The Sun Is a Compass Caroline Van Hemert,2019-03-19 For fans of Cheryl Strayed, the gripping story of a biologist's human-powered journey from the Pacific Northwest to the Arctic to rediscover her love of birds, nature, and adventure. During graduate school, as she conducted experiments on the peculiarly misshapen beaks of chickadees, ornithologist Caroline Van Hemert began to feel stifled in the isolated, sterile environment of the lab. Worried that she was losing her passion for the scientific research she once loved, she was compelled to experience wildness again, to be guided by the sounds of birds and to follow the trails of animals. In March of 2012, she and her husband set off on a 4,000-mile wilderness journey from the Pacific rainforest to the Alaskan Arctic, traveling by rowboat, ski, foot, raft, and canoe. Together, they survived harrowing dangers while also experiencing incredible moments of joy and grace -- migrating birds silhouetted against the moon, the steamy breath of caribou, and the bond that comes from sharing such experiences. A unique blend of science, adventure, and personal narrative, *The Sun is a Compass* explores the bounds of the physical body and the tenuousness of life in the company of the creatures who make their homes in the wildest places left in North America. Inspiring and beautifully written, this love letter to nature is a lyrical testament to the resilience of the human spirit. Winner of the 2019 Banff Mountain Book Competition: Adventure Travel

The Earth Memory Compass Farina King,2018-10-01 The Diné, or Navajo, have their own ways of knowing and being in the world, a cultural identity linked to their homelands through ancestral memory. The Earth Memory Compass traces this tradition as it is imparted from generation to generation, and as it has been transformed, and often obscured, by modern modes of education. An autoethnography of sorts, the book follows Farina King's search for her own Diné identity as she investigates the interconnections among Navajo students, their people, and Diné Bikéyah—or Navajo lands—across the twentieth century. In her exploration of how historical changes in education have reshaped Diné identity and community, King draws on the insights of ethnohistory, cultural history, and Navajo language. At the center of her study is the Diné idea of the Four Directions, in which each of the cardinal directions takes its meaning from a sacred mountain and its accompanying element: East, for instance, is Sis Naajini (Blanca Peak) and white shell; West, Dook'o'oshíid (San Francisco Peaks) and abalone; North, Dibé Nitsaa (Hesperus Peak) and black jet; South, Tsoodzil (Mount Taylor) and turquoise. King elaborates on the meanings and teachings of the mountains and directions throughout her book to illuminate how Navajos have embedded memories in landmarks to serve as a compass for their people—a compass threatened by the dislocation and disconnection of Diné students from their land, communities, and Navajo ways of learning. Critical to this story is how inextricably Indigenous education and experience is intertwined with American dynamics of power and history. As environmental catastrophes and struggles over resources sever the connections among peoplehood, land, and water, King's book holds out hope that the teachings, guidance, and knowledge of an earth memory compass still have the power to bring the people and the earth together.

Compass Rose Anna Burke,2018-06-18 In the year 2513, the only thing higher than the seas is what's at stake for those who sail them. Rose was born facing due north, with an inherent perception of cardinal points flowing through her veins. Her uncanny sense of direction earns her a coveted place among the Archipelago Fleet elite, but it also attracts the attention of Admiral Comita, who sends her on a secret mission deep into pirate territory. Accompanied by a ragtag crew of mercenaries and under the command of Miranda, a captain as bloodthirsty as she is alluring, Rose discovers the hard way that even the best sense of direction won't be enough to keep her alive if she can't learn to navigate something far more dangerous than the turbulent seas. Aboard the mercenary ship, Man o' War, Rose learns quickly that trusting the wrong person can get you killed—and Miranda's crew have no intention of making things easy for her—especially Miranda's trusted first mate, Orca, who is as stubborn as she is brutal.

The Compass Tammy Kling,John Spencer Ellis,2010-04-13 The Compass is a life transformation novel that will guide you on a journey of self-discovery. At the core of The Compass are specific lessons about belief systems and understanding who you really are in order to live out your destiny. Jonathan, the main character, escapes his suburban life after a tragedy that alters his plans for the future. Paralyzed by grief, he decides to journey across the globe in an effort to realign his inner compass. He sets off with just a backpack, leaving behind his career, friends, family, and home. His travels begin in the dessert of Nevada, continue on to the pristine mountains of the Adirondacks, and then to a medieval village in Romania. At each destination, Jonathan encounters a pivotal person who offers a major life lesson, and he begins to realize that each individual was placed on his path for a reason. The Compass is a metaphor for the journey of our lives. In the tradition of the *The Alchemist*, The Compass provides readers with specific life lessons about authenticity, self-empowerment, and belief in their dreams. As humans we are all connected—by love, pain, and sometimes even by tragedies or events we cannot control. Each one of us travels a unique path, yet we are linked by experiences and emotions. In this connectedness, there is life.

Compass Points Edward Hoagland,2007-12-18 In a luminous memoir of a life richly lived, one of America's finest writers explores the themes that

have shaped his life and work: the glories of the natural world, the lure of working for a circus and fighting forest fires, the afflictions of temporary blindness and blocked speech, and the enduring influence of literary friendships, including John Berryman's, Edward Abbey's, and his mentor, Archibald MacLeish. From his childhood in rural Connecticut to some of the earth's last remaining wildernesses, Hoagland has traveled the world wielding his unusual gift for observation. In *Compass Points* he delivers an honest and lively accounting of his voyages through two marriages; the New York parties he attended as a precocious young writer; Vermont hippiedom and academia; his many vivid sojourns into Europe, Alaska, British Columbia, the Sudan; and, perhaps most unforgettably, his stint in the "Animal Department" of Ringling Bros. and Barnum & Bailey Circus fifty years ago. Leavened with Hoagland's trademark humor and insight, *Compass Points* is an entertaining and moving account of the days and nights of one of our most eminent literary voices.

The Compass of a Conscience Darnell Wright, 2020-04-15 Have you ever heard the expression "Let your conscience be your guide"? Donnell White is a man determined to ease the guilt of his conscience by volunteering as a mentor at a detention center full of high-risk teens. The message he conveys to them is that the stumbling blocks in their lives can be used as stepping stones to turn things around. Donnell thought he'd seen and heard it all, but one teen named Brandon Bright showed him otherwise. Turns out, Brandon is a roller-coaster ride that Donnell forgot to fasten his seat belt on. In the process of trying to help Brandon turn his life around, Donnell's life is changed in ways he couldn't have imagined. In a classic case of the teacher becoming the student, this book brings to life the age-old saying "You're never too old to learn."

The Compass Deborah Radwan, 2012-01-19 Thirteen-year-old Rudy and his friends routinely ride their bikes through their rundown neighborhood, shouting insults at their neighbor, Jacob, an elderly Jewish man out tending his garden. Then Rudy discovers that his mother has arranged for him to help Jacob tear down his fence that summer. When a sullen Rudy shows up at Jacobs door, its hard to know which of them is most wary of the other. Yet when Rudy sees the beautiful gardens Jacob and his neighbors, Frederick and Yoshito, have created in their backyards, he cant help but be impressed. During the hot summer days that follow, fatherless Rudy, who wants to belong to something, toils in the sun with a shovel and an attitude, reluctant to accept even a glass of Fredericks iced tea. Gradually he learns that the older men Jacob, from Germany; Frederick, an African American from the precivil rights movement South; and Yoshito, a Japanese American who spent three years in an internment camp during World War II have become like brothers, bonded through tragedy and the drive to transform barren dirt into something beautiful. Frederick and Yoshito have made peace with their pasts and removed the fence between their yards, but Jacob is still haunted by what happened to his family at Auschwitz, memories retriggered by Rudy and his friends. As they work alongside each other, Jacob and Rudy do more than tear down a fence in this story of healing and hope that changes Rudys life in ways he never imagined.

The Self Compass: Charting Your Personality in Christ Dr. Dan and Kate Montgomery, 2007-05-19 GUIDEPOSTS MAGAZINE editor Elizabeth Sherrill says, Dr. Dan and Kate Montgomery's Self Compass is a very accessible tool that helps identify and label typical behavior patterns, while providing a wonderful handle on personality growth. I especially liked the segment on pattern combinations. I spotted five in myself! Dr. Gordon Fee, Professor Emeritus of New Testament Studies at Regent College, writes: Dan Montgomery's Christian personality theory is innovative and biblically sound.

American Compass William Meissner, 2004 Bill Meissner is unapologetically in love with America's favorite pastime--dreaming. He writes with surprising generosity about the American psyche broken and made wise by all the old Chevies, baseball games, and heroes who perish young, by all the things that feed and fail and yet endure. Most of all, he understands the gestures of love, of enduring the small wounds of living. These fine poems deserve to be read and reread. --Jonis Agee, author of Acts of Love on Indigo Road American Compass negotiates a topography few poets can manage, which is to say that only occasionally does a writer chart with such conviction and accuracy the complex region of the human heart. I so admire the unadorned eloquence of these poems, and how the restraint of each manifests a kind of grandeur I find rare and utterly convincing. Bill Meissner is an American original, and this is his finest collection yet. --Jack Driscoll, author of Lucky Man, Lucky Woman The legends of Bill Meissner's boyhood and youth, those well-known American icons and everyday folk cast larger-than-life, lend a long-last note to the national chorus as this poet hears it. Wry and good-natured, these poems take us aside to talk to us the way an old family friend would, telling us what it all meant, what it all might mean. --Heid Erdrich, author of Fishing for Myth American Compass, Bill Meissner's fourth book of poetry, is a collection that steers the reader on a varied, memorable journey down the American highway. Like the four points of a compass, each of the book's four sections has a distinct direction. First Corners features poems about childhood and the realizations of early adulthood. Breaking Dreams illuminates the myths and realities of popular American icons, with portraits of James Dean, Thomas Edison, Elvis Presley, and Joe DiMaggio. The baseball poems in Taking the Curve become subtle metaphors for the game of life. In the Soul Highway poems, the author concludes the book with a series of poignant personal experiences that will leave the reader thinking more deeply about his or her life.
