**Chasing Shadows** Ken Hughes,2014-07-29 The break-in at Watergate and the cover-up that followed brought about the resignation of Richard Nixon, creating a political shockwave that reverberates to this day. But as Ken Hughes reveals in his powerful new book, in all the thousands of hours of declassified White House tapes, the president orders a single break-in--and it is not at the Watergate complex. Hughes’s examination of this earlier break-in, plans for which the White House ultimately scrapped, provides a shocking new perspective on a long history of illegal activity that prolonged the Vietnam War and was only partly exposed by the Watergate scandal. As a key player in the University of Virginia’s Miller Center Presidential Recordings Program, Hughes has spent more than a decade developing and mining the largest extant collection of transcribed tapes from the Johnson and Nixon White Houses. Hughes’s unparalleled investigation has allowed him to unearth a pattern of actions by Nixon going back long before 1972, to the final months of the Johnson administration. Hughes identified a clear narrative line that begins during the 1968 campaign, when Nixon, concerned about the impact on his presidential bid of the Paris peace talks with the Vietnamese, secretly undermined the negotiations through a Republican fundraiser named Anna Chennault. Three years after the election, in an atmosphere of paranoia brought on by the explosive appearance of the Pentagon Papers, Nixon feared that his treasonous--and politically damaging--manipulation of the Vietnam talks would be exposed. Hughes shows how this fear led to the creation of the Secret Investigations Unit, the White House Plumbers, and Nixon’s initiation of illegal covert operations guided by the Oval Office. Hughes’s unrivaled command of the White House tapes has allowed him to build an argument about Nixon that goes far beyond what we think we know about Watergate. Chasing Shadows is also available as a special e-book that links to the massive collection of White House tapes published by the Miller Center through Rotunda, the electronic imprint of the University of Virginia Press. This unique edition allows the reader to move seamlessly from the book to the recordings’ expertly rendered transcripts and to listen to audio files of the remarkable--and occasionally shocking--conversations on which this dark chapter in American history would ultimately turn.

**The Pentagon Wars** James G Burton,2014-02-15 From the late 1960s through the mid-1980s, a small band of military activists waged war against corruption in the Pentagon, challenging a system they believed squandered the public’s money and trust. The book examines the movement and its proponents and describes how the system responded to the criticisms and efforts to change accepted practices and entrenched ways of thinking. The author, an air force colonel and part of the movement, worked in the pentagon for fourteen years. He presents a view of the Department of Defense that only an insider could offer. He exposes serious flaws in the military policy-making process, particularly in weapons development and procurement. The details he gives on the unrelenting push for high-tech weapons, despite their ineffectiveness and extraordinary cost-overruns, provide a strong case for the charge of ethical bankruptcy. The second half of the book deals with the author’s attempts to get frontline equipment tested under combat conditions. For the first time, readers learn the nasty details of his battle with the army over line-fire testing of the Bradley Fighting Vehicle—a battle that he eventually won, leading to the personnel carrier’s redesign and the saving of many lives. Never reluctant to name names and reveal details, James G. Burton presents a forceful case. And his revelations offer insights not found elsewhere into the motivations and actions of the people who wield power from within. Nor does he stop at the walls of the Pentagon. In his epilogue he tells what happened in the field during the final hours of the Gulf War that allowed Hussein’s elite Republican Guard to escape. Now back in print after having inspired a feature HBO film, this explosive account of insider corruption is sure to serve policy-makers for generations to come.

*Private Breger* David Breger,2012-03-01

**Mission to the Heart Stars** James Blish,1980

**Somebody in Boots** Nelson Algren,1965

*Earthman, Come Home* James Blish,1956 When the cities left Earth, they exchanged a simple environment for one of constant, sometimes shattering change. The Universe was littered with cultures in every conceivable stage of development. Only the iron hand of the germanium-backed economy and occasional interventions by the Earth police imposed some kind of order on the spaceways. Even John Amalfi never got used to the life - and he had been mayor of New York for nearly five hundred years now.--Goodreads.com

**Welcome to Mars** Buzz Aldrin,Marianne J. Dyson,2015 The Apollo 11 astronaut invites young people to evaluate Mars as a potential planet for human colonization, and describes what Mars residents might experience while traveling to and living on the Red Planet.
