The China Weekly Review ,1925

China Underground Zachary Mexico,2010-08 In the beginning of the twenty-first century, it is hard to imagine a place more exciting than China. The country's economy is growing by more than ten percent per year. The lives of Chinese citizens in every stratum of society are changing--indeed, the very rules that define the parameters of their lives are changing. Over a billion people are simultaneously hustling, trying to decipher the rules, carving a place out for themselves in the new China. Predictably, the result is a glorious mess. Westerners are fascinated with news coming out of China, but in general, most such reporting focuses on the country's economy (growth rates, infrastructure, trade deficits, currency valuation, globalization, etc.), social issues (human rights, income inequality, diseases such as avian flu, SARS, and HIV/Aids, the traditional Chinese culture, mainstream social trends, etc.), and the current government (the workings of the CCP, its response to social unrest, etc.). Westerners hear much about China's booming economy and its role as the next global superpower from the mainstream media, but they know less about the young people who make up China's varied and fascinating subcultures. In *China Underground*, Mexico introduces young western readers to their Chinese counterparts, highlighting an unfamiliar side of China: today's varied youth cultures, which are both fascinating and under-exposed. Readers are introduced to a wannabe rock star from the desert of Xinjiang, trying to make it big in Shanghai; a disillusioned journalist; a budding screenwriter; a vagabond ladies' man; a straight-A student at China's best university; a Chinese mafia kingpin; a punk band trying their best to stay relevant; a prostitute; the world's most polluted city; Beijing's drug-fueled club scene, and many others.

Once Upon a Time in China Jeff Yang,2003 From Jackie Chan to Ang Lee, from Supercop to *Crouching Tiger, Hidden Dragon*, Chinese cinema has truly arrived in the U.S. Filled with photos and tidbits, this is the definitive book for anyone who has already fallen in love with Chinese cinema--and all those who are looking to learn more about it.

A Bit of Old China Charles Warren Stoddard,1925 This description of old San Francisco's Chinatown has been taken from Charles Warren Stoddard's book, entitled, 'In the footprints of the padres, ' which contains his memories of early days in California.

Black to China: Part One Jennifer Williams,2016-06-19 This cultural experience is entitled *Black to China* because it speaks to who I am culturally here in America, as a Black American visiting China's three cities: Harbin, Beijing and Xian; speaking on two university campuses: Heilongjiang and MuDunjiang; experiencing the Chinese culture, people, language and education.

Lost In Interpretation Barbara Hong Li,2022-05-31 Most American books about China are written by Americans who have visited, lived, or worked in China. The authors believe that their experiences are a slice of what Chinese culture truly is. *Lost In Interpretation: China Stories Told by a China Insider* is not that type of book. Author Barbara Hong Li was born and raised in China but has lived and worked in the US for over twenty years, giving her a unique perspective on the similarities and differences between the two cultures. Barbara Hong Li takes questions that many Americans may have about China and reveals the history and culture surrounding the subject matter. Topics include: How have US China relations got here today? Why are the Chinese viewed secretive? Is Chinese food in American Chinese restaurants actually Chinese? Why do the Chinese drink hot water? What is the difference between the two languages of Mandarin and Cantonese? Why do Chinese parents pressure their adult children to get married? What are some of the cultural taboos in China? There have been cultural misunderstandings and misinformation about China for decades. Barbara Hong Li is on a mission to open doors between the two countries she loves. *Lost In Interpretation* is a step in that direction.

Our Story Rao Pingru,2018-05-08 Begun by the author when he was eighty-seven years old and mourning the loss of his wife, *Our Story* is a graphic memoir like no other: a celebration of a marriage that spanned the twentieth century in China, told in vibrant, original paintings and prose. Rao Pingru was twenty-four-year-old soldier when he was reintroduced to Mao Meitang, a girl he'd known in childhood and now the woman his father had arranged for him to marry. One glimpse of her through a

window as she put on lipstick was enough to capture Pingru's heart: a moment that sparked a union that would last almost sixty years. *Our Story* is Pingru and Meitang's epic but unassuming romance. It follows the couple through the decades, in both poverty and good fortune—looking for work, opening a restaurant, moving cities, mending shoes, raising their children, and being separated for seventeen years by the government when Pingru is sent to a labor camp. As the pair ages, China undergoes extraordinary growth, political turmoil, and cultural change. When Meitang passes away in 2008, Pingru memorializes his wife and their relationship the only way he knows how: through painting. In an outpouring of love and grief, he puts it all on paper. Spanning 1922 through 2008, *Our Story* is a tale of enduring love and simple values that is at once tragic and inspiring: an old-fashioned story that unfolds in a nation undergoing cataclysmic change. (With gorgeous full-color illustrations throughout, and a distinctive exposed spine emulating the original Chinese design.)

Cathay by the Bay George Kao, 1988 Originally published as newspaper columns, the thirty-odd pieces collected in this volume bring to life San Francisco's Chinatown at mid-century.

Chinese Characteristics Arthur H Smith, 2014-09-20 Book Review *Chinese Characteristics* (1894) was the most widely read American work on China until Pearl Buck's *The Good Earth* (1931). It was the first to take up the task of analyzing Chinese society in the light of scientific social and racial theory. --Lydia Liu, Professor of Columbia University Book Introduction *Chinese Characteristics* was written by a highly observant American missionary--Smith. He has lived over fifty years in China. This book was published firstly in 1890 in China, presents the social life and personal character traits of the typical Chinese. In this illustration edition, nearly 100 old photos added, aiming to let reader to understand China more directly and truthfully. Lu Xun--the most prominent Chinese cultural critic of the early twentieth century--urged his students to study and ponder Smith's idea, which was widely debated in Chinese student circles.

My Life in China and America Wing Yung, 2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1909 edition. Excerpt: ... CHAPTER XX JOURNEY TO PEKING AND DEATH OF MY WIFE The treatment which the students received at the hands of Chinese officials in the first years after their return to China as compared with the treatment they received in America while at school could not fail to make an impression upon their innermost convictions of the superiority of Occidental civilization over that of China-- an impression which will always appeal to them as cogent and valid ground for radical reforms in China, however altered their conditions may be in their subsequent careers. Quite a number of the survivors of the one hundred students, I am happy to say, have risen to high official ranks and positions of great trust and responsibility. The eyes of the government have been opened to see the grand mistake it made in breaking up the Mission and having the students recalled. Within only a few years it had the candor and magnanimity to confess that it wished it had more of just such men as had been turned out by the Chinese Educational Mission in Hartford, Conn. This confession, though coming too late, may be taken as a sure sign that China is really awakening and is making the best use of what few partially educated men are available. And these few Occidentally educated men have, in their turn, encouraged and stimulated both the government and the people. Since the memorable events of the China and Japan war, and v/ the war between Japan and Russia, several hundreds of Chinese students have come over to the United States to be educated. Thus the Chinese educational scheme which Tsang Kwoh Fan initiated in 1870 at Tientsin and established in Hartford, Conn., in 1872, though rolled back for a period of twenty-five years, has been practically revived. Soon after the...

Chasing the American Dream in China Leslie K. Wang, 2021 Few studies have highlighted the stories of middle-class children of immigrants who move to their ancestral homelands-countries with which they share cultural ties but haven't necessarily had direct contact. *Chasing the American Dream in China* addresses this gap by examining the lives of highly educated American-born Chinese (ABC) professionals who return to the People's Republic of China to build their careers. Analyzing the

motivations and experiences of these individuals deepens our knowledge about transnationalism among the second-generation as they grapple with complex issues of identity and societal belonging in the ethnic homeland. This book demonstrates how these professional migrants maneuver between countries and cultures to further their careers and maximize opportunities in the rapidly changing global economy. When used strategically, the versatile nature of their ethnic identities positions them as indispensable bridges between the global superpowers of China and the United States in their competition for global dominance--

I Love Dollars and Other Stories of China Wen Zhu, 2007 In five richly imaginative novellas and a short story, Zhu Wen depicts the violence, chaos, and dark comedy of China in the post-Mao era. A frank reflection of the seamier side of his nation's increasingly capitalist society, Zhu Wen's fiction offers an audaciously plainspoken account of the often hedonistic individualism that is feverishly taking root. Set against the mundane landscapes of contemporary China—a worn Yangtze River vessel, cheap diners, a failing factory, a for-profit hospital operating by dated socialist norms—Zhu Wen's stories zoom in on the often tragicomic minutiae of everyday life in this fast-changing country. With subjects ranging from provincial mafiosi to nightmarish families and oppressed factory workers, his claustrophobic narratives depict a spiritually bankrupt society, periodically rocked by spasms of uncontrolled violence. For example, *I Love Dollars*, a story about casual sex in a provincial city whose caustic portrayal of numb disillusionment and cynicism, caused an immediate sensation in the Chinese literary establishment when it was first published. The novella's loose, colloquial voice and sharp focus on the indignity and iniquity of a society trapped between communism and capitalism showcase Zhu Wen's exceptional ability to make literary sense of the bizarre, ideologically confused amalgam that is contemporary China. Julia Lovell's fluent translation deftly reproduces Zhu Wen's wry sense of humor and powerful command of detail and atmosphere. The first book-length publication of Zhu Wen's fiction in English, *I Love Dollars and Other Stories of China* offers readers access to a trailblazing author and marks a major contribution to Chinese literature in English.
