

Confession Loose Ends Lite

John Reeves, William Francis Finlason

The Confessions of Jonathan Flite Matthew J. Beier, 2014-07-01 Jonathan Flite claims to have memories he can't explain. Seven layers of them, to be exact, all belonging to a group of teenagers who disappeared from a place called Idle County in 2010—ten years before his birth. Seventeen years of anxiety, violent outbursts, and refusal to admit he is lying have landed him at Crescent Rehabilitation Center, a seaside juvenile center for rich kids, and nobody has ever dared to believe his memories might be real. Until now. On a blustery November day just three months after a nuclear terrorist attack in Geneva, Switzerland, ex-CIA psychiatrist Thomas Lumen arrives at Crescent to interview Jonathan for a book about Idle County. Fueled by his personal connection to the disappearances three decades earlier, he asks Jonathan to share what he knows—anything and everything. By reigniting this thirty-year-old mystery, however, Jonathan inadvertently becomes a target of the very same religious terrorists who attacked Geneva, and they'll stop at nothing to keep the secrets of Idle County under wraps. Jonathan must then make a choice: to continue telling his story, or risk the safety of everyone he loves.

Confessions of a Recovering Environmentalist and Other Essays Paul Kingsnorth, 2017-08-01 A provocative and urgent essay collection that asks how we can live with hope in “an age of ecocide” Paul Kingsnorth was once an activist—an ardent environmentalist. He fought against rampant development

and the depredations of a corporate world that seemed hell-bent on ignoring a looming climate crisis in its relentless pursuit of profit. But as the environmental movement began to focus on “sustainability” rather than the defense of wild places for their own sake and as global conditions worsened, he grew disenchanted with the movement that he once embraced. He gave up what he saw as the false hope that residents of the First World would ever make the kind of sacrifices that might avert the severe consequences of climate change. Full of grief and fury as well as passionate, lyrical evocations of nature and the wild, *Confessions of a Recovering Environmentalist* gathers the wave-making essays that have charted the change in Kingsnorth’s thinking. In them he articulates a new vision that he calls “dark ecology,” which stands firmly in opposition to the belief that technology can save us, and he argues for a renewed balance between the human and nonhuman worlds. This iconoclastic, fearless, and ultimately hopeful book, which includes the much-discussed “Uncivilization” manifesto, asks hard questions about how we’ve lived and how we should live.

When Elise Morceau meets the writer Constance Holden, she quickly falls under her spell. Connie is sophisticated, bold and alluring – everything Elise feels she is not. She follows Connie to LA, but in this city of strange dreams and razzle-dazzle, Elise feels even more out of her depth and makes an impulsive decision that will change her life forever. Three decades later, Rose Simmons is trying to uncover the story of her mother, who disappeared when she was a baby. Having learned that the last person to see her was a now reclusive novelist, Rose finds herself at the door of Constance Holden's house in search of a confession . . . A Concordance to Conrad's *The Secret Agent* Todd K. Bender, 2020-04-27
Originally published in 1979, this concordance consists of a Verbal Index listing the location of all words used by Conrad, a Word Frequency Table listing number occurrences for each word in his text, and a Field of Reference in which the user can locate in its context a word cited in the Verbal Index. This volume is part of a series which produced verbal indexes, concordances, and related data for all of Conrad's works.

Confessions of an IT Manager Phil Factor, 2009 Phil Factor is a legend in his own runtime. Scurrilous, absurd, confessional and scathing by turns,

Confessions of an IT Manager targets the idiocy, incompetence and overreach of the IT management industry from vantage point all the way up and down the greasy pole. Phil Factor (real name withheld to protest the guilty) has over 20 years experience in the IT industry, specializing in database-intensive applications. For withering insight into the human weaknesses and farcical levels of ineptitude that bring IT projects to their knees, plus occasional escapes into burnished pastiche and cock-a-leg doggerel there is no funnier, more illuminating commentary on the IT crowd.

Confessions of a Slacker Mom Muffy Mead-ferro, 2008-08-01 Parents who are fed up with the pressure to turn their children into star athletes, concert violinists, and merit scholars-all at once!-finally have an alternative: the world of Slacker Moms, where kids learn to do things for themselves and parents can cut themselves some slack; where it's perfectly all right to do less, have less, and spend less. Slacker moms say No to parenting philosophies that undermine parents'-and children's-ability to think for themselves. They say Yes to saving their money and time by opting out of the parenting competition. And they say Hell, Yes! to having a life of their own, knowing it makes them better parents. In this witty and insightful book, author Muffy Mead-Ferro reflects on her experience of growing up on a ranch in Wyoming, where parenting-by necessity-was more hands-off, people made do with what they had, and common sense and generational wisdom prevailed. We should all take her sane lead!

Right Away & All at Once Greg Brenneman, 2016-02-09 An expert in business turnaround shares his inspiring approach to problem-solving: "A fascinating

read” (Mitt Romney). Visionary leader Greg Brenneman believes that true business success and personal fulfillment are two sides of the same coin. The techniques that will grow your business will also help you achieve a rich, purposeful, and integrated life. Here, Brenneman takes what he’s learned from turning around or tuning up many businesses—including Continental Airlines and Burger King—and distills it into a simple, clear, five-step roadmap that anyone can follow. He teaches you how to: *prepare a succinct Go Forward plan *build a fortress balance sheet *grow your sales and profits *choose all-star servant leaders *empower your team For more than thirty years, Brenneman has seen these steps foster dramatic results in a variety of business environments. But he also came to realize that he could apply these same principles to improve his life and build a lasting moral legacy. He found he could make better decisions by carefully taking the most important facets of his life—faith, family, friendship, fitness, and finance—into consideration. Brenneman’s inspiring examples, from both his business and his life, demonstrate the astounding effects these steps can have when you apply them—right away and all at once.
