Modesitt, Jr. that RT Book Reviews says "shines with engrossing characters, terrific plotting, and realistic world-building." Continue the journey with Rex Regis. Only the land of Khel remains uncommitted to Bhayar's rule. Their decision could mean a lasting peace, or more conflict across an already war-ravaged realm. While the conqueror of Bovaria awaits emissaries to arrive with news of Khel's decision, other weighty matters occupy Quaeryt—not the least of which is the fulfillment of his dream to create the world's first Imager academy, where the magical abilities of these powerful casters may be honed, managed, and put to the service of the common good. But before that dream may be realized, or Khel's fateful choice made known, the spectre of high treason threatens to unravel everything Quaeryt has achieved. Rex José Manuel Prieto, 2010-05-11 Now in paperback, José Manuel Prieto's Rex is a sexy, zany, and sophisticated literary game rife with allusions to Proust and Borges, set in a world of wealthy Russian expats and mafiosos who have settled in western Europe. J. is a young Cuban man who, thanks to his knowledge of Russian and Spanish, has become the tutor of the young son of a wealthy Russian couple living in Marbella, in the part of southern Spain that the Russian mafia has turned into its winter quarters. As J. attempts to give the boy a general grade-school education by exclusively reading him Proust, he also becomes the personal secretary of the boy's father, Vasily, an ex-scientist that J. suspects is on the run from gangsters. Vasily's wife, Nelly, a seductive woman always draped in mind-boggling quantities of precious stones, believes the only way to evade the gangsters is an extravagant plan linking Vasily to the throne of the czars. Rex is an unforgettable achievement: an illusory, allusive gem of a novel that confirms José Manuel Prieto as one of the most talented writers of his generation.

The Explorers of Ararat and the Search for Noah's Ark B. J. Corbin, 1999 This book is a compilation of accounts written by experienced explorers who have searched for Noah's Ark since the 1960's. Each explorer conveys his unique experiences and insights regarding the search.

Miraculous Messages David W. Balsiger, Charles E. Sellier, 2008 It is a mystery to which all of mankind is seeking the answer. Beginning with the story of Noah and woven throughout the pages of the Bible is a thread that ties together our past, present, and future—a series of supernatural messages that carry the keys to life, death, and eternity. Can these miraculous messages provide answers to life's most fundamental questions? What is mankind's purpose on Earth? What does the future hold? Will we escape impending End Times catastrophic events? Our quest for answers to these tough questions leads us to a mountaintop in eastern Turkey, and to the remains of a 5,000-year-old wooden ship. Could this be Noah's Ark? You will be amazed at what has been discovered! Book jacket.

The Art of Urbanism William Leonard Fash, Leonardo López Luján, 2009 The Art of Urbanism explores how the royal courts of powerful Mesoamerican centers represented their kingdoms in architectural, iconographic, and cosmological terms. Through an investigation of the ecological contexts and environmental opportunities of urban centers, the contributors consider how ancient Mesoamerican cities defined themselves and reflected upon their physical and metaphysical place via their built environment. Themes in the volume include the ways in which a kingdom's public monuments were fashioned to reflect geographic space, patron gods, and mythology, and how the Olmec, Maya, Mexica, Zapotecs, and others sought to center their world through architectural monuments and public art. This collection of papers addresses how

communities leveraged their environment and built upon their cultural and historical roots as well as the ways that the performance of calendrical rituals and other public events tied individuals and communities to both urban centers and hinterlands. Twenty-three scholars from archaeology, anthropology, art history, and religious studies contribute new data and new perspectives to the understanding of ancient Mesoamericansâ€(tm) own view of their spectacular urban and ritual centers.

Steel Serena Akeroyd,2020-08-03 Steel's a prick. He stole my heart when I was a kid, and ever since, he's refused to let go. He's clung to me, even as he pushed me away, and I'm tired of it. I'm over it, and over him. Of the games we play together, the endless waltz of him hurting me to shove distance between us. So I'm out of there. My future is medicine. If I turn into a crazy cat lady, then so be it. I'm good with that. At least Mrs. Biggins can't hurt my heart when she poops in my shoes... Of course, Mrs. Biggins doesn't kiss like Steel either. One kiss. That's all we've had together, and it haunts me. My nights, my days, my waking moments, my sleeping ones. A single kiss. Where everything, the stars included, aligned and just felt right. But Steel isn't mine to have... by his choice. And I've dealt with that. For years. So when he suddenly changes his mind? What am I supposed to do? Just fall at his feet? I don't think so. Find out if Steel and Stone can ever be together in STEEL, book four of A Dark & Dirty Sinners' MC series.

Lucifer's Odyssey Rex Jameson,2017-04-23 What if Earth was not the only planet Jehovah cared about? What if humanity was not the only intelligent race that Jehovah had created? What if the war between angels and demons had a much more ancient history that spanned three universes and many billions of light years of space? What if humanity's vision of prophecy and apocalypse was really a glimpse into the mind of a god whose capacity for vengeance was only matched by his unique, omniscient intelligence?The Lucifer's Fall trilogy of the Primal Patterns series is the story of the most celebrated demon warrior and king in history, and the birth of a moral and intellectual renaissance in the Chaos Universe. The first book, ?Lucifer's Odyssey?, traces the demon prince Lucifer from his imprisonment by Jehovah on Earth to the betrayal of his parents in Chaos and a shaky alliance with the Elven people. Filled with irreverent humor and fast paced action, Lucifer's Odyssey beckons you to take a journey through space and time into a story where elven technology meets the ruthlessness of the demon race and the potential of Jehovah's great creations.'Lucifer's Odyssey? is the first book of the Lucifer's Fall trilogy, and book one in the Primal Patterns series.

The People's Necromancer Rex Jameson,2018-05-07 Amidst the darkest days of antiquity, mankind discovers a new kind of hero: a necromancer born of gods and men. For thousands of years, mankind warred without magic. Peculiar abilities were buried in history along with the storied paladins and the mysterious dark elves who rarely ventured into human towns. That all changes at the end of the Tranquility Era, when a young man named Ashton accidentally raises his murdered best friend Clayton from the grave. Because of his mistake, Ashton becomes the focus of manhunts, armies, and the King's judgement, but Ashton is not the biggest problem in the Kingdom of Surdel. The golden age of man is coming to a close and enemies surround the civilized world. Lulled into a false sense of security by isolation and pervasive peace, human lords hatch petty schemes to weaken their rivals and gain favor with the throne. Meanwhile, an ancient darkness stirs beneath the Great Northern Mountains and the orcish hordes grow restless just beyond the Southern Peaks. Rex Barks Phyllis Davenport, 2004 ...a masterful presentation of grammar--a well-structured, incremental course in diagramming with clear explanations and memorable illustrations of each new principle... Phyllis Davenport understands that if you want to make yourself understood, you need grammar. Her textbook abounds with examples of the ambiguities that result from an ignorance of grammatical rules...The art of diagramming sentences provides students with an indispensable foundation for the study of grammar, and Rex Barks makes the process of learning this skill manageable and fun. The book is laid out in logical, incremental steps, and students are given the opportunity to master one concept before proceeding to the next...It contains many clever devices to help students with tricky concepts (e.g., prepositions are to be remembered as anything a squirrel can do to a tree.) And it is pervaded by her sense of humor and enthusiasm for her subject. - Lisa VanDamme - Director, VanDamme Academy
