Picturing Childhood Mark Heimermann, Brittany Tullis, 2017-03-01 Comics and childhood have had a richly intertwined history for nearly a century. From Richard Outcalt's Yellow Kid, Winsor McCay's Little Nemo, and Harold Gray's Little Orphan Annie to Hergé's Tintin (Belgium), José Escobar's Zipi and Zape (Spain), and Wilhelm Busch's Max and Moritz (Germany), iconic child characters have given both kids and adults not only hours of entertainment but also an important vehicle for exploring children's lives and the sometimes challenging realities that surround them. Bringing together comic studies and childhood studies, this pioneering collection of essays provides the first wide-ranging account of how children and childhood, as well as the larger cultural forces behind their representations, have been depicted in comics from the 1930s to the present. The authors address issues such as how comics reflect a spectrum of cultural values concerning children, sometimes even resisting dominant cultural constructions of childhood; how sensitive social issues, such as racial discrimination or the construction and enforcement of gender roles, can be explored in comics through the use of child characters; and the ways in which comics use children as metaphors for other issues or concerns. Specific topics discussed in the book include diversity and inclusiveness in Little Audrey comics of the 1950s and 1960s, the fetishization of adolescent girls in Japanese manga, the use of children to build national unity in Finnish wartime comics, and how the animal/child hybrids in Sweet Tooth act as a metaphor for commodification.

From Comic Strips to Graphic Novels Daniel Stein, Jan-Noël Thon, 2013-06-26 This essay collection examines the theory and history of graphic narrative – realized in various different formats,

including comic strips, comic books, and graphic novels – as one of the most interesting and versatile forms of storytelling in contemporary media culture. The contributions assembled in this volume test the applicability of narratological concepts to graphic narrative, examine aspects of graphic narrative beyond the 'single work,' consider the development of particular narrative strategies within individual genres, and trace the forms and functions of graphic narrative across cultures. Analyzing a wide range of texts, genres, and narrative strategies from both theoretical and historical perspectives, the international group of scholars gathered here offers state-of-the-art research on graphic narrative in the context of an increasingly postclassical and transmedial narratology.

The Routledge Companion to Gender and Sexuality in Comic Book Studies Frederick Luis Aldama, 2020-08-17 The Routledge Companion to Gender and Sexuality in Comic Book Studies is a comprehensive, global, and interdisciplinary examination of the essential relationship between Gender, Sexuality, Comics, and Graphic Novels. A diverse range of international and interdisciplinary scholars take a closer look at how gender and sexuality have been essential in the evolution of comics, and how gender and sexuality in comics demand that we re-frame and re-view comics history. Chapters cover a wide array of intersectional topics including Queer Underground and Alternative comics, Feminist Autobiography, re-drawing disability, Latina testimony, and re-evaluating the critical whiteness and masculinity of superheroes in this first truly global reference text to gender

and sexuality in comics. Comics have always been an important place for the radical exploration of feminist and non-binary sexualities and identities, and the growth of non-normative comic book traditions as a field of inquiry makes this an essential text for upper-level undergraduates, postgraduates, and researchers studying Comics Studies, Women's and Gender Studies, Literary Studies, and Cultural Studies.

Secondary Superheroes of Golden Age Comics Lou Mougin, 2020-01-13 When Superman debuted in 1938, he ushered in a string of imitators--Batman, Wonder Woman, Captain Marvel, Captain America. But what about the many less well-known heroes who lined up to fight crooks, super villains or Hitler--like the Shield, the Black Terror, Crimebuster, Cat-Man, Dynamic Man, the Blue Beetle, the Black Cat and even Frankenstein? These and other four-color fighters crowded the newsstands from the late 1930s through the early 1950s. Most have since been overlooked, and not necessarily because they were victims of poor publication. This book gives the other superheroes of the Golden Age of comics their due.

Drawn to Purpose Martha H. Kennedy, 2018-02-14 Published in partnership with the Library of Congress, *Drawn to Purpose: American Women Illustrators and Cartoonists* presents an overarching survey of women in American illustration, from the late nineteenth into the twenty-first century. Martha H. Kennedy brings special attention to forms that have heretofore received scant notice--cover designs, editorial illustrations, and political cartoons--and reveals the contributions of acclaimed cartoonists and illustrators, along with many whose work has been overlooked. Featuring over 250 color illustrations, including eye-catching original art from the collections of the Library of Congress, *Drawn to Purpose* provides insight into the personal and professional experiences of eighty women who created these works. Included are artists Roz Chast, Lynda Barry, Lynn Johnston, and Jillian

Tamaki. The artists' stories, shaped by their access to artistic training, the impact of marriage and children on careers, and experiences of gender bias in the marketplace, serve as vivid reminders of social change during a period in which the roles and interests of women broadened from the private to the public sphere. The vast, often neglected, body of artistic achievement by women remains an important part of our visual culture. The lives and work of the women responsible for it merit much further attention than they have received thus far. For readers who care about cartooning and illustration, *Drawn to Purpose* provides valuable insight into this rich heritage.
