**Combat Death in Contemporary American Culture** Agnieszka Soltysik Monnet,2020-12-16

**Combat Death in Contemporary American Culture: Popular Cultural Conceptions of War since World War II** explores how war has been portrayed in the United States since World War II, with a particular focus on an emotionally charged but rarely scrutinized topic: combat death. Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks: melodrama, adventure, and horror. Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable. Horror no longer serves its traditional purpose of making the bloody realities of war repulsive, but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure. Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination.

**The Shadow Runner** Vishal Bahukhandi,2020-08-21 Veer has always been the butt of all jokes as the fat kid in the neighbourhood. His lack of self-esteem isn't increasing his chances with the woman of his dreams, Perna, either. When he joins the military academy, he meets Govind, who is everything Veer could only dream of becoming. While Govind is driven by a desire for vengeance, a paltry heartbreak is all that's steering Veer. And when Veer finds himself at the lowest echelon of the academy, Govind comes to his rescue. But all victories demand a price. Will Veer let that guilt haunt him for the rest of his life or will he rise to redeem himself? Will he betray his own dreams to fulfill Govind's ambition? A marvellous blend of romance and redemption, humour and irony, this is the story of a man's epic transformation from ordinary to something incredible.

The Video Games Guide Matt Fox,2013-01-03 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design--from the very earliest (1962's Spacewar) through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the

developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels and of course the author's views and insights into the game. In addition to the main entries and reviews, a full-color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include: a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

**Street Fighter Classic Volume 4** Ken Siu-Chong, 2019-05-14 Kick it into Turbo! The World Warriors battle across Hong Kong, Japan, and America to secure their spots in the ultimate competition -- the Street Fighter Tournament! Only the top fighters will make the cut, but with the villainous Bison running the show, winning could be the worse fate!

**Paladin Shadows Book 7** Aidan Red, 2018-01-31 Success is a double-edged sword. They needed fighter pilots for the next push in the fight against the slavers, but fighter pilots were in short supply. Shara suddenly found herself at Greg's side, training new cadets for the growing war. Practice is live combat. Survivors get to practice again... Greg's new assignment turned into a campaign to take the fight against the slavers to the source, and Shara suddenly found herself a teacher, a co-commander, the leading fighter ace in the newly named Apache Squadron, with responsibilities larger than herself. The slavers continued to step up their attempts to discover the condition of the captured base, Point Obscure, and Shara valiantly shouldered the intensifying, uneasy feelings, the increasing burden of being the only Talent that can sense their coming. Then her cousin's fighter is destroyed pursuing a fleeing intruder and Shara, the only one that could help, launched a desperate attempt to reach her before it is too late.

**RAF Tornado Units in Combat 1992-2019** Michael Napier, 2022-01-20 After the Gulf War of 1990, No Fly Zones (NFZ) were established over northern and southern Iraq and the Tornado GR 1 force stepped up to operations over the southern NFZ. The Tornado GR 4 took responsibility for RAF combat air operations in Afghanistan from the Harrier force in 2009, and in 2011 was involved in missions against the Gaddafi regime in Libya. The unique multirole capabilities of the aircraft enabled it to support ground operations with the Raptor reconnaissance pod, Brimstone missiles and Paveway IV laser-guided bombs until withdrawal in 2014. The Tornado GR 4 was also used for operations over Iraq and Syria against the ISIL terrorist organisation. Intensive air operations were flown between 2014

and 2019, when the Tornado GR 4 was finally withdrawn from RAF Service. This volume, written by former RAF pilot Michael Napier, provides detailed first-hand accounts of the missions undertaken by the Tornado crews during the most recent conflicts over the Middle East and the Balkans.
