God's Gold Sean Kingsley, 2009-10-13 In 70 AD, the Roman emperor Vespasian and his son Titus plundered the great Temple of Jerusalem, claiming for themselves a priceless hoard. The golden candelabrum, silver trumpets, the bejeweled Table of the Divine Presence—the central icons of the Jewish faith—were cast adrift in Mediterranean lands and exposed to centuries of turbulent history and the rule of four different civilizations. Only an intriguing trail of clues remains to betray the treasure's ever-changing destiny—a trail eminent archaeologist Dr. Sean Kingsley has followed on one of the most remarkable quests of this or any other age: the search for the final resting place of God's gold.

The Great Encounter Jayme A. Sokolow, 2016-07-08 Traditional histories of North and South America often leave the impression that Native American peoples had little impact on the colonies and empires established by Europeans after 1492. This groundbreaking study, which spans more than 300 years, demonstrates the agency of indigenous peoples in forging their own history and that of the Western Hemisphere. By putting the story of the indigenous peoples and their encounters with Europeans at the center, a new history of the New World emerges in which the Native Americans become vibrant and vitally important components of the British, French, Spanish, and Portuguese empires. In fact, their presence was the single most

important factor in the development of the colonial world. By discussing the great encounter of peoples and cultures, this book provides a valuable, new perspective on the history of the Americas.

The Fourth Jewel of Earth James W.

Greenhalge, 2008-12-01 You were once given a helmet. A helmet? The Traveler thought for a long moment. Yes, Soterion the defender, he affirmed. You must learn to wear it in battle, instructed the Preacher. You take so many blows to your soul because your intellect is open to the enemy. When am I in battle? Ishi shook him gently. Every day is a battle, Traveler! Take every thought captive, remember? Salvation is forever, and yet the need for it occurs in the daily battlefield. You must work it out with reverential fear and trembling. Wear your helmet, Traveler! Fourth in the Jewels of Earth saga, this novel sends the Traveler careening through human history, searching for the mysterious Omnipoint. He must find it! His supernatural guardian has warned him that beyond was only utter and eternal darkness. Meanwhile, the black magic of the Cabala is distorting reality around him, humanity is dominated by animal compromises, and his immortal enemies seek his life. Is the beautiful unicorn shadowing his every move a fellow traveler or a dangerous deception? How can any of this be human history his history your history? Wear your helmet, Traveler!

Faraway Stars Roger Hunter, 2020-08-30 Wandering Minstrels/Bards are a very common occupation in western fantasy stories. They travel the world and perform for a living. This novel describes the

story a legendary minstrel named Felix. He often wanders the continent alone and occasionally travels with others. He has experienced many mysterious events and witnessed the birth of many miracles. The strange customs of the ancient continent are like a scroll painting that unfolds as he walks. This story is the first in a series of novels. It describes Felix's brief experience living with the princess in distress. For more stories, follow Faraway Stars Serials.

Rare Gems Howard Megoal, 2024-05-07 An expansive and compelling chronicle tracing the rise of modern women's basketball Elvera Peps Neuman got lost in the sounds and rhythms of basketball, dribbling and shooting on a hoop affixed to her family's barn in Eden Valley, Minnesota. In the years preceding Title IX, Neuman's dreams of playing the game professionally meant a life away from home on barnstorming tours and even forming a team of her own, the Arkansas Gems. Sixty years later, she got to witness what a sold-out Target Center in downtown Minneapolis looked like on the Friday night of the 2022 Women's Final Four. Neuman's cheers joined with a crowd of 18,268 to send a wall of sound toward the Twin Cities' own Paige Bueckers and her Connecticut teammates. The 5'11 Bueckers may have worn her ponytail a little differently than Neuman, but Neuman certainly saw something of herself in the young superstar. This is the story of the pioneers who shaped so much of the modern infrastructure for women's basketball, whose histories intersect and wind their way through the state of Minnesota. It is the story of forcing open doors— to ensure teams even existed,

to allow those teams to play in conditions resembling those men could take for granted, to ensure that the color of your skin or who you love would not be a barrier to building a life centered around basketball. To end the double-standard that treats every undeniable success by women as a one-off, but every setback as a referendum. Four generations of women have played essential and diverse roles: Neuman and her friend and collaborator of a half-century, Vicky Nelson; Cheryl Reeve and her wife, Carley Knox; Lindsay Whalen, Maya Moore, Seimone Augustus, Sylvia Fowles, and WNBA's Minnesota Lynx; right through to the future of the game in Bueckers and the stars of tomorrow. Through meticulous research and evocative storytelling, this captivating narrative gives due recognition to the luminaries who ushered in women's basketball's modern era.

The Last Tiara M.J. Rose, 2021-02-02 From New York Times and Wall Street Journal bestseller M.J. Rose comes a provocative and moving story of a young female architect in post-World War II Manhattan, who stumbles upon a hidden treasure and begins a journey to discovering her mother's life during the fall of the Romanovs. Sophia Moon had always been reticent about her life in Russia and when she dies, suspiciously, on a wintry New York evening, Isobelle despairs that her mother's secrets have died with her. But while renovating the apartment they shared, Isobelle discovers something among her mother's effects—a stunning silver tiara, stripped of its jewels. Isobelle's research into the tiara's provenance draws her closer to her mother's past—including the story of

what became of her father back in Russia, a man she has never known. The facts elude her until she meets a young jeweler, who wants to help her but is conflicted by his loyalty to the Midas Society, a covert international organization whose mission is to return lost and stolen antiques, jewels, and artwork to their original owners. Told in alternating points of view, the stories of the two young women unfurl as each struggles to find their way during two separate wars. In 1915, young Sofiya Petrovitch, favorite of the royal household and best friend of Grand Duchess Olga Nikolaevna, tends to wounded soldiers in a makeshift hospital within the grounds of the Winter Palace in St. Petersburg and finds the love of her life. In 1948 New York, Isobelle Moon works to break through the rampant sexism of the age as one of very few women working in a male-dominated profession and discovers far more about love and family than she ever hoped for. In M.J. Rose's deftly constructed narrative, the secrets of Sofiya's early life are revealed incrementally, even as Isobelle herself works to solve the mystery of the historic Romanov tiara (which is based on an actual Romanov artifact that is, to this day, still missing)—and how it is that her mother came to possess it. The two strands play off each other in finely-tuned counterpoint, building to a series of surprising and deeply satisfying revelations.
