Legal Whores Thomas A. Binford,2002 This book is a synopsis of the legal industry & basic how to for the individual that can't afford an attorney. The how to advice is directed to the more mundane everyday type litigation w/c might confront a person on a daily basis. Forms & advice might vary a little with the specific jurisdiction & timely publishing of this manual but the premise & foundation remain the same. As a whole, attorneys, lawyers, or judges are known by the connotation of LEGAL WHORES in this book. It is a deservedly appropriate title for this vocation. Before proceeding, please be advised that these are real, non-fiction accounts of what the legal fraternity does to extract money from the public. There literally are no limits/bounds as to what the judicial fraternity will do to acquire wealth in whatever form. Two of the main attributes used to extract money from his clients are the client's greed/emotions. The lawyer tells his client that they will win the case & the client will probably get a zillion dollars. The typical person in these United States, salivates at the prospect of getting unearned moneys from the sweat of someone else. This is easy prey for the attorney. Then there is the emotional scenario where the client is involved in a situation that incurs his emotional wrath/confrontational issues involving neighbors, family, business. The attorney convinces his client that he can get the best of the opposition in court, therefore, let's get 'em! Whether the merits of the case warrant litigation/not is purely incidental to the attorney's desire to line his pockets with the client's cash. Most litigation requires little cost to the litigant for resolution via mediation, arbitration/limited litigation. However, this sort of resolution puts little money in the pockets of the legal fraternity. Use psychology & prey on the client's greed &/or emotional behavioral attributes to extract the maximum amount of fees from the clients for the attorney's efforts-as defined by the attorney

The Complete Stories Flannery O'Connor, 1971 Winner of the National Book Award The publication of this extraordinary volume firmly established Flannery O'Connor's monumental contribution to American fiction. There are thirty-one stories here in all, including twelve that do not appear in the only two story collections O'Connor put together in her short lifetime--Everything That Rises Must Converge and A Good Man Is Hard to Find. O'Connor published her first story, The Geranium, in 1946, while she was working on her master's degree at the University of Iowa. Arranged chronologically, this collection shows that her last story, Judgement Day--sent to her publisher shortly before her death--is a brilliantly rewritten and transfigured version of The Geranium. Taken together, these stories reveal a lively, penetrating talent that has given us some of the most powerful and disturbing fiction of the twentieth century. Also included is an introduction by O'Connor's longtime editor and friend, Robert Giroux.

The narrative deals with becoming entangled in obsessive observation of a self-created labyrinth-like construct that causes heightened paranoia.

Metamorphosis Franz Kafka,2021-03-19 Franz Kafka, the author has very nicely narrated the story of Gregou Samsa who wakes up one day to discover that he has metamorphosed into a bug. The book concerns itself with the themes of alienation and existentialism. The author has written many important stories, including “The Judgement”, and much of his novels “Amerika”, “The Castle”, “The Hunger Artist”. Many of his stories were published during his lifetime but many were not. Over the course of the 1920s and 30s Kafka’s works were published and translated instantly becoming landmarks of twentieth-century literature. Ironically, the story ends on an optimistic note, as the family puts itself back together. The style of the book epitomizes Kafka’s writing. Kafka very interestingly, used to present an impossible situation, such as a man’s transformation into an insect, and develop the story from there with perfect realism and intense attention to detail. The Metamorphosis is an autobiographical piece of writing, and we find that parts of the story reflect Kafka’s own life.
