant wit and razor-sharp insights, he presents an essential new vision of where the smart businesses could be headed—a broad playing field where ambitious marketing campaigns provide utility, services, gifts, patronage of the arts, and even blockbuster entertainment. In this utopian landscape, ads could become so enticing that people would pay—yes, pay—to see them. Praise for *The End of Advertising* “New York media types aren’t quick to pass up a party, even one celebrating a book that predicts their demise. . . . The future of marketing will need to rely on creative, innovative models, Mr. Essex wrote, pointing to *The Lego Movie* and New York’s Citi Bike bicycle-share program as promising examples.”—*The New York Times* “A rabble-rousing indictment of the ad industry from one of its own. Essex predicts that success will depend less on the ability to annoy and more on the capacity to create and entertain.”—Adam Grant, *New York Times* bestselling author of *Originals* and *Give and Take* “Fresh and timely, *The End of Advertising* is an eye-opening take on the current media landscape. And along with it, Essex provides a road map for how brands can reinvent themselves and navigate this new world.”—Arianna Huffington “In this dynamic little book, Essex challenges brands—even those of us who pride ourselves on thinking outside the box—to think bigger still. He’s got me thinking.”—Neil Blumenthal, co-founder of Warby Parker “Mandatory reading for anyone who wants to get a message across in this age of authenticity.”—Alexis Ohanian, co-founder, Reddit

The Dog Who Took Me Up a Mountain Rick Crandall,Joseph Cosgriff,2019-10-08 The uplifting story of two unlikely mountaineers: a man in late middle age and a fearless pint-sized pup who, together, scale Colorado's highest peaks. By the time life had finished hitting Rick Crandall from all sides, he was at the lowest point of his life, both personally and professionally. Depressed to find himself facing a mid-late-life age crisis and watching his finances crumble as the tech industry bubble burst, he hopes his future isn't headed downhill. It was at this critical juncture in their new marriage that his wife Pamela made an astute and life-changing suggestion: Let's get a dog. So begins the story of Emme, a 200-pound Saint Bernard trapped in the body of 5-pound Australian terrier puppy. Soon, Emme and Rick hit the hiking trails around Aspen, Colorado. While she is groomed to be a show dog, it's soon obvious that her heart is in the hills and with Rick, who decides to add more challenging hikes to the mix. Before long, they are scaling Colorado's fourteeners, peaks with altitudes of over 14,000 feet. On one magical day, Emme climbs to the top of four fourteeners, a quarter of the sixteen such peaks she will complete during her life without once being carried on a trail or on the rocks on the way to a summit. In mountaineering Rick realizes he has found—in his late sixties—his life's new passion. This is where Emme has led him—out of the abyss and to the top of the mountain. She was never really walking behind: she was nudging him along until he found his stride. Even after Rick understood the glory of climbing, it was Emme still doing the leading, until Rick learned how to lead himself.

Stay Sexy & Don't Get Murdered Karen Kilgariff,Georgia Hardstark,2019-05-28 The instant #1 *New York Times* and *USA Today* best seller by Karen Kilgariff and Georgia Hardstark, the voices behind the hit podcast *My Favorite Murder!* Sharing never-before-heard stories ranging from their struggles with depression, eating disorders, and addiction, Karen and Georgia irreverently recount their biggest mistakes and deepest fears, reflecting on the formative life events that shaped them into two of the most followed voices in the nation. In *Stay Sexy & Don't Get Murdered*, Karen and Georgia focus on the importance of self-advocating and valuing personal safety over being ‘nice’ or ‘helpful.’ They delve into their own pasts, true crime stories, and beyond to discuss meaningful cultural and societal issues with fierce empathy and unapologetic frankness. “In many respects, *Stay Sexy & Don't Get Murdered* distills the *My Favorite Murder* podcast into its most essential elements: Georgia and Karen. They lay themselves bare on the page, in all of their neuroses, triumphs, failures, and struggles. From eating disorders to substance abuse and kleptomania to the wonders of therapy, Kilgariff and Hardstark recount their lives with honesty, humor, and compassion, offering their best unqualified life-advice along the way.” —*Entertainment Weekly* “Like the podcast, the book offers funny, feminist advice for survival—both in the sense of not getting killed and just, like, getting a job and working through your personal shit so you can pay your bills and have friends.” —*Rolling Stone* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Marriage Bureau Mary Oliver,Mary Benedetta,2020-12-23 At a time when internet dating is booming across all ages and classes and women are setting the agenda as never before, some things have not changed: You can't always leave love to chance. And whether the search begins with an app in the 21st century or a visit to two young but savvy matchmakers in the 1940s, the desire for lifelong happiness with a perfectly suited partner remains the same. This is the remarkable true story of the Marriage Bureau; its successes, its rare failures and its many clients, told with wit and honesty in Mary and Heather's own words.

The Fleet Street Girls Julie Welch,2020-08-20 When Julie Welch called in her first ever football report at the Observer, an entire room of men fell silent. Heart in her mouth, Julie waited for the voice on the other end of the line to declare it passable. She'd done it. She was the first ever female football reporter. In *The Fleet Street Girls*, Julie looks back at the steps that led to that moment, from the National Union of Journalists nearly calling a strike when she dared to write an article as a mere secretary (despite allowing men who weren't journalists to write for the same pages), and many other battles in between. Julie also shines a light on the other trail-blazing women who were climbing the ladder against all odds, from Lynn Barber (of *An Education* fame) to Wendy Holden, a war correspondent for the *Daily Telegraph*, and many more, as well as some of the secretaries whom the men overlooked but who actually knew everything. Pioneers one and all. *The Fleet Street Girls* is a fascinating story of the hopes and despairs, triumphs and tribulations of a group of women in the glitzy heyday of journalism, where they could be interviewing Elton John one moment and ducking flying bullets or fighting off the sex pests the next. At a time when Fleet Street was the biggest, cosiest all-male club you can imagine, and the interests of half the human race were consigned to 'The Women's Page' in the paper, we follow Julie and her contemporaries through dramas, excitement and sheer fun in their battle to make sure women's voices were heard.

Radio Caroline Ray Clark,2014-02-03 Radio Caroline was the world's most famous pirate radio station during its heyday in the 1960s and '70s, but did the thousands of people tuning in realise just what battles went on behind the scenes? Financed by respected city money men, this is a story of human endeavour and risk, international politics, business success and financial failures. A story of

innovation, technical challenges, changing attitudes, unimaginable battles with nature, disasters, frustrations, challenging authority and the promotion of love and peace while, at times, harmony was far from evident behind the scenes. For one person to tell the full Radio Caroline story is impossible, but there are many who have been involved over the years whose memories and experiences bring this modern day adventure story of fighting overwhelming odds to life. Featuring many rare photographs and unpublished interviews with the 'pirates' who were there, Ray Clark, once a Radio Caroline disc jockey himself, tells the captivating story of the boat that rocked!

Winter at Cliff's End Cottage: a sparkling Christmas read to warm your heart Sheila Norton, 2021-12-09 A cosy, heartwarming Christmas read about the growing friendship between a young journalist and an old woman who lives in a house teetering on the edge of the Devon cliffs, by the bestselling author of *The Vets of Hope Green* and *The Petshop on Pennycombe Bay* Cliff's End Cottage is a local landmark. Perched on the South Devon coast, its garden has begun slowly toppling into the sea, yet the elderly and infamously stubborn owner Stella refuses to leave her home. When Holly, a young journalist and single mum struggling to make ends meet, decides to interview Stella about her life, at first she's given short shrift. However, helped by a slice or two of cake and a couple of friendly cats, a tentative friendship begins to develop between the two lonely women. Stella and Holly may live different lives, but over the cold winter nights, as Stella shares her story, the two women discover more and more in common. Time is running out for the house on the edge, but perhaps, together, Stella and Holly can find a new way forward. Makers of the Telegraph Kenneth B. Lifshitz, 2017-02-03 The single-wire telegraph revolutionized long distance communication but it was not the brainchild of one inventor, Samuel Morse. His colleagues and employees--specifically Ezra Cornell and Joseph Henry--made crucial contributions. Examining the careers of the three men and the key events, this book presents Morse as primarily a businessman and consolidator of ideas who, frequently in conflict with his associates, sought to present the telegraph as a uniform system under his sole imprimatur. The battle between Morse and Cornell over the invention of the magnetic relay was central to the drama. What emerges is a complex portrait of three ambitious and brilliant innovators and the age in which they lived.

Sound System Dave Randall, 2017 The story of one musician's journey to discover how music can be used as a political tool, for good and bad.

Desperate Passage Ethan Rarick, 2008-02-04 In late October 1846, the last wagon train of that year's westward migration stopped overnight before resuming its arduous climb over the Sierra Nevada Mountains, unaware that a fearsome storm was gathering force. After months of grueling travel, the 81 men, women and children would be trapped for a brutal winter with little food and only primitive shelter. The conclusion is known: by spring of the next year, the Donner Party was synonymous with the most harrowing extremes of human survival. But until now, the full story of what happened, what it tells us about human nature and about America's westward expansion, remained shrouded in myth. Drawing on fresh archaeological evidence, recent research on topics ranging from survival rates to snowfall totals, and heartbreaking letters and diaries made public by descendants a century-and-a-half after the tragedy, Ethan Rarick offers an intimate portrait of the Donner party and their unimaginable ordeal: a mother who must divide her family, a little girl who shines with courage, a devoted wife who refuses to abandon her husband, a man who risks his life merely to keep his word. But Rarick resists both the gruesomely sensationalist accounts of the Donner party as well as later attempts to turn the survivors into archetypal pioneer heroes. The Donner Party, Rarick writes, is a story of hard decisions that were neither heroic nor villainous. Often, the emigrants displayed a more realistic and typically human mixture of generosity and selfishness, an alloy born of necessity. A fast-paced, heart-wrenching, clear-eyed narrative history, *A Desperate Hope* casts new light on one of America's most horrific encounters between the dream of a better life and the harsh realities such dreams so often must confront.

Touch and Go Mike Gill, 2021-11-02 Dr David Palmer, ICU Consultant at the Royal Oldham Hospital describes Touch and Go, as, "Mike captures in his heart-breaking account a moment in history, told from the patient perspective. Mike honestly, and often with a stoic sense of humour, describes his ordeal, including the hellish experience of delirium, which one wouldn't wish on their worst enemy." Mike takes the reader from the beginning of the horror story of Covid, through the rapid decline towards near death and on to the long haul of rehabilitation and recovery. The story is a roller coaster passing through the house of horrors in what is sometimes a bizarre world of delusion and paranoia experienced when emerging from the induced coma that saved Mike's life. The first two months of that roller coaster ride being almost all downhill with the occasional glimmer of hope as Mike gripped on to life. And then came the words "Mike is Covid free," and the uphill battle began. Walking, talking, eating and all those things we take for granted had to be learned again as if a child had been born. The learning continues as the disease maintains a hold on the author's life creating new pain and obstacles to overcome every day. Mike describes the struggle to fight for life and then fight to live making clear reference to those who made that possible. Not only the medical professionals and support staff, but the family and friends who lived their own nightmare as they watched a loved one clinging on to life when his wife, Glen, heard the words down the telephone, "You need to prepare for Michael's end of life."

Revolution Russell Brand, 2014-10-14 NATIONAL BESTSELLER We all know the system isn't working. Our governments are corrupt and the opposing parties pointlessly similar. Our culture is filled with vacuity and pap, and we are told there's nothing we can do: "It's just the way things are." In this book, Russell Brand hilariously lacerates the straw men and paper tigers of our conformist times and presents, with the help of experts as diverse as Thomas Piketty and George Orwell, a vision for a fairer, sexier society that's fun and inclusive. You have been lied to, told there's no alternative, no choice, and that you don't deserve any better. Brand destroys this illusory facade as amusingly and deftly as he annihilates Morning Joe anchors, Fox News fascists, and BBC stalwarts. This book makes revolution not only possible but inevitable and fun.

Practical Research Paul D. Leedy, Jeanne Ellis Ormrod, 2013-07-30 For undergraduate or graduate courses that include planning, conducting, and evaluating research. A do-it-yourself, understand-it-yourself manual designed to help students understand the fundamental structure of research and the methodical process that leads to valid, reliable results. Written in uncommonly engaging and elegant prose, this text guides the reader, step-by-step, from the selection of a problem, through the process of conducting authentic research, to the preparation of a completed report, with practical suggestions based on a solid theoretical framework and sound pedagogy. Suitable as the core text in any introductory research course or even for self-instruction, this text will show students two

things: 1) that quality research demands planning and design; and, 2) how their own research projects can be executed effectively and professionally.

The garden is an untameable wilderness, the staff hostile. Setting to work, Ursula is disturbed by the crunch of footsteps on empty gravel paths, while from the nearby forest comes the frenzied chop of an axe when no one is there.
