**A CNA's Experience** D'Albert Marsh,2023-02-09 The purpose of this book is to inform readers about the role, responsibilities, and real life experiences of being a Certified Nurse's Aide. A CNA's job is often demanding, physically and mentally challenging and emotionally draining. It is a job that will present you with many challenges and obstacles. If you are seeking a job that will make you rich, being a CNA is not the job for you. However, if you have a genuine desire to help people when they are most in need, being a CNA could be the right fit for you.

**Practicing CNA in Nursing Homes** Acene Fleurmons,2009-02 This book, Practicing CNA in Nursing Homes, is a gun in between CNAs' hands. Many of them have great experiences and provide star service in nursing homes, and reach the residents' satisfaction by using standard precautions and applying the CNAs skills properly. However, most of them lack the skills and use them improperly. They need some help, not only regarding skills, but also regarding handling nosocomial infections and raising customer satisfaction This book also aims toward an ambitious objective, which is being a primary source of research for those who are interested in nursing homes in the United States. Nursing homes exist everywhere in the world, but we find that the level of function here is different. Therefore, this book is going to describe life inside the nursing homes in this country. It's a mixture of micro-socio-pathological descriptions that can resuscitate a desire to better understand this reality, which has remained so long unknown, and that needs to be unveiled. Acene Fleurmons was born in Artibonite, Haiti in 1959. His father is Anoucet Fleurmons and his mother is Carmen; two farmers who raised eight children. Acene is the fifth child who grew up in God's grace and went to school in Port-au-Prince, where he earned a certificate in philosophy at the Higher Teacher Training School in 1990, and in sociology at the Humanities School in 1993. Acene came to Miami in 1997 and went to Florida International University (FIU). There he received a Bachelor of Social Work in 2004. After that, Acene continued studying with Bellevue University and earned 27 credits in Healthcare Management and Administration of Nursing (master's program). This study is in progress. Moreover, Acene earned his doctorate degree in Christian Counseling from the Ministry International Institute in 2005.

That means those students wasted their money and their time. This can be absolutely frustrating and cause many problems in the future. Another reason having a CNA Study Guide on hand is super important is that once you become a certified nursing assistant, you will only have certification for that particular state. So, if you move to another state at some point in your life, you will have to re-certify in that state. That may sound easy, considering you might have done it for years before moving...however, imagine taking the drivers test again after all those years of learning how to really drive a car. You probably don't follow all of the rules, right? Well the same can happen to a CNA. They can develop the get it done the right way type attitude which won't test well on the certification exam. 10 out of 10 must have for all CNA's~CNA Exam Cram
