**Mouse Paint** Ellen Stoll Walsh,2006-03 One day three white mice discover three jars of paint--red, blue, and yellow. Both parents and children alike will appreciate this lighthearted presentation of a lesson in color. Walsh's cut-paper collage illustrations have bold colors and just the right simplicity for the storyline. A real charmer that's great fun as well as informative.--School Library Journal

Cat and Mouse in a Haunted House (Geronimo Stilton #3) Geronimo Stilton,2011-08-01 Enter the world of Geronimo Stilton, where another funny adventure is always right around the corner. Each book is a fast-paced adventure with lively art and a unique format kids

7-10 will love. Enter the world of Geronimo Stilton, where another funny adventure is always right around the corner. Each book is a fast-paced adventure with lively art and a unique format kids 7-10 will love. Who Is Geronimo Stilton? That's me! I run a newspaper, but my true passion is writing tales of adventure. Here on Mouse Island, my books are all best-sellers! What's that? You've never read one? Well, my books are full of fun. They are whisker-licking good stories, and that's a promise! The Case of Curlypaw Cannycat's Castle was lost in a dark, spooky forest! Until I stumbled upon Curlypaw Cannycat's Castle. The castle was completely empty, or so I thought. But I quickly discovered that it was haunted - by cats! Let me tell you, this was one case where curiosity almost killed the mouse!

The Amazing Adventures of Cat and Mouse Hassan Al-Alawai, 2013-05-30 Summary Did you ever imagine a cat and mouse being best friends forever. Well here you will, while you travel through this book, you will see how mouse felt about tripping over a rock and how cat felt when mouse said that cat was cheating at hide and seek, also see the thrilling tale of how mouse and cat were playing dress up in the attic. And all those other adventures with cat and mouse that you will see only in this book. I think this book would show people a lesson about what they should do when you have a friend or a family member talking or playing with you and you just do not want to screw up with them because they might feel sad or mad or maybe even just that instant grumpy. And I think this book has enough character traits to show you what I mean. Something that I hope will happen is that you will have lots of fun reading this book and that this story will build up on your imagination so, have fun and have a MOUSETACULAR and a CATRIFIC time!

**If You Give a Mouse a Cookie** Laura Joffe Numeroff,2022-06-14 If a hungry little traveler shows up at your house, you might want to give him a cookie. If you give him a cookie, he's going to ask for a glass of milk. He'll want to look in a mirror to make sure he doesn't have a milk mustache, and then he'll ask for a pair of scissors to give himself a trim.... The consequences of giving a cookie to this energetic mouse run the young host ragged, but young readers will come away smiling at the antics that tumble like dominoes through the pages of this delightful picture book.

A Case of Cat and Mouse Sofie Kelly,2021-08-03 A reality TV crew has come to town and brought librarian Kathleen Paulson and her two magical cats more than their fair share of real-life drama, in the newest installment of this New York Times bestselling series. Spring has come to charming Mayville Heights, and with it, some Hollywood glamour. The little town is abuzz because the reboot of a popular baking TV show is filming there. Librarian Kathleen Paulson is working as an advisor on historical facts for the show, local restaurants are providing catering for the camera crews, and Kathleen's faithful felines, Hercules and Owen, are hoping there is a cat treat challenge. But then Kathleen finds one of the judges dead. She has solved many-a-murder with help from the supernaturally gifted Herc and Owen, and with the whole town on tenterhooks, the talented trio will have to have all paws on deck to chase down this killer.

**Pop-Up Books** Nancy Larson Bluemel,Rhonda Harris Taylor,2012-02-02 A convincing explanation of why interactive or movable books should be included in the library collection that documents their value as motivational instructional tools—in all areas of the school curriculum, across many grade levels. Pop-up books possess universal appeal. Everyone from preschoolers to adults loves to see and tactilely experience the beautiful three-dimensional work of Robert Sabuda, David A. Carter, and other pop-up book creators. Sabuda himself was inspired to become a pop-up book artist after experiencing the 1972 classic pop-up *The Adventures of Super Pickle*. The effect of these movable books on young minds is uniquely powerful. Besides riveting children's attention, pop-up books can also help build motor skills, teach cause and effect, and develop spatial understanding of

objects. Based on their direct experience and many presentations to teachers and librarians, the authors have provided template lesson plans with curriculum and standards links for using the best pop-up books currently available in the instructional program of the school. The book also includes profiles of the most notable authors, a history of the format, definitions of terms such as flap book and paper engineer, and information on how to create movable books. Librarians will find the section regarding collection development with the format—how and where to acquire them, proper storage methods—and the annotated listing of the authors' 50 favorite pop-ups extremely helpful.

*Cats in Paris* Won-Sun Jang, 2016-01-26 This gorgeously illustrated adult coloring book draws readers into the secret world of cats in Paris as they explore the city's most famous (and feline-friendly) spots. ### **Contributions of Behavior Analysis to Reading and Writing Comprehension**

Alessandra Rocha de Albuquerque, Raquel Maria de Melo, 2023-11-14 This book shows how behavior analysis can be applied to teaching reading and writing to primary school students

and to special populations, such as children with intellectual and hearing disabilities and illiterate adults. Originally published in Portuguese, this contributed volume is now translated into English and presents for the first time to international researchers and students a comprehensive overview of a research program developed for more than three decades in Brazil which gave birth to a unique teaching program based on the concept of stimulus equivalence: the Learning to Read and Write in Small Steps. The book is divided into four parts. The first part presents the theoretical framework and the historical context in which the teaching program was developed by the group led by Drs. Julio Cesar de Rose and Deisy das Graças de Souza, currently organized in the National Institute of Science and Technology on Behavior, Cognition, and Learning (INCT/ECCE). The second part describes the modules that make up the Learning to Read and Write in Small Steps teaching program. The third part presents results of empirical research conducted with children with intellectual and hearing disabilities and illiterate adults. Finally, the fourth part presents contributions from other areas of knowledge – such as speech therapy, linguistics, and education – to the understanding of reading and writing and possible dialogues between them and behavior analysis. Contributions of Behavior Analysis to Reading and Writing Comprehension will be of interest to researchers and students in the fields of psychology and education interested in the application of behavior analysis to teaching and learning processes. It will also be a valuable resource for professionals directly working in educational institutions, such as elementary school teachers and psycho-pedagogues. The translation of the original manuscript in Portuguese was done with the help of artificial intelligence. The present version has been revised technically and linguistically by the

authors in collaboration with a professional translator.
