Mindful Relationships B Grace Bullock, 2016-10-01 Human existence depends on relationships. Our brains rely on interconnected neural networks to function. Our minds relentlessly encode complex matrices of meaning to make sense of the world. And our physical and psychological development is contingent on the social bonds we share with others. Mindful Relationships: The Seven Skills for Success integrates the science of mind, body and brain to reveal how stress undermines these relationships, and what we can do about it. Chronic stress threatens our wellbeing and relationship success by creating systemic dysregulation of the mind, body and brain. This dysregulation leaves us relying on primal defense strategies like aggression and withdrawal, and inhibits key cognitive-behavioral capacities essential to relationship success such as accurate appraisal, effective coping, and coherent communication. The inspirational and accessible book introduces the BREATHE model - an evidence-rich approach that synthesizes the science of mind, body and brain to alleviate stress, increase self-awareness, self-regulation, and emotional intelligence, and cultivate resilient social bonds. These Seven Skills are essential tools for creating and maintaining a healthy, harmonious, and successful relationship with yourself and others. Filled with sound science, engaging stories and experiential exercises, this book is bound to change the way that you relate to your life and those in it.

FATHER BROWN Complete Series - All 51 Short Stories in One Edition G. K. Chesterton, 2017-11-15 Father Brown is a fictional character created by English novelist G. K. Chesterton, who stars in 51 detective short stories, most of which were later compiled in five books. Chesterton based the character on Father John O'Connor, a parish priest in Bradford who was involved in Chesterton's conversion to Catholicism. The relationship was recorded by O'Connor in his 1937 book Father Brown on Chesterton. This omnibus contains the following books: 1. The Innocence of Father Brown 2. The Wisdom of Father Brown 3. The Incredulity of Father Brown 4. The Secret of Father Brown 5. The Scandal of Father Brown Gilbert Keith Chesterton (1874 – 1936) was an English writer, lay theologian, poet, dramatist, journalist, orator, literary and art critic, biographer, and Christian apologist. Chesterton is often referred to as the prince of paradox.

Irresistible Apps Chris Lewis, 2014-03-18 When you create an app, a website, or a game, how do you attract users, and perhaps more importantly, how do you keep them? Irresistible Apps explains exactly how to do this using a library of 27 motivational design patterns and real-world examples of how they work. As a developer, you need to retain users in the new economy of advertisements, subscriptions, and in-app purchases, but how do you do this? How do some applications keep users coming back? Why do people spend hours and hours playing World of Warcraft? Why do people care about Reddit karma? What makes customers keep buying from Amazon? Why do so many people love Khan Academy? The answers are found in Gameful, Social, Interface, and Information patterns. Not only will you learn about these patterns, you'll also learn why they work using psychological theories of intrinsic motivation, behavioral psychology, and behavioral economics. Good and bad implementations of the patterns are shown so practitioners can use them effectively and avoid pitfalls along the way.

Sociology of Discourse Óscar García Agustín,2015-09-15 Sociology of Discourse takes the perspective that collective actors like social movements are capable of creating social change from below by creating new institutions through alternative discourses. Institutionalization becomes a process of moving away from existing institutions towards creating new ones. While discourses entail openness and enable the questioning of what is instituted, institutions offer continuity and stability to social mobilizations. This dual movement of openness and stabilization explains how social struggles ensure their continuity, without completely assuming the logic of the dominant order. The book proposes an analytical model of social change, which is unfolded through three intertwined areas: discourse, communication, and institution. Collective experiences of social change, from the anti-globalization movement to Occupy, illustrate the main theoretical points and concepts. Through the example of the Platform for People Affected by Mortgages, the book concludes by analyzing how social change from below is possible.

Voicing Subjects Laura Kunreuther,2014-03-26 Voicing Subjects traces the relation between public speech and notions of personal interiority in Kathmandu. It explores two seemingly distinct formations of voice that have emerged in the midst of the country's recent political and economic upheavals: a political voice associated with civic empowerment and collective agency, and an intimate voice associated with emotional proximity and authentic feeling. Both are produced and circulated through the media, especially through interactive technologies. The author argues that these two formations of voice are mutually constitutive and aligned with modern ideologies of democracy and neoliberal economic projects. This ethnography is set during an extraordinary period in Nepal's history that has seen a relatively peaceful 1990 revolution that re-established democracy, a Maoist civil war, and the massacre of the royal family. These dramatic changes have been accompanied by the proliferation of intimate and political discourse in the expanding public sphere, making the figure of voice ever more critical to an understanding of emerging subjectivity, structural change and cultural mediation.

The Story of Freemasonry William Giddings Sibley,1904

Ferry Tales Phillip Vannini,2012-04-23 The purpose of this rich and innovatively presented ethnography is to explore mobility, sense of place and time on the British Columbia coast. On the basis of almost 400 interviews with ferry passengers and over 250 ferry journeys, the author narrates and reflects on the performance of travel and on the consequences of ferry-dependence on island and coastal communities. Ferry Tales inaugurates a new series entitled Innovative Ethnographies for Routledge (innovativeethnographies.net). The purpose of this hypermedia book series is to use digital technologies to capture a richer, multimodal view of social life than was otherwise done in the classic, print-based tradition of ethnography, while maintaining the traditional strengths of classic, ethnographic analysis. The Origins of Judaism, Christianity and Islam John Pickard,2021-12-22 There has never been a more important time for a study of the social, economic and political origins of Judaism, Christianity and Islam, three important world religions which share a common root. This book takes as its starting point the idea that gods, angels, miracles and other supernatural phenomena do not exist in the real world and therefore cannot explain the origins of these faiths. It looks instead at the material conditions at appropriate periods in antiquity and the social and economic forces at work, and it examines the historicity of key figures like Moses, Jesus and Mohammed. This is a unique book which draws on the research, knowledge and expertise of hundreds of historians, archaeologists and scholars, to create a synthesis that is completely coherent and at the same time is based on real-world social conditions. It is a book by a non-believer for other non-believers, and it will be a revelatory read, even to those already of an atheist, agnostic or secularist persuasion.

Mindful Leadership: Emotional Intelligence Collection (4 Books) Harvard Business Review,Daniel Goleman,Richard E. Boyatzis,Annie McKee,Fran Johnston,2015-10-13 This digital collection, curated by Harvard Business Review, offers four books on the topic of emotional intelligence, found by bestselling author Daniel Goleman to be twice as important as other competencies in determining outstanding leadership. In *Primal Leadership*, With a New Preface by the Authors, the authors show that great leaders excel not just through skill and smarts, but by connecting with others using emotional intelligence competencies like empathy and self-awareness. The best leaders are “resonant” leaders—individuals who manage their own and others’ emotions in ways that drive success. In *Resonant Leadership*, Richard Boyatzis and Annie McKee provide an indispensable guide to overcoming the vicious cycle of stress, sacrifice, and dissonance that afflicts many leaders and offer a field-tested framework for creating the resonance that fuels great leadership. And in *Becoming a Resonant Leader*, Annie McKee, Richard Boyatzis, and Frances Johnston share vivid, real-life stories illuminating how people can develop emotional intelligence, build resonance, and renew themselves. Finally, HBR’s 10 Must Read on Emotional Intelligence presents 10 articles by experts in the field of emotional intelligence, all of which will inspire you to monitor and channel your moods and emotions; make smart, empathetic people decisions; manage conflict and regulate emotions within your team; react to tough situations with resilience; better understand your strengths, weaknesses, needs, values, and goals; and develop emotional agility.

Escape Under Sail Leonard Skinner,Mary Cooney,2019-04-18 Foreword by Laurel Cooper, author of *Sell Up and Sail* Selling up and escaping to sea on their own boat is a dream that many think they can never make happen. *Escape Under Sail* is here to show you that it can be done, and for less money than you might think. This book delves to the very heart of what it takes and shows you exactly how you can go from casual cruiser to long-term liveaboard. *Escape Under Sail* covers all of the crucial topics, including budget and costs, how to choose a boat, making sure crew are equipped and trained, letting go both practically and psychologically, preparation and provisioning, education and, most importantly, the challenges and rewards of living at sea. The book pays special attention to making the liveaboard dream come true for those with a limited budget, while providing further options for those with the means and desire to spend more and splurge where they like. Written in the voices of both authors, so you can follow their experiences from each of their perspectives, which are sometimes wildly different, this practical handbook is peppered with personal anecdotes and hard-earned wisdom. Light-hearted but informative, it contains all the questions, answers, lists, figures and diagrams you need to make your liveaboard dreams come true.

The Complete Father Brown Stories G K Chesterton,2013-02-28 To celebrate the 100th anniversary of G. K. Chesterton’s Father Brown mysteries, BBC One Daytime has commissioned a new 10-part drama series for January 2013 to bring the priest-turned-detective back to life. BBC Books will be publishing a new edition of the original and complete short stories to tie-in to transmission. Set in the early-twentieth century, Father Brown's world is quintessentially English; crime scenes await in country houses, rural parish churches and quaint gardens as well as foggy London streets and shadowy railway stations. Father Brown may be a kindly cleric, but his bumbling nature disguises a detective mind to rival Sherlock Holmes... The character of Father Brown, brought to life by Mark Williams, is based on a real parish priest and the idea that priests, through hearing Confession, know the worst of human nature more than anyone, including the police. Father Brown uses his experiences to put himself into the mind of the criminal to solve each mystery and catch the perpetrators.
