**Agricultural Internet of Things and Decision Support for Precision Smart Farming** Annamaria Castrignano, Gabriele Buttafuoco, Raj Khosla, Abdul Mouazen, Dimitrios Moshou, Olivier Naud, 2020-01-09

Agricultural Internet of Things and Decision Support for Smart Farming reveals how a set of key enabling technologies (KET) related to agronomic management, remote and proximal sensing, data mining, decision-making and automation can be efficiently integrated in one system. Chapters cover how KETs enable real-time monitoring of soil conditions, determine real-time, site-specific requirements of crop systems, help develop a decision support system (DSS) aimed at maximizing the efficient use of resources, and provide planning for agronomic inputs differentiated in time and space. This book is ideal for researchers, academics, post-graduate students and practitioners who want to embrace new agricultural technologies. Presents the science behind smart technologies for agricultural management Reveals the power of data science and how to extract meaningful insights from big data on what is most suitable based on individual time and space Proves how advanced technologies used in agriculture practices can become site-specific, locally adaptive, operationally

feasible and economically affordable

Beyond the Rice Fields Naivo, 2017-10-31 The first novel from Madagascar ever to be translated into English, Naivo's magisterial *Beyond the Rice Fields* delves into the upheavals of the nation's precolonial past through the twin narratives of a slave and his master's daughter. Fara and her father's slave, Tsito, have shared a tender intimacy since her father bought the young boy who'd been ripped away from his family after their forest village was destroyed. Now in Sahasoa, amongst the cattle and rice fields, everything is new for Tsito, and Fara at last has a companion to play with. But as Tsito looks forward toward the bright promise of freedom and Fara, backward to a twisted, long-denied family history, a rift opens that a rapidly shifting political and social terrain can only widen. As love and innocence fall away, their world becomes defined by what tyranny and superstition both thrive upon: fear. With captivating lyricism and undeniable urgency, Naivo crafts an unsentimental interrogation of the brutal history of nineteenth-century Madagascar as a land newly exposed to the forces of Christianity and modernity, and preparing for a violent reaction against them. *Beyond the Rice Fields* is a tour de force about the global history of human bondage and the competing

narratives that keep us from recognizing ourselves and each other, our pasts and our destinies.

*Labyrinth* Burhan Sönmez, 2019-11-19 Notable International Crime Novel of the Year – Crime Reads / Lit Hub From a prize-winning Turkish novelist, a heady, political tale of one man's search for identity and meaning in Istanbul after the loss of his memory. A blues singer, Boratin, attempts suicide by jumping off the Bosphorus Bridge, but opens his eyes in the hospital. He has lost his memory, and can't recall why he wished to end his life. He remembers only things that are unrelated to himself, but confuses their timing. He knows that the Ottoman Empire fell, and that the last sultan died, but has no idea when. His mind falters when remembering civilizations, while life, like a labyrinth, leads him down different paths. From the confusion of his social and individual memory, he is faced with two questions. Does physical recognition provide a sense of identity? Which is more liberating for a man, or a society: knowing the past, or forgetting it? Embroidered with Borgesian micro-stories, *Labyrinth* flows smoothly on the surface while traversing sharp bends beneath the current.

*Edible Nuts* G. E. Wickens, Food and Agriculture Organization of the United Nations, 1995

Samskara U. R. Anantha Murthy, 1989 Made into a powerful, award-winning film in 1970, this important Kannada novel of the sixties has received widespread acclaim from both critics and general readers since its first publication in 1965. As a religious novel about a decaying brahmin colony in the south Indian village of Karnataka, Samskara serves as an allegory rich in realistic detail, a contemporary reworking of ancient Hindu themes and myths, and a serious, poetic study of a religious man living in a community of priests gone to seed. A death which stands as the central event in the plot brings in its wake a plague, many more deaths, live questions with only dead answers, moral chaos, and the rebirth of one man. The volume provides a useful glossary of Hindu myths, customs, Indian names, flora, and other terms. Notes and an afterword enhance the self-contained, faithful, and yet readable translation.

Dionysius Longinus On the Sublime Longinus, William Smith, 1819

**Pandaemonium 1660–1886** Humphrey Jennings, 2012-10-04  
Collecting texts taken from letters, diaries, literature, scientific journals and reports, Pandæmonium gathers a beguiling narrative as it traces the development of the machine age in Britain.

Covering the years between 1660 and 1886, it offers a rich tapestry of human experience, from eyewitness reports of the Luddite Riots and the Peterloo Massacre to more intimate accounts of child labour, Utopian communities, the desecration of the natural world, ground-breaking scientific experiments, and the coming of the railways. Humphrey Jennings, co-founder of the Mass Observation movement of the 1930s and acclaimed documentary film-maker, assembled an enthralling narrative of this key period in Britain's national consciousness. The result is a highly original artistic achievement in its own right. Thanks to the efforts of his daughter, Marie-Louise Jennings, *Pandæmonium* was originally published in 1985, and in 2012 it was the inspiration behind Danny Boyle's electrifying Opening Ceremony for the London Olympic Games. Frank Cottrell Boyce, who wrote the scenario for the ceremony, contributes a revealing new foreword for this edition.

Culinary Linguistics Cornelia Gerhardt, Maximiliane

Frobenius, Susanne Ley, 2013-07-04 Language and food are universal to humankind. Language accomplishes more than a pure exchange of information, and food caters for more than mere subsistence. Both represent crucial sites for socialization, identity

construction, and the everyday fabrication and perception of the world as a meaningful, orderly place. This volume on Culinary Linguistics contains an introduction to the study of food and an extensive overview of the literature focusing on its role in interplay with language. It is the only publication fathoming the field of food and food-related studies from a linguistic perspective. The research articles assembled here encompass a number of linguistic fields, ranging from historical and ethnographic approaches to literary studies, the teaching of English as a foreign language, psycholinguistics, and the study of computer-mediated communication, making this volume compulsory reading for anyone interested in genres of food discourse and the linguistic connection between food and culture. *Lakshmi Mantra Magick* Baal Kadmon, 2015-10-17 The great Lakshmi, the goddess of wealth and fortune. She is renowned across all of India as the most beneficent goddess of the Hindu Pantheon. She not only bestows wealth and fortune in the material world, but also the spiritual. That is the beauty of Lakshmi. When you call upon her, she prepares you for wealth and fortune from the inside out. Often it happens very quickly and in some cases, it

can take some time. In either case, she is very responsive. In this book, we will tap into the 8 manifestations of this great Goddess. These 8 emanations will help you achieve wealth and prosperity in more than one area of life. Unlike her some of her fellow goddesses, she is gentle. She is not a Kali or a Druga, she will approach you gently. We will discuss the idea of the divine feminine and then we will discuss Lakshmi in a bit more detail and then get right to business. Let us begin.

A Grammar of Classical Arabic Wolfdietrich Fischer,Jonathan Henry Rodgers,2002 This concise and well-organised grammar of classical Arabic, here translated from its original German into English for the first time, provides students of Arabic with a highly useful reference tool. While brief enough to be used with efficiency, the book is also rich in content and thorough in its coverage. Beginning- or advanced-level students working on classical texts and styles will find this grammar quick to use, reliable, and up-to-date. More than just a translation into English, this edition of Wolfdietrich Fischer's Grammar of Classical Arabic includes many revisions and additions provided by Rodgers. In particular, the

chapter on syntax offers numerous new text examples and other improvements. The bibliography has been updated to include significant recent contributions to the field of classical Arabic grammar and linguistics. Translated by Jonathan Rodgers with attention to both accuracy and readability, this book is an accessible reference tool that every student of classical Arabic will want to have on hand.

*"Air of Solitude" Followed By "Requiem"* Gustave Roud, 2020

Gustave Roud, perhaps the most beloved poet of Swiss Romandy, is widely considered the founder of modern francophone Swiss literature, along with Charles-Ferdinand Ramuz. Roud lived at his grandfather's farm in Carrouge, Canton Vaud, for his entire life. In *Air of Solitude*, the first section of this two-part book, he stalks the structures and fields of his youth, composing memories out of his landscape. The narrator appears homegrown, expressing nostalgia for what is already in front of him. Yet, like an outsider, he remains distinctly elsewhere, unable to participate in the workday rituals of the men around him--a stalking shadow of unfulfilled yearning for affection and belonging. *Air of Solitude* explores the rural bodies and lives of the Vaudois, returning again and again to the desired male laborer Aim. Between each section of *Air of Solitude*, Roud

inserts short vignettes that provide fleeting and lyrical images that resemble allusions to half-forgotten memories. However, Roud leaves the relationship between the titled sections and the interludes ambiguous. As the book concludes with Requiem, the remnants of narrative shatter, leaving behind only the spectral tatters of memory as Roud confronts the enigma of loss in peerless, jewel-studded elegiac prose. With these two tales, Roud revives the pastoral tradition and injects it with distinctly modernist anxiety and disillusionment.

Lakshmi The Mindful Word,2015-08-30 Lakshmi is a popular goddess in Hinduism and Indian mythology. She goes by many names, such as Sri, Padma, Padmasundari and Devi. Since she is Vishnu's consort she is also considered to be an incarnation of Vishnu's different consorts when he incarnated at different times: Radha (Krishna), Sita (Rama), etc. Though this all sounds confusing one thing that's certain is that she's commonly worshipped as the goddess of wealth, prosperity and good fortune. She is particularly venerated in India on the major Hindu holiday Diwali, the festival of lights. This journal features: 200 lined pages (100 sheets) 6 x 9 inches 60 pound (90 gsm) white-colored paper Perfect bound matte softcover (10 pt stock) Ten percent of book

sales go towards enabling youth in developing countries to access better educational opportunities. This money is being donated to Build to Learn, an initiative started by The Mindful Word.

**Khomeini, Sade and Me** Abnousse Shalmani, 2016-05-19

Abnousse Shalmani was born into an atheist Iranian family. As a young girl she refuses to be veiled and displays many characteristics that a woman in Iran should not have; she is frank, provocative, intelligent, and lively. Her family goes into exile, in Paris, to escape the constraints put upon them by the teachers and Islamists in Iran and Abnousse looks forward to her new life. She soon discovers, however, that Paris cannot provide the freedom she longed for.

**The Goddess Pages** Laurie Sue Brockway, 2020-10

Poetics of Work Noemi Lefebvre, 2021-04-07 From the acclaimed author of *Blue Self-Portrait* comes a blistering new novel, written and set during the state of emergency declared in France in the wake of the 2015 terrorist attacks in Paris. In the beautiful and traditionally conservative city of Lyon, police and protestors against new labour laws clash in the streets. Lefebvre's anonymous narrator is a poet existing on a diet of cannabis, bananas and books on oppression under the Third Reich. Drawn

by the spectre of an overbearing father and spooked by the liveliness of the local far right, they are torn between the push to find a job and the pull to write. The result is this troubling account of how nationalism feeds off late capitalism; a semi-serious treatise in ten lessons, addressed to young poets, and survival guide for the wilfully idle.

A Goddess Is a Girl's Best Friend Laurie Sue Brockway, 2002

Shows women how to reach their goals with the wisdom of the goddesses, explaining how to improve every aspect of one's life, from escaping a bad relationship to increasing one's income and reconnecting to one's healing power.
