Conversational Tagalog Teresita V. Ramos, 1985-04-01

Conversational Tagalog is an introductory-level text that was created for adult foreign/second language learners of Tagalog. It is designed to give practice in idiomatic Tagalog conversation by focusing exercises on simple language functions. The lessons are developed to encourage the interactional nature of communication. The book provides situations that are relevant to the lives of adult students. The situations force students to think about the meanings and consequences of what they say. Cultural notes guide students and give them a sense of when, how, and with whom it is appropriate to use the forms contained in a certain set of dialog material. *Conversational Tagalog* explores various ways of teaching language through actual and simulated activities, always working toward communicative competence. Grammatical explanations and exercises are based on what appears in a dialog and are not predetermined in the construction of the dialog.

Basic Tagalog for Foreigners and Non-Tagalogs Paraluman S. Aspillera, Yolanda Canseco Hernandez, 2014-07-01 Basic Tagalog takes a friendly and innovative approach, emphasizing the structure of the Tagalog language rather than just vocabulary. This user-friendly beginner Tagalog book teaches more than 2,000 Tagalog words and expressions with over 500 being added for this new edition. These are spread throughout 44 lessons, the Appendices and the exercises as well as in the Tagalog-English and English-Tagalog vocabulary lists at the back of the book. The added Tagalog vocabulary is meant to keep learners abreast of changes that have occurred in the language since the first edition of Basic Tagalog which was published. This edition has retained all the grammar lessons and the tried-and-tested teaching methodology developed by the author, Paraluman S. Aspillera, for the original version. Her method has proven to be extremely effective for tens of thousands of foreigners and non-Tagalogs who have used this book to learn Tagalog, including many who have successfully learned to speak Tagalog, read Tagalog and write Tagalog through self-study on their own without a teacher. Downloadable audio has also been added to facilitate the correct pronunciation of Tagalog words and phrases. A succinct introduction to the language and a description of the character of Filipinos will hopefully provide learners with a better understanding of the language they are learning. The lessons in

Basic Tagalog are intended for a three-month period of intensive study followed by another three months of applied oral communication. In six months (or about 250 hours), it is expected that an average learner should be able to speak, write and understand simple, everyday, conversational Tagalog as spoken by most Filipinos. Highlights of this book include: Over 2,000 Tagalog words and expressions. 44 lessons organized by organized for efficient language absorption. Extensive exercises and activities to reinforce the lessons. Vocabulary lists serve as comprehensive English-Tagalog and Tagalog-English dictionaries. Completely updated and expanded with new materials. Includes downloadable audio. Using Basic Tagalog to study the Tagalog language will further encourage both non-Tagalogs and non-Filipinos to speak Tagalog better. Only then will they appreciate the individuality of the language that reflects the resilience and flexibility of Filipinos all around the world. In the end, such learning will improve daily interactions and communications between non-Filipinos and Filipinos--whether in business, education, tourism, social or civic endeavors.

Intermediate Tagalog Joi Barrios, 2015-04-14 At last, a way to improve your Tagalog! Written by Joi Barrios as the continuation of her best-selling Tagalog for Beginners book, Intermediate Tagalog is the first intermediate-level book designed specifically for people who already speak or understand some basic Tagalog and now wish to achieve greater fluency in speaking, reading and writing standard Filipino--the national language of the Philippines. The carefully-constructed lessons in this book point out common grammatical errors that English speakers make when speaking Tagalog, and present real-life conversations demonstrating how the language is spoken in Manila today. Extensive cultural notes are provided, along with exercises and activities that introduce the use of the Tagalog language in a wide range of everyday situations. The 20 lessons give you all the basic skills needed to speak Tagalog fluently: paglalarawan (the ability to describe people, places and feelings); pagsasalaysay (the ability to tell a story--whether a news story, a folktale, or an anecdote); paglalahad (how to explain something--for example, a custom or tradition, or how to cook a dish); and pangangatuwiran (reasoning and abstract thinking). Each lesson is carefully structured in six key parts: A real-life dialogue providing valuable conversational skills. A vocabulary list to expand your familiarity with common, everyday Tagalog words and expressions. A grammar review section (for example, on the correct uses of affixes in various sentence constructions). Insightful cultural notes presenting aspects of the Philippines that may seem odd to outsiders, to explain how Filipino culture shapes the way people speak. A reading passage from a story or newspaper article, with comprehension questions. A writing exercise designed to teach a specific writing skill. Learn Filipino Victor Eclar Romero,

Filipino English and Taglish Roger M. Thompson, 2003-01-01 English competes with Tagalog and Taglish, a mixture of English and Tagalog, for the affections of Filipinos. To understand the competing ideologies that underlie this switching between languages, this book looks at the language situation from multiple perspectives. Part A reviews the social and political forces that have propelled English through its life cycle in the Philippines from the 1898 arrival of Admiral Dewey to the 1998 election of Joseph Estrada. Part B looks at the social support for English in Metro Manila and the provinces with a focus on English teachers and their personal and public use of English. Part C examines the language of television sport broadcasts, commercials, interviews, sitcoms, and movies, and the language of newspapers from various linguistic, sociolinguistic, and sociocultural perspectives. The results put into perspective the short-lived language revolution that took place at the turn of the twenty-first century.
