Conversion Katherine Howe, 2015-06-16 A chilling mystery based on true events, from New York Times bestselling author Katherine Howe. It's senior year, and St. Joan's Academy is a pressure cooker. Grades, college applications, boys' texts: Through it all, Colleen Rowley and her friends keep it together. Until the school's queen bee suddenly falls into uncontrollable tics in the middle of class. The mystery illness spreads to the school's popular clique, then more students and symptoms follow: seizures, hair loss, violent coughing fits. St. Joan's buzzes with rumor; rumor erupts into full-blown panic. Everyone scrambles to find something, or someone, to blame. Pollution? Stress? Are the girls faking? Only Colleen—who's been reading *The Crucible* for extra credit—comes to realize what nobody else has: Danvers was once Salem Village, where another group of girls suffered from a similarly bizarre epidemic three centuries ago . . . Inspired by true events—from seventeenth-century colonial life to the halls of a modern-day high school—*Conversion* casts a spell. [Howe] has a gift for capturing the teenage mindset that nears the level of John Green.—USA Today ...this creepy, gripping novel is intimately real and layered, shedding light on the challenges teenage girls have faced throughout history.—The New York Times A chilling guessing game . . . that will leave readers thinking about the power (and powerlessness) of young women in the past and present alike.—Publishers Weekly, Starred Review

Good News, Bad News C. John McCloskey, 2011-04-26 Fr. John McCloskey has become a famous convert maker in the powerful corridors close to the White House. Having run the Catholic Information Center in the heart of Washington, DC from 1998 to 2004, McCloskey had direct contact with numerous well-known and lesser-known Washington figures. Among well-known Catholic converts instructed by Fr. McCloskey are Senator Sam Brownback, publisher Alfred Regnery, Dr. Bernard Nathanson, journalist Robert Novak and many others. This work is a joint effort of McCloskey and Russell Shaw, the widely read Catholic author, speaker, and former communications director for the U.S. bishops. Drawing on moving, firsthand accounts of conversions, this book combines personal testimony, solid theology, and effective methods of communicating the Catholic Faith. From personal experience, I can testify that Father C. John McCloskey is one of America's great Catholic evangelizers. This book is a unique, fascinating guide of how and why to convert, and it should be must reading for all Catholics. -Robert D. Novak, Syndicated Columnist Mr. Shaw and Fr. McCloskey have written a book about repentance, recovery, conversion, and joy. I recommend it because I have experienced it through Jesus, my Savior. -Lawrence Kudlow, Host CNBC's Kudlow & Company Through their friendship and their family life, Catholics converted the Roman Empire, one person at a time. This book shows you how it was done-and how it's still done today. It's a book that can change the world all over again. -Scott Hahn, author *Rome Sweet Home* This book ranks with Karl Stern's *Pillar of Fire* and Thomas Merton's *Seven Storey Mountain* as an indispensable spiritual road map for the perplexed, the sorely bent and the broken. I know: Father John McCloskey was my Virgil, guiding me gently and lovingly through the terrifying jungle of secular success to a place of infinite surcease - God's grace. -Dr. Bernard Nathanson, Pro-Life activist and author Fr. C.J. McCloskey and Russell Shaw are themselves incomparable evangelists and apologists of the Church. They are compelling writers. All should study them. -Lewis E. Lehrman, 2005 winner of the National Humanities Medal No matter where you are in your spiritual journey, pick this book up and be

transformed both inside and out. -Raymond Arroyo, EWTN News Director and New York times bestselling author When it comes to leading people into full communion with the Catholic Church, Fulton J. Sheen was the John McCloskey of his day. -Robert P. George, Princeton University This book is calling all Catholics to share the gift of faith and shows them how to do so with winsome joy. -Rev. Richard John Neuhaus, Editor-In-chief of First Things Articulate and provocative. This is an important book we all need to read. -Bowie Kuhn, Former Commissioner of Professional Baseball. There is no more articulate believer in the power and majesty of the Catholic Church than Fr. C. J. McCloskey. Any sincere searcher for Truth who is attracted to Christian--particularly Catholic--faith, will want to read this book. Agree or disagree with Fr. McCloskey's unequivocal perspectives, his assertive witness provides much food for thought. -Wesley J. Smith Senior fellow, Discovery Institute and author of Culture of Death: The Assault on Medical Ethics in America. I've often wished that the call to Christian witness could come wi

Energy Conversion in Natural and Artificial Photosynthesis Katharina Brinkert,2018-03-16 This book discusses the basic principles and processes of solar energy conversion in natural photosynthesis. It then directly compares them with recent developments and concepts currently being pursued in artificial photosynthetic systems that are capable of utilizing sunlight to convert carbon dioxide and water into a chemical fuel. In this regard, the main focus is on photoelectrochemical cells, in which semiconducting photoanodes and -cathodes modified with (electro-) catalysts are used to oxidize water, produce hydrogen and reduce carbon dioxide in a monolithic device. The fundamental photochemical and photophysical processes involved are presented and discussed, along with protection mechanisms and efficiency calculations for both natural and artificial photosynthesis. In turn, key parameters that are crucial for the efficient operation of natural photosynthesis are identified. Lastly, their validity and applicability in the design of artificial solar-driven water-splitting systems are examined.

A Vision for Conversion Leisa Anslinger,2018-11-13 You said yes to coordinating the RCIA in your parish. You knew it was going to be a big commitment and require a lot of your time. But it turned out to be much bigger and more complex than you ever imagined. The more you learned about those asking to become Catholic, the more you realized that “the way we’ve always done it” just isn’t going to work anymore if you want to form lifelong disciples. Something has to change. Leisa Anslinger, a veteran of RCIA leadership and parish planning, knows how to help communities develop a vision, navigate change, and bring out the best in their leaders and parishioners. In *A Vision for Conversion: Eight Steps to Radically Change Your RCIA Process*, Leisa walks you through the eight most effective ways to move your parish RCIA process from maintenance-mode into a true conversion journey that inspires seekers to lifelong discipleship. Whether you’re an RCIA veteran or just getting started, this book will be your companion and guide as you plan for the change your parish needs to initiate seekers into Christ.

Christianity and Conversion among Migrants Darren Carlson,2020-10-20 In *Christianity and Conversion among Migrants*, Darren Carlson explores the faith, beliefs, and practices of migrants and refugees as well as the Christian organizations serving them between 2014–2018 in Athens, Greece.

Conversion Anke Brunn,Lutz Baehr,Hans-Jürgen Karpe,2012-12-06 CONVERSION - in the meantime the term for the process of converting arms industry into industrial production of non-military goods - is becoming a key subject in the building of the eastern economies. These Proceedings contain all important presentations of an international Conference in Dortmund in 1992. Speakers were well known experts from economy, politics, science and military, thus this book gives an up-to-date, excellent overview.

Conversion Optimization Khalid Saleh,Ayat Shukairy,2010-11-01 How do you turn website visitors into customers? Conversion Optimization offers practical advice on how to persuade visitors to make a buying decision -- without driving them away through data overload or tedious navigation. You'll learn how to use marketing principles, design, usability, and analytics on your site to increase your buyer-to-visitor ratio, whether you're involved with marketing or designing a large ecommerce

site, or managing a modest online operation. Based on the authors' broad experience in helping businesses attract online customers, this book addresses every aspect of the process, from landing visitors to finalizing the sale. You'll learn several techniques for blending successful sales approaches with the particular needs of the people you want to attract. Are you ready to do what it takes to get a double-digit conversion rate? Explore case studies involving significant conversion rate improvements Walk through different stages of a sale and understand the value of each Understand your website visitors through persona creation Connect with potential customers and guide them toward a conversion Learn how to deal with FUDs -- customer fears, uncertainties, and doubts Examine the path that visitors take from landing page to checkout Test any change you make against your original design The Web is unique in its ability to deliver this almost improbable win-win: You can increase revenue AND make your customers happy. Yet most websites stink. Worry not, Khalid and Ayat to the rescue! Buy this book to follow their practical advice on how to create high converting websites that your visitors love.--Avinash Kaushik, author of Web Analytics 2.0 and Web Analytics: An Hour A Day (both Sybex)

Solar Energy Conversion II A. F. Janzen,R. K. Swartman,2013-10-22 Solar Energy Conversion II presents the proceedings of the 1980 International Symposium on Solar Energy Utilization, held in Ontario, Canada on August 10-24, 1980. This book provides information on the utilization of solar energy and on the difficulties encountered in its implementation. Organized into 42 chapters, this compilation of papers begins with an overview of the important parameter in solar radiation measurement. This text then examines the use of solar radiation measurement, the solar radiation scales, the solar radiation units, and the types of solar radiation. Other chapters consider the general problems linked with building up data banks of observed solar radiation data. This book discusses as well the fundamental modes of heat transfer. The final chapter deals with the necessity to incorporate energy education into other disciplines like space geometry. This book is a valuable resource for politicians, government officials, engineers, scientists, and research workers. Technologists working on solar energy will also find this book useful.

A History of Christian Conversion David W. Kling,2020-05-05 Conversion has played a central role in the history of Christianity. In this first in-depth and wide-ranging narrative history, David Kling examines the dynamic of turning to the Christian faith by individuals, families, and people groups. Global in reach, the narrative progresses from early Christian beginnings in the Roman world to Christianity's expansion into Europe, the Americas, China, India, and Africa. Conversion is often associated with a particular strand of modern Christianity (evangelical) and a particular type

of experience (sudden, overwhelming). However, when examined over two millennia, it emerges as a phenomenon far more complex than any one-dimensional profile would suggest. No single, unitary paradigm defines conversion and no easily explicable process accounts for why people convert to Christianity. Rather, a multiplicity of factors-historical, personal, social, geographical, theological, psychological, and cultural-shape the converting process. A History of Christian Conversion not only narrates the conversions of select individuals and peoples, it also engages current theories and models to explain conversion, and examines recurring themes in the conversion process: divine presence, gender and the body, agency and motivation, testimony and memory, group- and self-identity, authentic and nominal conversion, and modes of communication. Accessible to scholars, students, and those with a general interest in conversion, Kling's book is the most satisfying and comprehensive account of conversion in Christian history to date; this major work will become a standard must-read in conversion studies.
