Sir Ken Robinson, PhD, Lou Aronica

*The Element* Ken Robinson, Lou Aronica, 2009-02-05 The groundbreaking international bestseller that will help you fulfil your true potential. The Element is the point at which natural talent meets personal passion. In this hugely influential book, world-renowned creativity expert Ken Robinson considers the child bored in class, the disillusioned employee and those of us who feel frustrated but can't quite explain why - and shows how we all need to reach our Element. Through the stories of people like Vidal Sassoon, Arianna Huffington and Matt Groening, who have recognized their unique talents and made a successful living doing what they love, Robinson explains how every one of us can find ourselves in our Element, and achieve everything we're capable of. With a wry sense of humour, Ken Robinson shows the urgent need to enhance creativity and innovation by thinking differently about ourselves. Above all, he inspires us to reconnect with our true self - it could just change everything. 'The Element offers life-altering insights about the discovery of your true best self' Stephen R. Covey, author of *The 7 Habits of Highly Effective People* 'A book that lightens and lifts the minds and hearts of all who read it' Susan Jeffers, author of *Feel the Fear and Do It Anyway*

**The Element Series** Brandon Montgomery, 2011-07 The Element Series is an action-packed trilogy comprised of a gripping, three-segment saga that will leave readers anxious to see what's next. The Elements are diamond-shaped

crystals that enhance the natural abilities of each wielder to an extreme level. There are, however, four elements that are exceptions to the rule. The leader of the Elemental Users Response Team (E.U.R.T.) is a man by the name of Socrates Meridius. Among Socrates' many powers is his unique sensing ability, which allows him to detect and recruit members for his elite team of righteous and honorable Element wielders. The leader of Team X, E.U.R.T.'s nemesis, is Charles Landenburg, who calls himself X. X recruits other Element wielders for his own selfish benefit and personal gain. The opposing teams mobilize for a legendary battle between good and evil, and, alas, the victor can only be determined by blood.

**The Element** Sir Ken Robinson, PhD, Lou Aronica, 2009-01-08 A New York Times-bestselling breakthrough book about talent, passion, and achievement from the one of the world's leading thinkers on creativity and self-fulfillment. The Element is the point at which natural talent meets personal passion. When people arrive at the Element, they feel most themselves and most inspired and achieve at their highest levels. With a wry sense of humor, Ken Robinson looks at the conditions that enable us to find ourselves in the Element and those that stifle that possibility. Drawing on the stories of a wide range of people, including Paul McCartney, Matt Groening, Richard Branson, Arianna Huffington, and Bart Conner, he shows that age and occupation are no barrier and that this is the essential strategy for transforming education, business, and communities in the twenty-first century. Also available from Ken Robinson is *Imagine If*, a call to action that challenges and empowers us to reimagine our world and our systems for the better, through a compilation of Sir Ken's key messages and philosophies.
