The Concise Oxford Dictionary of Current English Henry Watson Fowler,Della Thompson,Francis George Fowler,1995 This new edition of Oxford's flagship single-volume dictionary brings you the results of the latest research into the real English of today. Oxford is lead partner in the British National Corpus, a massive and constantly expanding hundred-million-word database which allows dictionary editors to sample today's language - newspapers, magazines, books, advertisements, even transcripts of spoken English. With thousands of occurrences of each common word available for instant analysis, lexicographers are able to track the latest trends in, for instance, spelling and hyphenation or disputed usages, with greater accuracy than ever before. This rolling, constantly updated 'opinion poll of language' combined with Oxford's unparalleled world reading programme (we spend more on language research than any other dictionary publisher in the world), ensures that COD9 is the up-to-date reference for today's English.

The Concise Oxford Dictionary Judy Pearsall,1999 In its tenth edition, the world's most popular dictionary has undergone a most thorough revision. More than 200,000 clear, concise entries define a vast array of ideas and words with highlighted usage notes and maps.

Concise Oxford English Dictionary Catherine Soanes,Angus Stevenson,2008 Now in print through its various editions for almost a century, the Concise Oxford English Dictionary is one of the most popular choices in Oxford's renowned dictionary line, selected by decades of users for its up-to-date and authoritative coverage of the English language. Now this successful dictionary is offered with a fully updated CD. Combining both the print dictionary and CD-ROM package, this set offers the user access to over 240,000 words, phrases and definitions. The CD-ROM version of the dictionary offers full-text search functionality, instant look-up from Windows documents (including email and the internet), and high-quality spoken pronunciations for thousands of words, making it ideal for family use, as well as for homework and school use. The CD-ROM is also Mac-compatible for the first time, due to brand new software. This edition also features a supplementary section, with quick-reference word lists (containing, for example, lists of Unusual Words, and Onomatopoeic Words), and a revised and updated English Uncovered supplement, which presents interesting facts about the English language. The volume retains such popular features as the hundreds of usage notes which give advice on tricky vocabulary and pointers to help you improve your use of English. Finally, the dictionary contains full appendices on topics such as alphabets, currencies, electronic English, and the registers of language (from formal to slang), plus a useful Guide to Good English with advice on grammar, punctuation, and spelling. Authoritative and up to date, the Concise Oxford English Dictionary print-and-CD bundle offers unsurpassed coverage of English, perfect for anyone who needs a handy, reliable resource for home, school, or office.
