Expert Table Tennis Serves Richard McAfee,2009-05-18 All points in a table tennis game begin with either serving or returning the serve. When serving, you have a huge advantage in putting the receiver on the defensive or perhaps winning a point outright without any further strokes. To perfect your service game, USA Table Tennis Hall of Fame inductee Richard McAfee offers *Expert Table Tennis Serves*, a mini e-book providing expert advice. By practicing the techniques in this mini e-book, you will be able to keep your opponent guessing with an assortment of short, middepth, and deep serves that produce a variety of spins. You'll learn how, when, and where to touch the ball, whether using a forehand or backhand serve, while incorporating backspin, topspin, and sidespin. Master the skills outlined by McAfee and you will be on your way to becoming a confident, high-level player. The mini e-book *Expert Table Tennis Serves* is an abridged version of the comprehensive book *Table Tennis: Steps to Success* (Human Kinetics, 2009). As part of the Steps to Success Sports Series, with more than 1.8 million copies sold, *Table Tennis: Steps to Success* is the No. 1 resource for learning and loving the game.

Ping Pong for Fighters Tahl Leibovitz,2014-11-01 This book is called Ping Pong for Fighters, and it's about fighting all the different elements that are attached to table tennis. The fight starts inward and eventually moves outward, from within ourselves, to the ball, to our opponents, to the environment and the external conditions. I think what's interesting about this book is that the reader takes the journey with me. All that I learned in over 20 years of competing in table tennis, is in this book. The goal of this book is to try and get the reader to approach the game differently. The book is basically a philosophy for the thinking and feeling player. A philosophy that encourages one to stay in the present moment, have self confidence and compete to the best of their ability. This book is also very direct and very easy to understand. It is not an intellectual discourse of any kind. The book reads more like a conversation consisting of helpful direction through experience and a philosophy of table tennis that is concerned more with experiencing what it feels like to think and play table tennis like a top table tennis player.

A Late Return: Table-Tennis a la Carte Bill Rees,2021-05-15 Bill Rees has been living in the south of France for ten years working as an itinerant bookseller in Montpellier. The one thing he misses about England is table tennis. Then he sees an advert to join a club for experienced players only and veterans. He starts training immediately, he's forty and not as fit as he used to be but Bill Rees is returning to the game à la carte. Covering one Sunday tournament in the depths of Languedoc when his team bids to make the National Finals, Bill Rees produces a deeply felt and deeply funny homage to the beautiful game of ping-pong. Rees shows the sport for what it is: painful, exhilarating, tactical, fast (especially when his club mate Alain is at the table), consuming. All of which is revealed from the perspective of a Brit playing in French amateur leagues. Conveyed is the pain of competition, the agony of losing and the joys of victory. The reader is also regaled with a Zen-like insight into the sport. For all those athletes who dream of glory being around the corner and never too late. Contains illustrations by the Montpellier based artist Beachy.

A Little Book of Ping-Pong Verse Dana Estes and Company,2016-09-05 Excerpt from A Little Book of Ping-Pong Verse: Containing Also the Complete Rules for Playing the Popular Game of Table-Tennis The verses in this little book make no pretensions to literary merit. If they are amusing and timely, they serve their end. A large number of newspaper rhymes, below the average maintained by these selections, have been read and discarded. The amount of more or less meritorious verse inspired by this everywhere-popular pastime, is very extensive. If anything of real excellence has been overlooked, no one can regret the fact more than the compiler. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. That was until childhood friend, and table tennis coach, Ben Larcombe convinced him to act as the guinea pig in an experiment he had concocted - The Expert in a Year Challenge. Starting 1st January 2014 novice Sam was immersed in the world of competitive table tennis. He began training every day and over the course of the year notched up hundreds of hours of practice in an attempt to reach a seemingly impossible goal. There was blood, sweat, tears, injuries, frustrations and moments of elation as the pair travelled up and down the UK, and beyond, in their quest for training, mentors and competition. Sam found potential he never thought he had, got better at table tennis than most people thought possible, and discovered what it feels like when 1.5 million people watch you fail. Here is their story, including all the ridiculous training methods and unreachable goals, and the surprising lessons they learnt from playing table tennis every day for a year.
