The White Coat Investor James M. Dahle, 2014-01 Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to

use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a Backdoor Roth IRA and Stealth IRA to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-

earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place. - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research. - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books This book should be in every career counselor's office and delivered with every medical degree. - Rick Van Ness, Author of Common Sense Investing The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk. - Joe Jones, DO Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis. - Dennis Bethel, MD An excellent practical personal finance guide for physicians in training and in

practice from a non biased source we can actually trust. - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

Retirement Watch Bob Carlson, 2023-01-03 America's #1 retirement adviser offers tried and true investment strategies for before and after retirement. Sound guidance from the creator of RetirementWatch.com and the author of *Where's My Money?: Secrets to Getting the Most Out of Your Social Security*. The 2020s are likely to be among the worst times to be nearing retirement or in the early years of retirement. The book first explains the forces that are coming together to make it more difficult to create and maintain financial security and independence in retirement. The middle of the Baby Boomer generation will increase the pressure on every aspect of retirement. The early boomers began reaching 65 in 2011. Since then about 10,000 Boomers per day have been hitting 65. But the

middle section of the Boomers is larger than the early Boomers. Beginning in 2024, an estimated 12,000 Baby Boomers will turn 65 each day. Already the foundations of retirement, Social Security and Medicare, are under stress. The rapid increase in the number of Boomers enrolling in these systems will increase the strain. In addition, the high returns in stocks and other investments since 2009 (and especially since 2017) make it likely that investment returns will be below their long-term averages during most of the 2020s. Further, interest rates on traditional retirement income investments, such as certificates of deposit, short-term government bonds, and money market funds, are the lowest they've been in U.S. history and are likely to remain below their historic averages. In addition, taxes imposed by all levels of government are likely to increase during the 2020s. A longstanding myth is that a person's tax burden will decline in retirement. That hasn't been true for some time, and in the 2020s retirees are likely to face a range of tax increases. For a long time, many retirees left a lot of money on the table by making less-than-optimum decisions about Social Security, Medicare, IRAs, 401(k) rollovers, long-term care, and other key retirement issues. For example, a recent study done for United

Income concluded that only four percent of Social Security beneficiaries made the optimum decision about when to claim retirement benefits. For the most part, the Boomers mistakes were bailed out by high stock market returns and low inflation. Retirees in the 2020s aren't likely to be so fortunate. Peak Boomers have to make the right decisions about all aspects of their retirement finances. This book will cover each of the key retirement planning issues faced in the five years before retirement and the first five years of retirement and guide readers to making the right decisions for them.

Tax-Free Income for Life David McKnight, 2020-11-17 The follow-up to the bestselling *The Power of Zero*, providing a blueprint to build a guaranteed, tax-free income stream that lasts for the long run. American retirees face a looming crisis. We are living longer than ever before, and most experts predict a dramatic rise in tax rates within the next ten years. The hard truth is that no matter how much you save, you are likely to outlive your money or watch it be taxed into oblivion. But when traditional retirement distribution strategies won't provide sufficient income in the face of higher taxes, what can you do? *Tax-Free Income for Life* lays out a comprehensive, step-by-step roadmap for a

secure retirement. McKnight shows how the combination of guaranteed, inflation-adjusted lifetime income and a proactive asset-shifting strategy can shield you from longevity risk and the cascade of unintended consequences that result from higher taxes. It's an innovative and proven strategy that maximizes return while effectively neutralizing the two biggest risks to retirement savings. If ever there were a solution for the American retiree, it's guaranteed tax-free income for life.

The Bogleheads' Guide to Investing Mel Lindauer, Taylor Larimore, Michael LeBoeuf, 2014-08-04

The irreverent guide to investing, Boglehead style The Boglehead's Guide to Investing is a DIY handbook that espouses the sage investment wisdom of John C. Bogle. This witty and wonderful book offers contrarian advice that provides the first step on the road to investment success, illustrating how relying on typical common sense promoted by Wall Street is destined to leave you poorer. This updated edition includes new information on backdoor Roth IRAs and ETFs as mainstream buy and hold investments, estate taxes and gifting, plus changes to the laws regarding Traditional and Roth IRAs, and 401k and 403b retirement plans. With warnings and principles both precisely accurate and

grandly counterintuitive, the Boglehead authors show how beating the market is a zero-sum game. Investing can be simple, but it's certainly not simplistic. Over the course of twenty years, the followers of John C. Bogle have evolved from a loose association of investors to a major force with the largest and most active non-commercial financial forum on the Internet. The Boglehead's Guide to Investing brings that communication to you with comprehensive guidance to the investment prowess on display at Bogleheads.org. You'll learn how to craft your own investment strategy using the Bogle-proven methods that have worked for thousands of investors, and how to: Choose a sound financial lifestyle and diversify your portfolio Start early, invest regularly, and know what you're buying Preserve your buying power, keeping costs and taxes low Throw out the good advice promoted by Wall Street that leads to investment failure Financial markets are essentially closed systems in which one's gain garners another's loss. Investors looking for a roadmap to successfully navigating these choppy waters long-term will find expert guidance, sound advice, and a little irreverent humor in The Boglehead's Guide to Investing.

Conversion And Tax Calculator: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed.

Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery.

Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power

of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own

purposes. As the students become more involved with *Morrow*, they begin to commit increasingly dangerous acts. *The Secret History* is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
