Concise Oxford Thesaurus Sara Hawker, Maurice Waite, 2007-06-14 This is a new edition of the Concise Oxford Thesaurus, with updated and improved text, new choices of synonyms, and a new design. The Concise Oxford Thesaurus is a comprehensive reference text for the bookshelf at home or in the office. Its usefulness means that it won't stay on the shelf, however. The thesaurus is the perfect tool to use to improve your writing style, whether you are composing a letter, essay or report, or writing creatively. It is also great for finding the word on the tip of your tongue, or for word games. The new centre section in this Concise Oxford Thesaurus contains lists of nouns from illnesses to insects, and vegetables to veins to give you the edge in solving crosswords and word puzzles, as well as being a useful encyclopedic reference. The Concise Oxford Thesaurus also contains Word Links to help you find related words. So, for example, look up the word 'night' and you will find 'nocturnal'; look up 'light', and you will find 'optics'. Hundreds more have been added new to this edition, helping you find the word you need every time. The thesaurus includes 12 months' access\* to Oxford's premium online

dictionary and thesaurus service, Oxford Dictionaries Online, updated regularly with the latest developments to words and meanings, so you will have the most accurate picture of English available. Find out more about our living language using Oxford Dictionaries Online. Hear how words are spoken with thousands of audio pronunciations, and access over 1.9 million real English example sentences to see how words are used in context. Improve your confidence in writing with helpful grammar and punctuation guides, full thesaurus information, style and usage help, and much more. \*Available in selected markets (UK, Europe, Australia, Canada, and South Africa). **Concise Oxford Thesaurus** Maurice Waite, 2002 This new edition of the Concise Oxford Thesaurus forms part of the new range of Oxford Thesauruses based on the New Oxford Thesaurus of English. It is ideal for helping you pinpoint exactly the right word, whether you are writing a letter, preparing a report, composing an essay, writing creatively, or solving a crossword. Over 333,000 alternative words cover everyday vocabulary as well as more unusual and specialist words, and there is clear labelling

of informal, dialect, literary, and technical items. The closest and most useful alternative words are given first, with the word which is closest in meaning to the entry word given in capitals. Other useful features include thousands of example phrases helping you to select the correct word, and opposites and related terms clearly marked. In addition, over 400 boxed noun lists provide a wealth of information on a wide variety of subjects, from alloys and artists to wines and worms. This title replaces ISBN: 0-19-860126-3

The Concise Oxford Thesaurus Betty Kirkpatrick, 1997 Provides the richest and most innovative choice of words. Over 350,000 alternative and opposite words in A-Z format; carefully compiled to give accessible and reliable guidance. Most useful words first; shows you which words are most commonly used in today's English. Useful example phrases; frequent examples throughout illustrate the usage of particular words. Over 400 tables give information on people, places, and things; from actors, airports, alcoholic drinks, and

animals to weapons, the wonders of the world, and the zodiac. Helpful labels indicate words which have a specialist or restricted use; formal, informal, literary, vulgar, medical, and technical words are marked, along with words which are specifically American or Australian.

*The Oxford Dictionary and Thesaurus* Frank R. Abate, 1996 We all know the feeling: trying to find a synonym for a word, we turn to a thesaurus and find a group of words that might be right, but the thesaurus doesn't provide us with definitions. So, we then turn to the dictionary to check the meanings for the entire list of new synonyms and, after much flipping back and forth between thesaurus and dictionary, finally decide upon an alternative. Neither book, by itself, provides the full range of word choices. But now, *The Oxford Dictionary and Thesaurus* offers a thoroughly integrated blend of entries from the dictionary and the thesaurus. This unified approach, treating meanings and related words within the same entry, makes it easy to find--in one place--an abundance of information about words, and provides a far more thorough analysis of the variety and nuances of our language than is possible in a dictionary or thesaurus alone. Oxford's American dictionary staff, along with an international team

of lexicographers, have drawn on the unparalleled lexical resources of Oxford University Press, the world's most respected authority on English language and dictionaries, to make The Oxford Dictionary and Thesaurus the mostwide-ranging resource available. It includes:

- \* More than 190,000 definitions and 300,000 synonyms thoroughly integrated for ease of use
- \* Full coverage of English from around the globe--brassed off, merrythought, billabong, Charles's Wain
- \* Hundreds of new words such as shareware, carbon tax, grunge, and ram-raid

Valuable appendices, including:

- \* Selected Proverbs--more than 1,000 new and old favorites such as Handsome is as handsome does, A trouble shared is a trouble halved, and There's many a good tune played on an old fiddle.
- Terms for Animal Groups (a gang of elk, a troop of kangaroos, a parliament of rooks)
- \* Weights and Measures
- \* Chemical Elements
- \* Musical Notation
- \* Presidents of the U.S.
- \* Countries of the World
- \* Helpful points on English usage, and much more

No American dictionary or thesaurus offers as much as The Oxford Dictionary and Thesaurus. It not only combines an up-to-date and thoroughly reliable dictionary of American English with full thesaurus coverage, but it also provides a unique global perspective of English, the lingua

franca of the late twentieth century.

**Oxford School Dictionary & Thesaurus** Oxford Dictionary, 2012-05-03 The Oxford School Dictionary & Thesaurus is a comprehensive one-stop shop for definitions, curriculum vocabulary, spelling, grammar, and punctuation as well as synonyms and writing tips. It is ideal for students finishing primary and going on to secondary school. Easy to use and with a sturdy binding, it is the perfect one volume reference tool.

**Concise Oxford English Dictionary** Angus Stevenson, Maurice Waite, 2011-08-18 Offers definitions for English words and phrases, along with observations about the evolution of the dictionary since its first edition and tables that contain information for such topics as countries and chemical elements.

*The Pocket Oxford Dictionary and Thesaurus* Frank R. Abate, 1999 Rather than forcing readers to flip between the thesaurus for synonyms and the dictionary for definitions, The Pocket Oxford Dictionary and Thesaurus provides a unified approach, treating meanings and related words within the same entry.

**Oxford School Dictionary & Thesaurus** Robert Allen, 2005 Using the Oxford Concise School Dictionary on the top part of the page and the corresponding Oxford Concise School Thesaurus entries on the bottom, this volume provides a one-stop shop for upper primary/lower secondary school users. The headwords are in colour and the design is clear and accessible. The dictionary provides comprehensive coverage appropriate for the Y7 user, along with word origins, pronunciation guides, idiomatic phrases and idioms, labels and up-to-date example sentences. The thesaurus is completely new in 2005 and provides over 100,000 up-to-date synonyms for the dictionary entries, with those with meaning closest to that of the headword placed first to enable users to select the most accurate alternative.

**Concise Oxford American Dictionary** Oxford Languages, 2006-05-18 The Concise Oxford American Dictionary is a brand-new concise dictionary, offering Oxford authority in a handy desktop size. In addition to thorough coverage of the core English vocabulary, including new words and senses, with definitions that are concise and easy to understand, the Concise Oxford American Dictionary also

includes more than a thousand word histories that illuminate the lives of words. Features: more than 180,000 entries and definitions; hundreds of word histories about the fascinating lives of words; more than 300 carefully chosen illustrations; Ready Reference section with information about weights and measures, chemical elements, U.S. states and presidents, punctuation, frequently misspelled words, and much more.--BOOK JACKET.

*The Oxford Desk Dictionary and Thesaurus* Elizabeth Jewell, 2002 Integrates a dictionary and thesaurus in one volume by combining meanings and related words in one entry.
