**Compass** Mathias Enard, 2018-03-27 Winner of the 2015 Prix Goncourt, an astounding novel that bridges Europe and the Islamic world On the shortlist for the 2017 Man Booker International Prize As night falls over Vienna, Franz Ritter, an insomniac musicologist, takes to his sickbed with an unspecified illness and spends a restless night drifting between dreams and memories, revisiting the important chapters of his life: his ongoing fascination with the Middle East and his numerous travels to Istanbul, Aleppo, Damascus, and Tehran, as well as the various writers, artists, musicians, academics, orientalists, and explorers who populate this vast dreamscape. At the center of these memories is his elusive, unrequited love, Sarah, a fiercely intelligent French scholar caught in the intricate tension between Europe and the Middle East. With exhilarating prose and sweeping erudition, Mathias Énard pulls astonishing elements from disparate sources—nineteenth-century composers and esoteric orientalists, Balzac and Agatha Christie—and binds them together in a most magical way.

A Seat at the Table Elisa Boxer, 2021-09-07 This inspiring picture-book biography about Nancy Pelosi shows her journey from the child of Baltimore's mayor to her marble-ceiling-shattering four terms as Speaker of the House, including the historic events of January 6th, 2021. Nancy Pelosi grew up watching her father, the mayor of Baltimore, welcome in people of all different backgrounds to sit at their table and make their voices heard. Nancy's mother always stood beside him, working behind the scenes to help her husband and the people he served. When Nancy grew up, she continued working behind the scenes in politics until a friend asked her to run for Congress herself--jump-starting a 33 year career as a political representative and taking her higher than she could have once imagined. Young girls, especially, will be inspired by Nancy's journey and her commitment to using her voice to help others and to make sure women are heard in government. The backmatter also includes an exclusive interview with Nancy Pelosi herself.

thrive within chaos and offers actionable information for reinventing our path to sustainable success.

*The Compass* Tammy Kling, John Spencer Ellis, 2010-04-13 The Compass is a life transformation novel that will guide you on a journey of self-discovery. At the core of The Compass are specific lessons about belief systems and understanding who you really are in order to live out your destiny. Jonathan, the main character, escapes his suburban life after a tragedy that alters his plans for the future. Paralyzed by grief, he decides to journey across the globe in an effort to realign his inner compass. He sets off with just a backpack, leaving behind his career, friends, family, and home. His travels begin in the desert of Nevada, continue on to the pristine mountains of the Adirondacks, and then to a medieval village in Romania. At each destination, Jonathan encounters a pivotal person who offers a major life lesson, and he begins to realize that each individual was placed on his path for a reason. The Compass is a metaphor for the journey of our lives. In the tradition of the *The Alchemist*, The Compass provides readers with specific life lessons about authenticity, self-empowerment, and belief in their dreams. As humans we are all connected—by love, pain, and sometimes even by tragedies or events we cannot control. Each one of us travels a unique path, yet we are linked by experiences and emotions. In this connectedness, there is life.

**The Compass Maker** Nate Jensen, 2023-04-24 Where did the Liahona come from? Who constructed it? How did it get in front of Lehi's tent? In *The Compass Maker*, a novel set in 600 B.C. Jerusalem, a skilled and faithful metalworker named Ezra has a vision of a mysterious brass compass that he is commanded to build. Just before the vision occurs, Ezra has constructed and delivered to the powerful Laban one of the greatest and most famous swords in history—a sword that, in a twist of fate and irony, becomes the instrument of Laban's own death. Will Ezra's wife, who has lost her faith, or the mounting political intrigues swirling around him derail Ezra's efforts to build the compass on time? The

Compass Maker is a story of faith, intrigue, love, and sacrifice in which ancient characters-both real and fictional-take part in the unfolding drama of the beginnings of Book of Mormon history in ancient Jerusalem.

The Sun Is a Compass Caroline Van Hemert, 2019-03-19 For fans of Cheryl Strayed, the gripping story of a biologist's human-powered journey from the Pacific Northwest to the Arctic to rediscover her love of birds, nature, and adventure. During graduate school, as she conducted experiments on the peculiarly misshapen beaks of chickadees, ornithologist Caroline Van Hemert began to feel stifled in the isolated, sterile environment of the lab. Worried that she was losing her passion for the scientific research she once loved, she was compelled to experience wildness again, to be guided by the sounds of birds and to follow the trails of animals. In March of 2012, she and her husband set off on a 4,000-mile wilderness journey from the Pacific rainforest to the Alaskan Arctic, traveling by rowboat, ski, foot, raft, and canoe. Together, they survived harrowing dangers while also experiencing incredible moments of joy and grace -- migrating birds silhouetted against the moon, the steamy breath of caribou, and the bond that comes from sharing such experiences. A unique blend of science, adventure, and personal narrative, *The Sun is a Compass* explores the bounds of the physical body and the tenuousness of life in the company of the creatures who make their homes in the wildest places left in North America. Inspiring and beautifully written, this love letter to nature is a lyrical testament to the resilience of the human spirit. Winner of the 2019 Banff Mountain Book Competition: Adventure Travel

You Are Here Hiawatha Bray, 2014-04-01 The story of the rise of modern navigation technology, from radio location to GPS—and the consequent decline of privacy What does it mean to never get lost? You Are Here examines the rise of our technologically aided era of navigational omniscience—or how we came to know exactly where we are at all times. In a sweeping history of the development of location technology in the past century, Bray shows how radio signals created to carry telegraph messages were transformed into invisible beacons to guide ships and how a set of

rapidly-spinning wheels steered submarines beneath the polar icecap. But while most of these technologies were developed for and by the military, they are now ubiquitous in our everyday lives. Our phones are now smart enough to pinpoint our presence to within a few feet—and nosy enough to share that information with governments and corporations. Filled with tales of scientists and astronauts, inventors and entrepreneurs, *You Are Here* tells the story of how humankind ingeniously solved one of its oldest and toughest problems—only to herald a new era in which it's impossible to hide.

American Compass William Meissner, 2004 Bill Meissner is unapologetically in love with America's favorite pastime--dreaming. He writes with surprising generosity about the American

psyche broken and made wise by all the old Chevies, baseball games, and heroes who perish young, by all the things that feed and fail and yet endure. Most of all, he understands the gestures of love, of enduring the small wounds of living. These fine poems deserve to be read and reread. --Jonis Agee, author of *Acts of Love* on Indigo Road American Compass negotiates a topography few poets can manage, which is to say that only occasionally does a writer chart with such conviction and accuracy the complex region of the human heart. I so admire the unadorned eloquence of these poems, and how the restraint of each manifests a kind of grandeur I find rare and utterly convincing. Bill Meissner is an American original, and this is his finest collection yet. --Jack Driscoll, author of *Lucky Man, Lucky Woman* The legends of Bill Meissner's boyhood and youth, those well-known American icons and everyday folk cast larger-than-life, lend a long-last note to the national chorus as this poet hears it. Wry and good-natured, these poems take us aside to talk to us the way an old family friend would, telling us what it all meant, what it all might mean. --Heid Erdrich, author of *Fishing for Myth* American Compass, Bill Meissner's fourth book of poetry, is a collection that steers the reader on a varied, memorable journey down the American highway. Like the four points of a compass, each of the book's four sections has a distinct direction. First Corners features poems about childhood and the realizations of early adulthood. Breaking Dreams illuminates the myths and realities of popular American icons, with portraits of James Dean, Thomas Edison, Elvis Presley, and Joe DiMaggio. The baseball poems in Taking the Curve become subtle metaphors for the game of life. In the Soul Highway poems, the author concludes the book with a series of poignant personal experiences that will leave the reader thinking more deeply about his or her life.

The magnetic compass has been used for almost 1,000 years. Explorers have been able to find their way around the globe with a compass as their guide. Follow the step-by-step instructions to make a compass of your own, and learn about the adventurous sport of orienteering. Then use these skills to explore the world right outside your door.

Noah's Compass Anne Tyler, 2010 Liam Pennywell, who set out to be a philosopher and ended up teaching fifth grade, never much liked the job at that run-down private school, so early retirement doesn't bother him. But he is troubled by his inability to remember anything about the first night that he moved into his new, spare, and efficient condominium on the outskirts of Baltimore. All he knows when he wakes up the next day in the hospital is that his head is sore and bandaged.
