*Colors* Andrew Berardini,2022-06-21 The most elegant of all art critic cowboys --Spike Art Magazine Color beams at us from the everyday, but within each of the ten million shades are hidden our best and worst stories. Colors is a lyrical field guide to the richly textured and depthless stories of color. This exuberant, sometimes haunting collection of histories, poetry, criticism, fictions, memoir, and myths examines with heartbreaking beauty the individual shades that make up a rainbow. With tough and tender grace, Berardini takes us on a passionate and compelling journey into the deepest soul and brightest edges of this fundamental subject with extraordinary poetry vision.
