Line and Scribble Debora Vogrig, 2021-05-11 Line and Scribble is a picture book that celebrates imagination and friendship through simple shapes. Line and Scribble do things differently. Line goes straight while Scribble wanders. Line walks a tightrope as Scribble bursts into fireworks. Line likes to draw with a ruler, and Scribble, well . . . doesn't. But no matter how different they may seem, Line and Scribble always have enough in common to be best friends. • A friendship story that embraces differences instead of competing • Emphasizes how imagination, creativity, and art can change how we see the world—and each other • Promotes visual literacy, recognition, and learning to make connections From constellations to roller coasters and breadsticks to bubbles, Line and Scribble shows how the two can come together to create beautiful, moving, and delightfully unexpected results. This sweet book brims with opportunities for young readers to engage with the building blocks of familiar shapes (lines, circles, squiggles), as well as spotting opposites and differences. • Harold and the Purple Crayon meets Press Here in this highly visual, effortlessly imaginative friendship story. • Resonates year-round as a go-to new gift for birthdays and holidays • Perfect for children ages 3 to 5 years old • Makes a great pick for parents and grandparents, as well as librarians and teachers. • You'll love this book if you love books like Mouse Paint by Ellen Stoll Walsh, I'm NOT just a Scribble . . . by Diane Alber, and Eraser by Anna Kang.

Writing a Wrong Betty Hechtman, 2021-08-01 Writer for Hire Veronica Blackstone's latest client is found dead and police suspect a burglary gone wrong, but Veronica isn't convinced in this intriguingly plotted mystery. As a writer for hire, Veronica Blackstone puts

her keyboard to use to help others. That includes writing advertising copy for local businesses, and love letters for those needing romantic help. Tony Richards needs the latter. Debonair, charismatic, handsome, Tony seems like the last person who'd need help with love letters, but help him Veronica does . . . only, Tony owes her money and won't tell her anything about the woman she's writing the love letters for. That's not how Veronica normally works. When Tony is found dead, his real name is revealed as Ted Roberts. The police think his death was part of a burglary gone wrong, but Veronica isn't convinced. Why did he lie about his name? Who were the love letters for? And could they hold the key to his death?

Signs of Writing Roy Harris, 1995 By treating writing as an independent mode of communication, based on the use of spatial relations to connect events separated in time, the author shows how other forms of writing obey the same principles. In Signs of Writing Roy Harris re-examines basic questions about writing that have long been obscured by the traditional assumption that writing is merely a visual substitute for speech. By treating writing as an independent mode of communication, based on the use of spatial relations to connect events separated in time, the author shows how musical, mathematical and other

forms of writing obey the same principles as verbal writing. These principles, he argues, apply to texts of all kinds: a sonnet, a symphonic score, a signature on a cheque and a supermarket label. Moreover, they apply throughout the history of writing, from hieroglyphics to hypertext. This is the first book to provide a new general theory of writing in over forty years. *Signs of Writing* will be essential reading for anyone interested in language and communication.

**Handbook of Research on Empowering Early Childhood Educators With Technology** Burris, Jade, Rosen, Dina, Karno, Donna, 2021-06-18  
Computers and mobile technologies have become widely adopted as sought-after tools in the field of education. The prevalence of technology in early childhood education (ECE) is increasing, and teachers, both pre-service and in-service, are using best practices to integrate tools effectively to improve teaching and learning within the field. This includes settings such as childcare centers, family childcare, and community programs that have both educators and administrators adapting to the use of technology. Therefore, it has become critical to research and explore the best practices of technology integration and successful strategies to improve the use of technology in ECE. The *Handbook of Research on Empowering Early Childhood Educators With Technology* examines best practices that focus specifically on those that facilitate the development of competencies in teaching young children (birth to age 8) and technology integration. The chapters include information on the foundations of

technology in early childhood education, content-specific technology applications, developmentally appropriate practices (DAP) for learners using technology, and how to meet diverse learner needs with technology. The target audience for this book is early childhood professionals, teacher educators, pre- and in-service teachers in early childhood settings, faculty and researchers in the field of education, instructional technologists, childcare and elementary school administrators, early education policy organizations, and advocacy groups that are interested in the best practices and successful strategies for implementing technology in ECE.

*Scribbles* Jack O. Patterson, 2005-09 Would you believe, downstairs I have a concubine in my harem whose sole duty consists of stamp collecting. It is really not all that difficult. She must peruse each day the mail that comes to the house. Her task is to cut off stamps that seem unusual. She then tosses these stamps into a drawer in a desk upstairs. I should at this point also mention the scullery maid for pots and pans, and another specialists for loading the dishwasher. The most inspiring concubine, yet the most demanding, requiring careful and constant effort on my part, is the Political Lady. Her depth of information leaves me in awe. Her refusal not to be uninformed leaves me ashamed. The shadow cast by this Iron Lady is long and my entire harem and I live within it. What a challenge, what joy to have and know my harem. Today of all days I must reflect on the joy of kinship on the joy of love one for the other, all within my harem. I ask: Please won't you all be my Valentine? - from the short story Harem in My House

*Making History* Richard Cohen, 2022-04-19 A “supremely entertaining” (The New Yorker) exploration of who gets to record the world’s history—from Julius Caesar to William Shakespeare to Ken Burns—and how their biases influence our understanding about the past. There are many stories we can spin about previous ages, but which accounts get told? And by whom? Is there even such a thing as “objective” history? In this “witty, wise, and elegant” (The Spectator), book, Richard Cohen reveals how professional historians and other equally significant witnesses, such as the writers of the Bible, novelists, and political propagandists, influence what becomes the accepted record. Cohen argues, for example, that some historians are practitioners of “Bad History” and twist reality to glorify themselves or their country. “Scholarly, lively, quotable, up-to-date, and fun” (Hilary Mantel, author of the bestselling Thomas Cromwell trilogy), *Making History* investigates the published works and private utterances of our greatest chroniclers to discover the agendas that informed their—and our—views of the world. From the origins of history writing, when such an activity itself seemed revolutionary, through to television and the digital age, Cohen brings captivating figures to vivid light, from Thucydides and Tacitus to Voltaire and Gibbon, Winston Churchill and Henry Louis Gates. Rich in complex truths and surprising anecdotes, the result is a revealing exploration of both the aims and art of history-making, one that will lead us to rethink how we learn about our past and about ourselves.

*Crazy Salad and Scribble Scribble* Nora Ephron, 2012-07-18 From the bestselling author of *I Feel Bad About My Neck*: two classic collections of uproarious essays tackling everything from feminism to the media, from politics to beauty products, with her inimitable charm and distinctive wit. This edition brings together some of Ephron’s most

famous writing on a generation of women (and men) who helped shape the way we live now, and on events ranging from the Watergate scandal to the Pillsbury Bake-Off. In these sharp, hilariously entertaining, and vividly observed pieces, Ephron illuminates an era with wicked honesty and insight. From the famous “A Few Words About Breasts” to important pieces on her time working for the New York Post and Gourmet Magazine, these essays show Ephron at her very best.
