Critical Pedagogy and Predatory Culture Peter McLaren, 2002-03-11 This book is a principled, accessible and highly stimulating discussion of a politics of resistance for today. Ranging widely over issues of identity, representation, culture and schooling, it will be required reading for students of radical pedagogy, sociology and political science.

Schools Without Failure William Glasser, 1975

Rhetorics of Self-Making Debora Battaglia, 2023-09-01 Departing from an essentialist concept of the self, this highly original volume advances the cross-cultural study of selfhood with three contributions to the literature: First, it approaches the self as an ideological process, arguing that selfhood is culturally situated and emergent in social practices of persuasion. Second, it demonstrates how postmodernity problematizes the experience and concept of the self. Finally, the book challenges the pervasive practice of equating an individuated self with the Western world and a relational self with the non-Western world. Contributions cover a broad range of topics—from the development of the eccentric self to the ritual circumcision of Jewish males.

The English Curriculum Under Fire George Hillocks, 1982 Addressing the wave of public criticism of the English curriculum, the six articles in this book cite basics that are far different from those of the current back to basics movement. The first article surveys the nature of the curriculum attacks and suggests why English teachers may be more vulnerable to public criticism than members of other professions, and the second article addresses the essential question of why English teachers teach, defining

rhetoric as the center of the language arts and of individual freedom. The third article examines the cry for basics in the teaching of writing and offers four neglected touchstones that could improve writing instruction, while the fourth article considers reasons why writing is so difficult for some and offers recommendations for instruction that are useful to both teachers and curriculum designers. The fifth article reviews two of the attempts to return to educational basics since the 1950s, reexcavating foundations that reveal the education of the literary imagination as an essential basic to morality and understanding, growth and awareness. The final essay illustrates the unconscious processes, often mistaken for misreadings, that allow children to make reading a deeply personal experience. (HTH)

Nanook of the North from 1922 to Today Roswitha Skare, 2016 This study takes as its point of departure the changes Robert Flaherty's *Nanook of the North* underwent from its premiere, to the sound version of 1948, the film's restoration in the 1970s, and later editions on VHS and DVD.

Seriously...I'm Kidding Ellen DeGeneres, 2011-10-04 Ellen DeGeneres's winning, upbeat candor has made her show one of the most popular, resilient, and honored daytime shows on the air, and her life makes for great (and very funny) reading. Relatable, her first stand-up special in 15 years, airs on Netflix beginning December 18, 2018. I've experienced a whole lot the last few years and I have a lot to share. So I hope that you'll take a moment to sit back, relax and enjoy the words I've put together for you in this book.

I think you'll find I've left no stone unturned, no door unopened, no window unbroken, no rug unvacuumed, no ivories untickled. What I'm saying is, let us begin, shall we? Seriously... I'm Kidding is a lively, hilarious, and often sweetly poignant look at the life of the much-loved entertainer as she opens up about her personal life, her talk show, and more. PRAISE FOR SERIOUSLY...I'M KIDDING DeGeneres's amiably oddball riffs on everything from kale to catwalks to Jesus will make fans smile. - People Whatever the topic, DeGeneres's compulsively readable style will appeal to fans old and new. - Publishers Weekly Fans will not be disappointed...[DeGeneres's] trademark wit and openness shine through and through. -- Kirkus

Letters from Camp Kate Klise, 2000-04-05 Mom and Dad, You've got to get us out of here! When you get this letter, COME IMMEDIATELY! -- Charlie The brother-sister pairs who arrive for the summer at Camp Happy Harmony are almost too busy fighting with each other to notice how strange the camp really is. Not only are the campers forced to wear bizarre uniforms, eat gross food, and do chores all day, but the members of the family that runs the camp fight constantly--with each other. Are the campers in danger? Or--in spite of sibling wars--do they need to stick together to solve the mystery humming under the surface of Camp Happy Harmony?

But one of the most powerful warriors of his kind will be put to the ultimate test. Is he strong enough to resist his greatest temptations? Or will he be forced to surrender—body and soul? **HER BEAUTY IS A WEAPON.** Denae Lacroix is a beautiful MI5 agent on a deadly mission. Sent to the Scottish Highlands to spy on the mysterious Dreagan Industries, she discovers too late that she's been set up—as human bait. She is an irresistible lure for a man who has not seen or touched a woman for centuries. He is a man with a destiny—and a desire—that could destroy them both... **HIS PASSION IS A CURSE...** It's been twelve hundred years since Kellan has walked among humans—and there's no denying the erotically charged attraction he feels for Denae. But as a Dragon King, he is sworn to protect his secrets. Yet the closer he gets to this smart, ravishing woman, the more her life is in danger. All it takes is one reckless kiss to unleash a flood of desire, the fury of dragons...and the fiercest enemy of all.

Time travel, ancient legends, and seductive romance are seamlessly interwoven into one captivating package.—Publishers Weekly on the Dark Warrior series

Contemporary Political Culture John R Gibbins, 1989-08 The dramatic changes in contemporary European politics associated with the rise of the New Right has created a new political culture which is the subject of this fascinating and informative book. Contemporary Political Culture pioneers the application of the theory of postmodernism to Western political behaviour and political science. Underpinning the book is the observation that fundamental long-term changes in the contours of European political culture explain the rise of the new politics and recent political events. The authors offer a critical analysis of traditional theories, models and accounts of political culture, and -- an evaluation of the two contending contemporary explanatory models, postmodernism and po
