📖 **STEINBECK COUNTRY** DAVID A. LAWS,2002-10-01 Cannery Row, East of Eden, Of Mice and Men, The Red Pony and other classic stories by Nobel Prize-winning writer John Steinbeck are set in the agricultural and ocean-front communities of the Salinas Valley and Monterey Peninsula. With 126 color photos and 2 maps, this attractive souvenir and guide brings Steinbeck Country to life for visitors as well as readers unable to visit California.

📖 **CHANGE COMES TO DINNER** KATHERINE GUSTAFSON,2012-05-08 A fascinating exploration of America’s food innovators that gives hopeful alternatives to the industrial food system in a smart and engaging look into America’s food revolution.

📖 **HAVANA REAL** YOANI SANCHEZ,2011-04-26 She’s been kidnapped and beaten, lives under surveillance, and can only get online—in disguise—at tourist hotspots. She’s a blogger, she’s a Cuban, and she’s a worldwide sensation. Yoani Sanchez is an unusual dissident: no street protests, no attacks on big politicians, no calls for revolution. Rather, she produces a simple diary about what it means to live under the Castro regime: the chronic hunger and the difficulty of shopping; the art of repairing ancient appliances; and the struggles of living under a propaganda machine that pushes deep into public and private life. For these simple acts of truth-telling her life is one of constant threat. But she continues on, refusing to be silenced—a living response to all who have ceased to believe in a future for Cuba.

📖 **MAD AT THE WORLD: A LIFE OF JOHN STEINBECK** WILLIAM SOUDER,2020-10-13 Winner of the 2021 Los Angeles Times Book Prize for Biography A Publishers Weekly Best Book of 2020 in Nonfiction A resonant biography of America’s most celebrated novelist of the Great Depression. The first full-length biography of the Nobel laureate to appear in a quarter century, *MAD AT THE WORLD* illuminates what has made the work of John Steinbeck an enduring part of the literary canon: his capacity for empathy. Pulitzer Prize finalist William Souder explores Steinbeck’s long apprenticeship as a writer struggling through the depths of the Great Depression, and his rise to greatness with masterpieces such as *The Red Pony*, *Of Mice and Men*, and *The Grapes of Wrath*. Angered by the plight of the Dust Bowl migrants who were starving even as they toiled to harvest California’s limitless bounty, fascinated by the guileless decency of the downtrodden denizens of Cannery Row, and appalled by the country’s refusal to recognize the humanity common to all of its citizens, Steinbeck took a stand against social injustice—paradoxically given his inherent misanthropy—setting him apart from the writers of the so-called Lost Generation. A man by turns quick-tempered, compassionate, and ultimately brilliant, Steinbeck could be a difficult person to like. Obsessed with privacy, he was mistrustful of people. Next to writing, his favorite things were drinking and womanizing and getting married, which he did three times. And while he claimed indifference about success, his mid-career books and movie deals made him a lot of money—which passed through his hands as quickly as it came in. And yet Steinbeck also took aim at the corrosiveness of power, the perils of income inequality, and the urgency of ecological collapse, all of which drive public debate to this day. Steinbeck remains our great social realist novelist, the writer who gave the dispossessed and the disenfranchised a voice in American life and letters. Eloquent, nuanced, and deeply researched, *MAD AT THE WORLD* captures the full measure of the man and his work.

📖 **RECLAIMING JOHN STEINBECK** GAVIN JONES,2021-06-10 John Steinbeck is a towering figure in twentieth-century American literature; yet he remains one of our least understood writers. This major reevaluation of Steinbeck by Gavin Jones uncovers a timely thinker who confronted the fate of humanity as a species facing climate change, environmental crisis, and a growing divide between the powerful and the marginalized. Driven by insatiable curiosity, Steinbeck’s work crossed a variety of borders – between the United States and the Global South, between human and nonhuman lifeforms, between science and the arts, and between literature and film – to explore the transformations in consciousness necessary for our survival on a precarious planet. Always seeking new forms to express his ecological and social vision of human interconnectedness and vulnerability, Steinbeck is a writer of urgent concern for the twenty-first century, even as he was haunted by the legacies of racism and injustice in the American West.

📖 **WAITING FOR SNOW IN HAVANA** CARLOS EIRE,2012-12-11 A childhood in a privileged household in 1950s Havana was joyous and cruel, like any other—but with certain differences. The neighbour’s monkey was liable to escape and run across your roof. Surfing was conducted by driving cars across the breakwater. Lizards and firecrackers made frequent contact. Carlos Eire’s childhood was a little different from most. His father was convinced he had been Louis XVI in a past life. At school, classmates with fathers in the Batista government were attended by chauffeurs and bodyguards. At a home crammed with artifacts and paintings, portraits of Jesus spoke to him in dreams and nightmares. Then, in January 1959, the world changes: Batista is suddenly gone, a cigar-smoking guerrilla has taken his place, and Christmas is cancelled. The echo of firing squads is everywhere. And, one by one, the author’s schoolmates begin to disappear—spirited away to the United States. Carlos will end up there himself, without his parents, never to see his father again. Narrated with the urgency of a confession, *Waiting for Snow in Havana* is both an ode to a paradise lost and an exorcism. More than that, it captures the terrible beauty of those times in our lives when we are certain we have died—and then are somehow, miraculously, reborn.

📖 **THE DIGITAL CONDITION** FELIX STALDER,2018-03-16 Our daily lives, our culture and our politics are now shaped by the digital condition as large numbers of people involve themselves in contentious negotiations of meaning in ever more dimensions of life, from the trivial to the profound. They are making use of the capacities of complex communication infrastructures, currently dominated by social mass media such as Twitter and Facebook, on which they have come to depend. Amidst a confusing plurality, Felix Stalder argues that are three key constituents of this condition: the use of existing cultural materials for one’s own production, the way in which new meaning is established as a collective endeavour, and the underlying role of algorithms and automated decision-making processes that reduce and give shape to massive volumes of data. These three characteristics define what Stalder calls ‘the digital condition’. Stalder also examines the profound political implications of this new culture. We stand at a crossroads between post-democracy and the commons, a concentration of power among the few or a genuine widening of participation, with the digital condition offering the potential for starkly different outcomes. This ambitious and wide-ranging theory of our contemporary digital condition will be of great interest to students and scholars in media and communications, cultural studies, and social, political and cultural theory, as well as to a wider readership interested in the ways in which culture and politics are changing today.
