Cesare Pavese and Antonio Chiuminatto Mark Pietralunga, 2007-12-15 Italian poet, novelist, literary critic and translator Cesare Pavese (1908-1950) is generally recognized as one of the most important writers of his period. Between the years 1929 and 1933, Pavese enjoyed a rich correspondence with his Italian American friend, the musician and educator Antonio Chiuminatto (1904-1973). The nature of this correspondence is primarily related to Pavese's thirst to learn about American culture, its latest books, its most significant contemporary writers, as well as its slang. This volume presents

an annotated edition of Pavese and Chiminatto's complete epistolary exchange. Mark Pietralunga's brilliant introduction provides historical and cultural context for the letters and traces Pavese's early development as a leading Americanist and translator. The volume also includes an appendix of Chiuminatto's detailed annotations and thorough explanations of colloquial American terms and slang, drawn from the works of Sinclair Lewis, Sherwood Anderson, and William Faulkner. A lively and illuminating exchange, this collection ultimately corroborates critical opinion that America was the igniting spark of Pavese's literary beginnings as a writer and translator.

True Tales of Lust and Love Anna David,2014-01-07 Anna David's True Tales of Lust and Love began as a one-time-only reading and storytelling show in January of 2012, a venue for writers and comedians to share and laugh at their dating disaster stories. But after selling out the venue and attracting immediate press and buzz—with articles in The LA Weekly, LA Times, Time Out, Flavorpill, and LAist, among others—David agreed to produce the show every month. It has continued not only to sell out but also to attract a growing list of authors, comedians, and Hollywood writers. As Time Out declared, "This is the place to go to see strong female performers." With the show now

booked indefinitely, and with audio recordings of each performance available on iTunes, Anna has collected the most popular and entertaining pieces into the first ever True Tales of Lust and Love anthology. The book includes essays organized into three sections—Casual Sex, Dating, and Out of the Ordinary—which collectively offer up funny, raucous, insightful, and surprisingly touching confessions about the quest for lust and love. Everyone has dating disaster stories, everyone needs to share and laugh at them, and this anthology will give readers the opportunity to do just that, with contributions from the funniest writers and comedians around, pulled from the world of books, TV, and film. True Tales of Lust and Love is the perfect complement for a funny or cynical Valentine's Day—and beyond.

Love, Explained Scott Marshall, 2017-10-15 Love has been called the only mysterious human relation. "Love, Explained" promises to eliminate that mystery with a comprehensive and revolutionary theory of love informed by what we now know about its biological foundations. The result of this new understanding is practical strategies to master the art of being a more loving person. All types of love are covered, not just romantic, but also between parent and child, and between siblings. The thread common to all of them is revealed. The basic questions we have about love are addressed, such as: what love is, why we love, why love fails, how to create new love, how to preserve the love we have, and how to restore lost love. What is the connection between love and health? Why are feelings of love so intense? Why

does supposedly eternal, unconditional love sometimes turn into intense hate in the blink of an eye? How can we avoid repeating the mistakes of our parents' relationships, or of our previous, unsuccessful relationships? At every step, "Love, Explained" turns science-based theory into practice. From what love is we advance to how love works, and end up with ways we can be better at any kind of loving relationship. It's all based on what the latest hard science reveals. We don't need love to be a mystery. The yield of banishing the mystery is to gain knowledge, and the yield of knowledge is to make progress in mastering the art of loving others, and inspiring others to love us. The book concludes with an assessment of our epidemic of loneliness and a prescription for how we can all contribute to making this world a more loving place.

The Fingerprint of God Will Dickerson, 2021-07-20 In a material, dog-eat-dog world where pain and suffering exist and where only the fittest survive, how and why did selfless love appear? How did love become one of the most basic necessities of human life? What exactly is love anyway? Is the existence—and necessity—of selfless love evidence that we really were created in the image of a loving God? What if love was God's fingerprint on our world and in our lives? What if love was the proof that he was here and that he made us to love and be loved?

Cootie Wars Bobbi J. G. Weiss, David Cody Weiss, Tom Lapadula, 2003 When tiny ultra-feminine creatures invade Dexter's lab, he blames his sister Dee Dee, uses his skills to create the hyper-masculine equivalent, and challenges his sister to a battle, but their creations do not react to each other the way either expected.

Authentic Love Jon Jorgenson, 2014-03 Jesus talks about having a child-like

faith. The phrase always confused me until I spent eight summers working with children at summer camp in northern Illinois. After all that time of trying to teach them about Jesus, I have come to one conclusion: they had more to teach me. I hope they teach you something as well.

There was never any question about whether he would keep his daughter, and eight years later, he doesn't have a single regret. He owns a successful contracting company, he's part of the Dark Knights motorcycle club, and Joey's happiness is his top priority. But Tara's older sister is Joey's birth mother,

and she's the last woman the dirty-talking biker should want to get his hands on. Tara Osten has been crushing on Levi for as long as she can remember. Barbarian Alien Ruby Dixon, 2022-01-25 The second novel in the Ice Planet Barbarians series, the international publishing phenomenon—now in a special

print edition with bonus materials and an exclusive epilogue! Liz Cramer swears she'll find a way off of this alien planet she's stuck on—then she meets Raahosh, the surliest and stubbornest alien, who won't leave her alone, and she just might be okay with that... Twelve humans are left stranded on a wintry alien planet. I'm one of them. Yay, me. In order to survive, we have to take on a symbiont that wants to rewire our bodies to live in this brutal place. I like to call it a "cootie." And my cootie's a jerk, because it also thinks I'm the mate to the biggest, grumpiest alien of the bunch. Raahosh believes the cootie's right, so he steals me away from the group, determined to make me fall for him—or else. He has no idea who he's up against. And if I didn't want his insufferable self so much (thanks, cootie), I'd let him know exactly what I'm thinking. As it is, I'm doing my best to fight this instant attraction. Just because the symbiont thinks we're supposed to be together doesn't mean I have to go along with it. And if we fool around a little, it's merely biology. It doesn't mean I'm in love—or that I'm destined to be his.
