Convert It! Ron L. Toms,2021-03-20 A simple step-by-step guide for converting any classic car into an Electric Vehicle.

The Convert Deborah Baker,2011-05-10 *A 2011 National Book Award Finalist* A spellbinding story of renunciation, conversion, and radicalism from Pulitzer Prize-finalist biographer Deborah Baker What drives a young woman raised in a postwar New York City suburb to convert to Islam, abandon her country and Jewish faith, and embrace a life of exile in Pakistan? The Convert tells the story of how Margaret Marcus of Larchmont became Maryam Jameelah of Lahore, one of the most trenchant and celebrated voices of Islam's argument with the West. A cache of Maryam's letters to her parents in the archives of the New York Public Library sends the acclaimed biographer Deborah Baker on her own odyssey into the labyrinthine heart of twentieth-century Islam. Casting a shadow over these letters is the mysterious figure of Mawlana Abul Ala Mawdudi, both Maryam's adoptive father and the man who laid the intellectual foundations for militant Islam. As she assembles the pieces of a singularly perplexing life, Baker finds herself captive to questions raised by Maryam's journey. Is her story just another bleak chapter in a so-called clash of civilizations? Or does it signify something else entirely? And then there's this: Is the life depicted in Maryam's letters home and in her books an honest reflection of the one she lived? Like many compelling and true tales, The Convert is stranger than fiction. It is a gripping account of a life lived on the radical edge and a profound meditation on the cultural conflicts that frustrate mutual understanding.

The Most Reluctant Convert David C. Downing,2004-01-01 An ECPA 2003 Gold Medallion Finalist!Listed inBooklist'sBest Adult Religion Books of the Year in 2002!His books have sold millions, including classics likeMere Christianity, The Screwtape LettersandThe Lion, the Witch and the Wardrobe.Yet C. S. Lewis was not always a literary giant of Christian faith. How did he leave behind a staunch atheism to become one of the most beloved

and renowned Christian authors of our time?Other biographies of Lewis explore his childhood or his dramatic conversion to Christianity. But as David Downing reveals in this fascinating book, the rarely discussed period from Lewis's childhood to his early thirties took him on a tumultuous journey of spiritual and intellectual exploration before he became a most reluctant convert. It was not despite this journey but precisely because of it that Lewis understood the search for life's ultimate meaning so well and went on to become one of the most compelling authors of the twentieth century. Weaving the people, places and events of Lewis's life together with excerpts from Lewis's own writing, Downing shows how Lewis's spiritual quest can also light the path for other seekers.

The Convert Stefan Hertmans,2020-02-04 Finalist for the 2020 National Jewish Book Awards In this dazzling work of historical fiction, the Man Booker International—long-listed author of War and Turpentine reconstructs the tragic story of a medieval noblewoman who leaves her home and family for the love of a Jewish boy. In eleventh-century France, Vigdis Adelaïs, a young woman from a prosperous Christian family, falls in love with David Todros, a rabbi's son and yeshiva student. To be together, the couple must flee their city, and Vigdis must renounce her life of privilege and comfort. Pursued by her father's knights and in constant danger of betrayal, the lovers embark on a dangerous journey to the south of France, only to find their brief happiness destroyed by the vicious wave of anti-Semitism sweeping through Europe with the onset of the First Crusade. What begins as a story of forbidden love evolves into a globe-trotting trek spanning continents, as Vigdis undertakes an epic journey to Cairo and back, enduring the unimaginable in hopes of finding her lost children. Based on two fragments from the Cairo Genizah—a repository of more than three hundred thousand manuscripts and documents stored in the upper chamber of a synagogue in Old Cairo—Stefan Hertmans has pieced together a remarkable work of imagination, re-creating the tragic story of two star-crossed lovers whose steps he retraces almost a millennium later. Blending fact and fiction, and with immense imagination and stylistic ingenuity, Hertmans painstakingly depicts Vigdis's terrible trials, bringing the Middle Ages to life and illuminating a chaotic world of love and hate.

Essential Maple Robert M. Corless,2013-03-09 What's in this book This book contains an accelerated introduction to Maple, a computer alge bra language. It is intended for scientific programmers who have experience with other computer languages such as C, FORTRAN, or Pascal. If you wish a longer and more leisurely introduction to Maple, see (8, 27, 39). This book is also intended as a reference summary for people who use Maple infrequently enough so that they forget key commands. Chapter 4 is a keyword summary. This will be useful if you have forgotten the exact Maple command for what you want. This chapter is best accessed through the table of contents, since it is organized by subject matter. The mathematical prerequisites are calculus, linear algebra, and some differential equations. A course in numerical analysis will also help. Any extra mathematics needed will be developed in the book. This book was prepared using Maple V Release 3, although most of the examples will work with, at most, only slight modification in Maple V Release 2. This book does not require any particular hardware. The systems I have used in developing the book are machines running IBM DOS and WIN/OS2, Unix machines in an ASCII terminal mode, and x windows systems. There should be no adjustments necessary for readers equipped with Macintoshes or other hardware. Maple is an evolving system. New features will be described in the documentation for updates (?updates in Maple).
