Compass Mathias Enard,2018-03-27 Winner of the 2015 Prix Goncourt, an astounding novel that bridges Europe and the Islamic world On the shortlist for the 2017 Man Booker International Prize As night falls over Vienna, Franz Ritter, an insomniac musicologist, takes to his sickbed with an unspecified illness and spends a restless night drifting between dreams and memories, revisiting the important chapters of his life: his ongoing fascination with the Middle East and his numerous travels to Istanbul, Aleppo, Damascus, and Tehran, as well as the various writers, artists, musicians, academics, orientalist, and explorers who populate this vast dreamscape. At the center of these memories is his elusive, unrequited love, Sarah, a fiercely intelligent French scholar caught in the intricate tension between Europe and the Middle East. With exhilarating prose and sweeping erudition, Mathias Enard pulls astonishing elements from disparate sources—nineteenth-century composers and esoteric orientalist, Balzac and Agatha Christie—and binds them together in a most magical way.

The Compass Maker Nate Jensen,2023-04-24 Where did the Liahona come from? Who constructed it? How did it get in front of Lehi's tent? In *The Compass Maker*, a novel set in 600 B.C. Jerusalem, a skilled and faithful metalworker named Ezra has a vision of a mysterious brass compass that he is commanded to build. Just before the vision occurs, Ezra has constructed and delivered to the powerful Laban one of the greatest and most famous swords in history—a sword that, in a twist of fate and irony, becomes the instrument of Laban's own death. Will Ezra's wife, who has lost her faith, or the mounting political intrigues swirling around him derail Ezra's efforts to build the compass on time? *The Compass Maker* is a story of faith, intrigue, love, and sacrifice in which ancient characters—both real and fictional—take part in the unfolding drama of the beginnings of Book of Mormon history in ancient Jerusalem.

Nancy's mother always stood beside him, working behind the scenes to help her husband and the people he served. When Nancy grew up, she continued working behind the scenes in politics until a friend asked her to run for Congress herself—jump-starting a 33 year career as a political representative and taking her higher than she could have once imagined. American Compass William Meissner,2004 Bill Meissner is unapologetically in love with America's favorite pastime--dreaming. He writes with surprising generosity about the American psyche broken and made wise by all the old Chevies, baseball games, and heroes who perish young, by all the things that feed and fail and yet endure. Most of all, he understands the gestures of love, of enduring the small wounds of living. These fine poems deserve to be read and reread. --Jonis Agee, author of Acts of Love on Indigo Road American Compass negotiates a topography few poets can manage, which is to say that only occasionally does a writer chart with such conviction and accuracy the complex region of the human heart. I so admire the unadorned eloquence of these poems, and how the restraint of each manifests a kind of grandeur I find rare and utterly convincing. Bill Meissner is an American original, and this is his finest collection yet. --Jack Driscoll, author of Lucky Man, Lucky Woman The legends of Bill Meissner's boyhood and youth, those well-known American icons and everyday folk cast larger-than-life, lend a long-last note to the national chorus as this poet hears it. Wry and good-natured, these poems take us aside to talk to us the way an old family friend would, telling us what it all meant, what it all might mean. --Heid Erdrich, author of Fishing for Myth American Compass, Bill Meissner's fourth book of poetry, is a collection that steers the reader on a varied, memorable journey down the American highway. Like the four points of a compass, each of the book's four sections has a distinct direction. First Corners features poems about childhood and the realizations of early adulthood. Breaking Dreams illuminates the myths and realities of popular American icons, with portraits of James Dean, Thomas Edison, Elvis Presley, and Joe DiMaggio. The baseball poems in Taking the Curve become subtle metaphors for the game of life. In the Soul Highway poems, the author concludes the book with a series of poignant personal experiences that will leave the reader thinking more deeply about his or her life.

Magnetic Poles and the Compass H. Herbert Howe,1949

You Are Here Hiawatha Bray,2014-04-01 The story of the rise of modern navigation technology, from radio location to GPS—and the consequent decline of privacy What does it mean to never get lost? You Are Here examines the rise of our technologically aided era of navigational omniscience—or how we came to know exactly where we are at all times. In a sweeping history of the development of location technology in the past century, Bray shows how radio signals created to carry telegraph messages were transformed into invisible beacons to guide ships and how a set of rapidly-spinning wheels steered submarines beneath the polar icecap. But while most of these technologies were developed for and by the military, they are now ubiquitous in our everyday lives. Our phones are now smart enough to pinpoint our presence to within a few feet—and nosy enough to share that information with governments and corporations. Filled with tales of scientists and astronauts, inventors and entrepreneurs, You Are Here tells the story of how humankind ingeniously solved one of its oldest and toughest problems—only to herald a new era in which it's impossible to hide.

The Compass Tammy Kling,John Spencer Ellis,2010-04-13 The Compass is a life transformation novel that will guide you on a journey of self-discovery. At the core of The Compass are specific lessons about belief systems and understanding who you really are in order to live out your destiny. Jonathan, the main character, escapes his suburban life after a tragedy that alters his plans for the future. Paralyzed by grief, he decides to journey across the globe in an effort to realign his inner compass. He sets off with just a backpack, leaving behind his career, friends, family, and home. His travels begin in the dessert of Nevada, continue on to the pristine mountains of the Adirondacks, and then to a medieval village in Romania. At each destination, Jonathan encounters a pivotal person who offers a major life lesson, and he begins to realize that each individual was placed on his path for a reason. The Compass is a metaphor for the journey of our lives. In the tradition of the The Alchemist, The Compass provides readers with specific life lessons about authenticity, self-empowerment, and belief in their dreams. As humans we are all connected—by love, pain, and sometimes even by tragedies or events we cannot control. Each one of us travels a unique path, yet we are linked by experiences and emotions. In this connectedness, there is life.
