The Joker Psychology Travis Langley, 2019-10-01 A fun, frightening, and fascinating deep dive into the psyche of a madman: Batman's nemesis, the Clown Prince of Crime. Since he first fought Batman in 1940, The Joker has evolved into one of popular culture's most complex and confounding psychological creations: both a criminal mastermind and an unhinged psychopath. In *The Joker Psychology: Evil Clowns and the Women Who Love Them*, Dr. Travis Langley, author of the bestselling *Batman and Psychology*, returns to Gotham City to explore the twisted psyche of this great supervillain, as well as the personalities who are inexorably drawn to it. Paying special attention to the strange dynamics of relationships like the one between The Joker and Harley Quinn, this collection includes some very special interviews with people who brought The Joker and Harley Quinn to life in comics and onscreen, and analyzes: · Why a bright, laughing monster who looks like a clown could be the ultimate antagonist to a grim, brooding hero who looks like a monster · The relationship between a therapist and her patient—and what happens when a therapist crosses the line, as Harley Quinn does when she falls for The Joker · How a smart person could fall for the most dangerous of criminals · Why so many fans find Harley Quinn

inspirational · How different kinds of therapy could (or could not) help twisted minds like Mister J and Harley Quinn The development of a fictional character that so completely embodies psychopathy (including interviews with creators who have shaped The Joker's character over the years), and more

The Drowning Girls Lisa Regan,2021-12-10 "Freaking awesome! OMG!... I am obsessed!... Totally addictive... I cannot find the right words to say. All I know is that everyone should get this book... Just awesome!" MagpieReviews In the thin glow of moonlight, a mess of auburn curls gleams against the rocks. Hands bound, the girl's fragile body is limp and still. Seconds later, a wall of raging white water crashes down, swallowing her whole... A knock on the door late in the evening can only mean trouble for Detective Josie Quinn, but fear chokes her at the news that the one of her own team is missing. No one has seen Denton PD's beautiful Press Liaison Amber for days. Sweet-natured and totally dedicated to the job, she'd never let her colleagues down. A message scrawled on the frosted windscreen of Amber's car leads Josie to a nearby dam. But the body they pull from the water is not Amber... Josie won't sleep until she finds a name for the innocent girl left to drown, and the meaning of the numbers scribbled in a tattered pink diary found on Amber's desk. But when the trail leads her to a twisted truth about Amber's family, Josie wonders if anyone really knew her at all? Her team crumbling around her, Josie must stay strong and focused to get the job done. But as prime suspects start going missing, and rumors of an argument the night Amber disappeared surface, could one of her own staff be to blame? Finding Amber alive is Josie's only chance of knowing the truth and stopping a dangerous killer in their tracks. But as a blizzard closes in, how many more precious lives will be snatched before she can?
