*How to Escape from Prison* Paul Wood, 2019-07-01 The Remarkable Story of How One Man Defied the Odds At 18, Paul Wood thought he had lost everything. He had committed an act he knew would send him to prison for many years. To a young man like Paul, it might as well have been for the rest of his life. Plunged into a nightmarish world of extreme violence, solitary confinement, gang allegiances, drugs, vindictive wardens and regular stabbings, Paul spent the next 11 years confined in some of New Zealand's toughest jails. Based on an account of his experiences he wrote while still inside, *How to Escape from Prison* chronicles Paul's road to redemption and a new life as a doctor of psychology, helping others strive to fulfil their potential and develop the resilience to flourish, even in adversity. This is a gripping read about a man who sank to the depths of despair, before scaling the

heights of true freedom. 'Paul's transformation is unbelievable. We are sometimes brought up to think a zebra can't change its stripes. Paul Wood's story is proof that anyone can change. It gives you great courage that you can do anything.' - Sir John Kirwan

**Escape to Prison** Michael Welch, 2015-05-01 The resurrection of former prisons as museums has caught the attention of tourists along with scholars interested in studying what is known as dark tourism. Unsurprisingly, due to their grim subject matter, prison museums tend to invert the Disneyland experience, becoming the antithesis of the happiest place on earth. In *Escape to Prison*, the culmination of years of international research, noted criminologist Michael Welch explores ten prison museums on six continents, examining the complex interplay between culture and punishment. From Alcatraz to the Argentine Penitentiary, museums constructed on the former locations of surveillance, torture, colonial control, and even rehabilitation tell unique tales about the economic, political, religious, and scientific roots of each site's historical relationship to punishment.

**Escape From Davao** John D. Lukacs, 2023-04-04 The "riveting" (John Wukovits, author of Admiral "Bull" Halsey) and all-but-unknown account of ten American prisoners of war who escaped from a Japanese prison during World War II. On April 4, 1943, ten American prisoners of war and two Filipino convicts executed a daring escape from one of Japan's most notorious prison camps. The prisoners were survivors of the infamous Bataan Death March and the Fall of Corregidor, and the prison from which they escaped was surrounded by an impenetrable swamp and reputedly escape-proof. Theirs was the only successful group escape from a Japanese POW camp during the Pacific war. Escape from Davao is the "remarkable" (Bill Sloan, author of Brotherhood of Heroes) story of one of the most extraordinary incidents in the Second World War and of what happened when the Americans returned home to tell the world what they had witnessed. Davao Penal Colony, on the southern Philippine island of Mindanao, was a prison plantation where thousands of American POWs toiled alongside Filipino criminals and suffered from tropical diseases and malnutrition, as well as the cruelty of their captors. The American servicemen were rotting in a hellhole from which escape was considered impossible, but ten of them, realizing that inaction meant certain death, planned to escape. Their bold plan succeeded with the help of Filipino allies, both patriots and the guerrillas who fought the Japanese sent to recapture them. Their trek to freedom repeatedly put the Americans in jeopardy, yet they eventually succeeded in returning home to the United States to fulfill their self-appointed mission: to tell Americans about Japanese atrocities and to rally the country to the plight of their comrades still in captivity. But the government and the military had a different timetable for the liberation of the Philippines and ordered the men to remain silent. Their testimony, when it finally

emerged, galvanized the nation behind the Pacific war effort and made the men celebrities. Over the decades this remarkable story, called the “greatest story of the war in the Pacific” by the War Department in 1944, has faded away. Because of wartime censorship, the full story has never been told until now. John D. Lukacs spent years researching this heroic event, interviewing survivors, reading their letters, searching archival documents, and traveling to the decaying prison camp and its surroundings. His dramatic, gripping account of the escape brings this remarkable tale back to life, where a new generation can admire the resourcefulness and patriotism of the men who fought the Pacific war.

**Escape Your Own Prison** Bernard Starr, 2007 After many years as successful psychologist, Dr. Bernard Starr embarked on a spiritual quest to find true peace of mind. *Escape Your Own Prison* charts his journey and his discovery that spirituality is essential to deep well-being in a way that psychology alone cannot achieve. Starr's understanding of how to experience true freedom embraces aspects of psychology and spirituality, and is compatible with a spectrum of religious beliefs. Revealing his own transformation from pure psychologist to spiritual practitioner and sharing examples from his practice, he offers practical advice on moving beyond false notions of the self and ego to broader, deeper consciousness.

*The Most Incredible Prison Escape of the Civil War* W. Fred Conway, 1991 Describes how Captain Thomas Hines masterminded an escape which put himself, Brigadier General John Hunt Morgan, and five others into a tunnel to freedom.

*The Silent Escape* Lena Constante, 1995-04-07 Winner, 1992 Association des Ecrivains de Langue Française Prix Européen I have lived, alone, in a cell, 157,852,800 seconds of solitude and fear. Cause for screaming! They sentence me to live yet another 220,838,400 seconds! To live them or to die from them.--from *The Silent Escape* Victim of Stalinist-era terror, Lena Constante was arrested on trumped-up charges of espionage and sentenced to twelve years in Romanian prisons. *The Silent Escape* is the extraordinary account of the first eight years of her incarceration--years of solitary confinement during which she was tortured, starved, and daily humiliated. The only woman to have endured isolation so long in Romanian jails, Constante is also one of the few women political prisoners to have written about her ordeal. Unlike other more political prison diaries, this book draws us into the practical and emotional experiences of everyday prison life. Candidly, eloquently, Constante describes the physical and psychological abuses that were the common lot of communist-state political prisoners. She also recounts the particular humiliations she suffered as a woman, including that of male guards watching her in the bathroom. Constante survived by escaping into her mind--and finally by discovering the language of the walls, which enabled her to communicate with other female inmates. A powerful story of totalitarianism and human endurance, this work makes an important contribution to the literature of prison notebooks.
