Figure Drawing For All It's Worth Andrew

Loomis, 2021-04-29 Andrew Loomis (1892-1959) is revered amongst artists - including comics superstar Alex Ross - for his mastery of drawing. His first book, *Fun With a Pencil*, published in 1939 is a wonderfully crafted and engaging introduction to drawing, cartooning, and capturing the essence of a subject all while having fun. With delightful step-by-step instruction from Professor Blook, Loomis's charming alter ego on the page. Andrew Loomis was born in 1892. After studying art he moved to Chicago, eventually opening his own studio, working in editorial and advertising for most of the top clients at the time including Kellogg's, Coca Cola, Lucky Strike and more. He also became renowned as an art teacher and his instructional books on realist illustration and art are acclaimed classics in the field. He died in 1959.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." *Warhol-isms* separates legend from fact to present a unique and comprehensive collection of authentic quotations from

the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

Zerinity ANT, 2017-05-17 The author has always maintained he is a conduit, and that the poetry and prose has come through him. There have been occasions when he understood the profoundness of the work after having written it. By and large, the poems took the size of the paper he had in his hand. The beauty of the flow and the simplicity of words, coupled with the depth of the concept has been to him a source of creative joy, which simply must be shared. These touch various aspects of life, spirituality, adolescence, love, character, time, and other topics like mathematics collated over the years as he evolved. This is not a book to be read through at one go. One has to pause, ponder, digest, and then move to the next. Other than the broad separation of poetry and prose, there has been no effort to slot them in by genre or chronologically. It is a kaleidoscope to be enjoyed an offering, so to say.
