100 Greatest Women on Coins Ron Guth,2015-09 This is the tenth entry in Whitman Publishing's popular 100 Greatest library. Award-winning author Ron Guth has studied coins depicting women from ancient times to the modern day, building a database of more than 700 queens, princesses, empresses, actresses, political and religious leaders, goddesses, and others. These were voted on and ranked by the members of Women in Numismatics and other hobbyists to determine the 100 Greatest Women on Coins. This book is a celebration of women's impact on numismatics, says Guth, and a study of the relationship between them and the men who monopolize the portraiture designed for coins. Each notable woman is described with an illustrated historical, biographical, and anecdotal essay and colorful images of the coins on which she appears. Guth also discusses the long history of women featured on coins, and how anyone today can assemble a remarkable and meaningful collection. The book's scholarly value is further expanded with a checklist for the specialist, and a bibliography for further research.

David Galula Ann Marlowe, 2010 This monograph is based on interviews with David Galula's surviving family and friends as well as archival research. It places Galula's two great books in the context of his exposure to Mao's doctrine of revolutionary warfare in China, the French Army's keen interest in counterinsurgency in the second half of the 1950s, and the transmission of French doctrine to the U.S. military in the early 1960s. It also discusses home-grown American counterinsurgency pioneers like General Edward Lansdale, who promoted Galula's American career and encouraged him to write a book. It details the counterinsurgency fever of President John F. Kennedy's administration, a nearly forgotten episode. Galula died in relative obscurity at the age of 49 in 1967. He had the odd historical luck of not having been a part of the counterinsurgency fever of his day, but of ours instead. Both those who think counterinsurgency has been embraced uncritically and those who think it has not been followed enough will find intellectual ammunition in Galula and food for thought in the relationship of his ideas to his time --
