Kids Coloring Books Age 4-8. The Big Book of Faces. Recognizing Diversity with One Cool Face at a Time. Colors, Shapes and Patterns for Kids Jupiter Kids, 2017-03-15 This coloring book will teach your child about diversity, along with lessons on colors, shapes, and patterns too. The Kids Coloring Books Age 4-8. The Big Book of Faces. Recognizing Diversity with One Cool Face at a Time. Colors, Shapes and Patterns for Kids is an ideal introduction to social sciences. It has 200 pages of: Coloring - Coloring is the primary task that your child will be asked to do when working on this coloring book. There are 8.5 x 8.5-inch pages entirely dedicated to it. Your child will be asked to color shapes and faces, too. Colors - The more coloring pages your child does, the stronger his/her knowledge of the color wheel becomes! Give him/her more color options, and he/she will be naming them in no time. Shapes - As your child works through the pages of this coloring book, he/she will realize that there is an abundance of shapes in every image. This realization will open the doors for drawing exercises, and overall no word communication excellence, later on. Patterns - Another cool mental challenger included in this activity book has something to do with patterns. Your child will have to look carefully and decide which part of the pattern is inconsistent with the rest. Other times, he/she might even have to draw the image that comes next in the pattern. Diversity - Again, the primary purpose of this book is for kids to realize that diversity exists. There many races around the world and each has its unique features. Some may have dark-colored skin, while others are fair. Some may have red hair, while others are black. The use of this engaging coloring book is recommended for kids age 4-8. But older or younger children are also encouraged to give it a try.

MARTIN Abner Marsh, a struggling riverboat captain, suspects that something's amiss when he is approached by a wealthy aristocrat with a lucrative offer. The hauntingly pale, steely-eyed Joshua York doesn't care that the icy winter of 1857 has wiped out all but one of Marsh's dilapidated fleet; nor does he care that he won't earn back his investment in a decade. York's reasons for traversing the powerful Mississippi are to be none of Marsh's concern—no matter how bizarre, arbitrary, or capricious York's actions may prove. Not until the maiden voyage of Fevre Dream does Marsh realize that he has joined a mission both more sinister, and perhaps more noble, than his most fantastic nightmare—and humankind's most impossible dream.
