*Light the Way Up* Jasmine Renner,2020-06-11 This coloring book of inventors is a fun resource that can be used by children from Grades 1-5. It can be used for party entertainment and games or school worksheet activities in STEM and History. The answer key is provided of who the inventor is and what they invented is at the back of the book. The goal is to have your child(ren) or your students color up these inventors in the most imaginative way they can. The inventors represent all of the centuries above and are part of the four distinct groups of inventors: male, female, kid-inventors and African-american inventors. This can be a class project for kindergartners or students or it can be a family fun and pastime project. It can also be used for homeschooling, history, reading and innovation projects. This can be a fun activity for kids as they try to guess who the inventor is and what he or she invented. You get to engage in a pastime with your children or students and have the benefit of an educational learning tool all wrapped up in one. As you color up these inventors, whether you do it alone, or with your child(ren), your family, friends or your students color them up with great honor in your heart for the legacy they left for mankind. As they were so are you. YOU ARE LIGHT if you BELIEVE! Enjoy as you color the inventors and light the way up!
