*Making Saints* Kenneth L. Woodward, 2016-04-26 From inside the Vatican, the book that became a modern classic on sainthood in the Catholic Church. Working from church documents, Kenneth Woodward shows how saint-makers decide who is worthy of the church's highest honor. He describes the investigations into lives of candidates, explains how claims for miracles are approved or rejected, and reveals the role politics -- papal and secular -- plays in the ultimate decision. From his examination of such controversial candidates as Archbishop Oscar Romero of El Salvador and Edith Stein, a Jewish philosopher who became a nun and was gassed at Auschwitz, to his insights into the changes Pope John Paul II has instituted, Woodward opens the door on a 2,000-year-old tradition.

**The Vatican Prophecies** John Thavis, 2015-09-15 "The process by which these supernatural events are authenticated is expertly told by John Thavis, one of the world's leading Vaticanologists. In fact, that a book on so secretive and complex a topic is so deeply researched, beautifully written, and artfully told is something of a small miracle itself."—James Martin, S.J., author of *Jesus: A Pilgrimage* From the New York Times bestselling author of *The Vatican Diaries*, a fascinating behind-the-scenes look at how the Vatican investigates claims of miraculous events Apocalyptic prophecies and miraculous apparitions are headline-grabbing events that often put the Catholic Church's concept of "rational faith" at odds with the passion of its more zealous followers. To some, these claims teeter on the edge of absurdity. Others see them as evidence of a private connection with God. For the Vatican, the issue is much more nuanced as each supposed miraculous event could have serious theological and political consequences. In response, the Vatican has developed a highly secretive and complex evaluation system to judge the authenticity of supernatural phenomena. Former journalist John Thavis uses his thirty years' experience covering the Vatican to shed light on this little-known process, revealing deep internal debates on the power

of religious relics, private revelations, exorcisms, and more. Enlightening and accessible to Catholics and non-Catholics alike, the book illustrates the Church's struggle to balance the tension between traditional beliefs and contemporary skepticism.

*The Third Miracle* Bill Briggs, 2012-11-13 Part detective story and part courtroom drama—with a touch of the supernatural—The

Third Miracle exposes, for the first time ever, the secret rituals and investigations the Catholic Church today undertakes in order to determine sainthood. On a raw January 2001 morning at a Catholic convent deep in the Indiana woods, a Baptist handyman named Phil McCord made an urgent plea to God. He was by no means a religious man but he was a desperate man. McCord's right eye was a furious shade of red and had pulsed for months in the wake of cataract surgery. He had one shot at recovery: a risky procedure that would replace part of his diseased eye with healthy tissue from a corpse. Dreading the grisly operation, McCord stopped into the convent's chapel and offered a prayer—a spontaneous and fumbling request of God: Can you help me get through this? He merely hoped for inner peace, but when McCord awoke the next day, his eye was better—suddenly and shockingly better. Without surgery. Without medicine. And no doctor could explain it. Many would argue that Mother Théodore Guérin, the long-deceased matriarchal founder of the convent, had “interceded” on McCord's behalf. Was the healing of Phil McCord's eye a miracle? That was a question that the Catholic Church and the pope himself would ultimately decide. As part of an ancient and little-known process, top Catholic officials would convene a confidential tribunal to examine the handyman's healing, to verify whether his recovery defied the laws of nature. They would formally summon McCord, his doctors, coworkers, and family to a windowless basement room at the Archdiocese of Indianapolis. They would appoint two local priests to serve the roles of judge and prosecutor. And they would put this alleged miracle on trial, all in an effort to determine if Mother Théodore, whose cause for beatification and canonization dated back to 1909, should be named the eighth American saint. In *The Third Miracle*, journalist Bill Briggs meticulously chronicles the Church investigation into this mysterious healing and offers a unique window into the ritualistic world of the secretive Catholic saint-making process—one of the very foundations on which the Church is built. With exclusive access to the case and its players,

Briggs gives readers a front-row seat inside the closed-door drama as doctors are grilled about the supernatural, priests doggedly hunt for soft spots in the claim, and McCord comes to terms with the metaphorical “third miracle”: his own reconciliation with the metaphysical. As the inquiry shifts from the American heartland to an awaiting jury at Vatican City in Rome, Briggs astutely probes our hunger for everyday miracles in an age of technology, the Catholic Church’s surprisingly active saint-making operation, and the eternal clash of faith and science.

*Medical Saints* Jacalyn Duffin, 2013-05-01 Cosmas and Damian were martyred around the year 300 A.D. in what is now Syria. Called the Anargyroi (without silver) because they charged no fees, they became patrons of medicine, surgery, and pharmacy and the focus of cults ranging across Europe. They were popular in Byzantine and Orthodox traditions and their shrines are numerous in Eastern Europe, southern Italy, and Sicily. The Medici family of Florence viewed the santi medici as patrons, and their deeds were illustrated by great Renaissance artists. In medical literature they are now revered as patrons of transplantation. Jacalyn Duffin offers a profound exploration of illness and healing experiences in contemporary society through the veneration of the twin doctors Saints Cosmas and Damian. She also relates a personal journey, from her role as a hematologist who unexpectedly came to serve as an expert witness in the Church's evaluation of a miracle to her research as a historian on the origins, meaning, and functions of saints. Duffin's research, which includes interviews with devotees in both North America and Europe, focuses on how people have taken the saints with them as they moved both within Italy and beyond. She shows that veneration of Cosmas and Damian has spread beyond immigrant traditions to fill important functions in healthcare and healing. Duffin's conclusions provide essential insights into medical history, sociology, anthropology, and popular religion, as well as the current medical debate over spiritual healing. *Medical Saints* draws on medical history and Roman

Catholic traditions, but extends to universal observations about the behaviors of sick people and the formal responses to individual illness from collectivities in religion, medicine, and history.

*The Lawyer's Relic and A Grandfather's Dilemma* Julian Bauer, 2013-08-02 Author of the acclaimed historical novel, *The Scholar's Challenge*, Julian Bauer now turns his unique writing abilities to two contemporary novellas, *The Lawyer's Relic* and *A Grandfather's Dilemma*. The first novella asks how an agnostic lawyer would react if he found a bloody napkin wrapped as a Christmas gift. Would he throw it away even if he found a card attached describing it as the burial face cloth of Jesus Christ? How would he react if supposedly miraculous events occurred? Would his legal skills play a factor in his search for an answer to what it all means? The second novella puts a elderly man in a predicament. He faces death from old age and has settled all his worldly affairs when a middle-aged woman and her adult son show up on his doorstep. She claims the young man is his grandson. Is he? Moreover, she tells the old man that her son has major character flaws needing someone of his ability to redeem him. He refuses to take on the responsibility. She insists. In any case, how could an unwilling young man be changed? Is it possible that age can bring with it weapons of unusual teaching abilities? Heartbreaking and enlightening, these powerful stories engage the reader in questions of faith and integrity. In writing these novellas, Julian utilizes all the investigative and managerial tools he gained in his career as CEO of his own company, executive in the Federal government, and national president of a nonprofit organization. He skillfully weaves two riveting tales around the benefits of trust and virtue.

**The Miracle Detective** Randall Sullivan, 2005-03 An examination of the longest-running Marian apparitions in history, and the author's own faith and beliefs as he himself becomes a miracle detective, are at the heart of Sullivan's stunning new book, *The Miracle Detective*.

*Pilgrimage* Sean O'Reilly,James O'Reilly,2000 This book showcases a diverse array of spirit-renewing journeys from pilgrims of many kinds from places as far away as Tibet's Mount Kailish and as near as sacred New Mexico soil. A soulful blend of more than 20 stories, *Pilgrimage* is ideal for all with an affinity for travel, a practice of mindful living, and a thirst for the unknown.

**Sorrow's Company** Dewitt Henry,2001-09-16 In this volume, DeWitt Henry has collected some of the finest contemporary writing about loss and the grieving process, essays that explore emotional trauma in finely crafted prose. Debra Spark recounts her sister's death and reflects on all of the ideas that have helped her come to terms with grief. William Gibson writes eloquently of his mother's passing with a new understanding of the cycles of life. Andre Dubus describes the terrible loss of mobility he suffered in a freak accident, and what his pain and disability taught him about the human will. Transported back to her native Antigua and to all the complexities of a difficult childhood, Jamaica Kincaid confronts her brother's ostracism and death from AIDS. All of the pieces reflect, in some aspect, the tenacity, the strength to go forward and to love, that has informed these life journeys and the resolve that what matters is not what becomes of us, but what we become. This collection offers a unique perspective on loss, a depth of insight and compassion that only such masterful writers could summon.
