Orality, Identity, and Resistance in Palenque (Colombia) Armin Schwegler,Bryan Kirschen,Graciela Maglia,2017-12-19 Located near Cartagena de Indias, Colombia, Palenque is a former Afro-Hispanic maroon community that has recently attracted much national and international attention. The authors of this collection examine Palenque's linguistic, geographic, and cultural origins from interdisciplinary and theoretically diverse perspectives. Extensive in situ fieldwork and long-term familiarity with the Palenquero community form the basis of the seven essays, all of which are enriched by data from archival and other scholarly works. In this book, linguists, literary scholars, historians, and specialists in cultural and visual studies thereby enter into mutually enriching dialogues about the origins and nature of Palenque's unique Lengua (local creole) and culture. This rich tapestry of ideas is decidedly international, as its authors are members of academic institutions in the United States, Europe, and Latin America. *Orality, Identity, and Resistance in Palenque (Colombia)* is an updated translation of *Palenque, Colombia: Oralidad, identidad y resistencia*, 2012.

Mass Contacts Stefano Breccia,2009 Mass Contacts is an astounding story that says that Contact has begun from one who knows. A detailed report of contacts with human type aliens on the Adriatic coast, which answers many of our questions, this book is a milestone for ufologists wh study Contact. They were here and many look like us! It's time for disclosure. Paola Leopizzi Harris-Researcher and Author: Connecting the Dots; Making Sense of UFO Phenomena; Exopolitics: How Does One Speak to a Ball of Light? This book is a true milestone in the spreading of the reality of contacts between our humanity and extraterrestrials, both in the past and now; it gives rise to vital importants, hints in order to understand the epoch-making events that are waiting for us, and inteat with them in the best way. Tom Bosco-NEXUS Magazine-Edizione Italiana Eng. Stefani Breccia and I are friends, and have been responsible keepers of truths that not always were sharable with other people. Both of us have dedicated a significant part of our lives to UFO's, myself trying to spread this reality in the best way. Stefano trying to understand its roots, both being aware of how important the phenomenon is. And so I have acted as a midwife to the important result of Stefano's work, being convinced that reading this book is at the same time necessary and useful. Roberto Pinotti-Director, Centro Ufologico Nazionale (CUN), Italy This book, based upon memories of experiences covering a period of many years, is charming above all for it concerns the contact, first, and then the coexistence of humans and aliens, working toward a single goal. Paolo Di Girolama-Professor and writer.

The Leadership Challenge James M. Kouzes,Barry Z. Posner,1996-12-06 Completely revised and updated I not only enjoyed it...I found myself constantly nodding and saying to myself, 'That's right! That's how it's done! That's what it feels like!' You certainly captured the essence of what I've found is at the heart of transforming leadership. -- Robert D. Haas, chairman and CEO, Levi Strauss & Co. The leadership book that outshines them all, updated for today's new business realities. With an expanded research base of 60,000 leaders, this second edition captures the continuing interest in leadership as a critical aspect of human organizations. It offers a broader scope of leaders in every industry and walk of life, including the education and nonprofit fields, and examines the era's hottest issues -- the new cynicism, the electronic global village, evolving employee-employer relationships -- in keeping pace with our ever-changing world. The classic five-point guide to better leadership, however, remains as useful as ever.

Marcel Proust and Spanish America Herbert E. Craig, 2002 Craig begins by attributing the early introduction of the Recherche to the intimate friendship between Proust and the pianist-composer Reynaldo Halm, who was born in Caracas. He then shows in chapter 1 how literary critics of the principal newspapers and literary magazines of such countries as Venezuela, Argentina, and Chile examined this French text, which we know today as one of the fundamental works of modernism. Shortly thereafter interest in the Recherche spread to Cuba, Mexico, Uruguay, and Colombia. Eventually it would be read in all parts of the New World. Over the years Spanish Americans have continued to write about the Recherche and have published several noteworthy books on it, which are included in the comprehensive bibliography which serves as an appendix.--BOOK JACKET.
