Splash 14 Rachel Rubin Wolf, 2013-06-21 Sometimes the beauty of light can last only

an instant...be ready. - Laurie Goldstein-Warren, P119 It starts with a sparkle of light, the expressive way a shadow maps out a face, the almost other-worldly luminosity of roses on an overcast day. These are the moments, often brief and unexpected, that turn ordinary subjects into powerful inspiration, and--when handled with skill and originality--a painting into a masterpiece. The magical moments featured in *Splash 14* evoke the very essence of watercolor--light and color. More than 120 brilliant paintings are accompanied by generous insights from the artists. Find out how they captured lyrical light effects, quiet moods, lively shadows, and incredibly subtleties or shouts of color. In keeping with the *Splash* tradition, this volume celebrates the heart, spirit and innovation of contemporary watercolor. It promises hours of enjoyment and intrigue for artists and art-enthusiasts alike. A great painting is more often the result of an enjoyable journey than a planned process. - Janet Nunn, P110

Examinations and Analysis of Sequels and Serials in the Film Industry Seçmen, Emre Ahmet, 2023-04-25 There are many elements in the concept of visual continuity, and they are all interrelated. In films or film series that are described as sequels, establishing a visual integrity relationship between films comes to the fore. The concept of the sequel appears in two ways. Sometimes, while the ideas are scripted, the story is divided into more than one part. Sometimes the story is planned as a single movie, and after a certain time, it can be realized as a follow-up movie/film for different reasons. In both systems of expression, it is necessary to seek harmony between all elements of visual design. *Examinations and Analysis of Sequels and Serials in the Film Industry* examines certain contents through the concepts of cinematography and narrative, focusing more on the practical side of cinema and partially on the theoretical side. It examines samples, sequels, serials, and trilogy universes on the axis of cinematography and narration. Covering topics such as film landscape, repeated narrative elements, and storytelling, this premier reference source is an excellent resource for film industry workers, film students and educators, sociologists, librarians, academicians, and researchers.

Hau Pei Jen Julie Holding, 2010-03 Hau Pei Jen is an accomplished Chinese watercolor artist. Art historians and critics in China called him inspirational and credit him

with providing a new direction for Chinese art. In 1984 people lined up in rain to see his exhibit in Beijing. His subsequent exhibits in China including the 2008 Beijing, Nanjing, Shanghai, and Shenzhen multi-city show garnered him critical acclaims. A 2009 Silicon Valley exhibit caused great excitement among art collectors. In order to understand the magic of Hau's art and why it is so well received by scholars, critics, collectors, and general public alike, Holding traces the use of color in Chinese art and the historical development of splash ink-and-color method, a key element of Hau's style. Examining the evolution of color usage and splash painting in Chinese art, one sees that Hau's art is deeply rooted in traditional techniques. The book proceeds then to illustrate and analyze the unique characteristics of Hau's art using multiple views of artists, both professional and amateur, as well as scholars to establish Hau's innovative approach. Finally, the book presents a step-by-step demonstration of Hau's method, giving a blue print to those inspired to follow his path.
