Corvette Special Editions Keith

Cornet, 2018-10-15 p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial} When the first Corvette was introduced to the public through the travelling caravan known as Motorama, everyone knew there was something special about it. Each subsequent model continued to strengthen that position. But how do you upgrade America's favorite sports car? Make it a special edition! Special edition Corvettes are the tip of the spear when it comes to the American auto manufacturers special models. Luminous cars such as the 1967 L88 convertible, 1969 aluminum block ZL1, and 2015 Z06 #001 have all commanded a million dollars or more. Modern dealer-tuned cars from Lingenfelter, Calloway, and Hennessey have carried the tradition of making a great Corvette even better. Extremely low mileage on 1978 Pace Cars indicate that people have thought of these cars as investments for nearly 40 years. Keith Cornett of Corvetteblogger.com compiles a murderer's row of special-edition Corvettes in this first-ever compilation on the subject. This book is an encyclopedia of information, as you will learn about some of the rarest Corvettes on the planet. It will serve as a guide if you're looking to add one of these special machines to your collection. Everything you've ever wanted to learn about collectible Corvettes is in *Corvette Special Editions*.

Corvette Mark Eaton, 2017-04-15 The full story of the classic American sportscar

Corvette David Newhardt, 2012-09-13 For 60 years, the Chevrolet Corvette, arguably one of the most recognized sports cars in the world, has been the American sports car, an icon of American horsepower and performance. The list of the car's accomplishments both on and off track is

legendary. Chevrolet has never built an ordinary Corvette. Even the most mundane coupe draws a crowd everywhere it goes. The Corvette is one of the longest continually produced sports cars in existence. With a performance heritage stretching back six decades, the Corvette has been offered in numerous specialty packages for both street and competition use, many of which now rank among the world's most valuable collector cars. Award-winning author and photographer David Newhardt tells the full story of these legendary machines in 300-plus photos of 50 potent Corvettes, from the original 1953 roadsters right up to the high-performance, high-tech beasts Chevrolet builds today, like the supercharged ZR-1, one of the fastest cars ever built for use on public roads. With hundreds of photos and concise, entertaining profiles, this is a book for every Corvette enthusiast.

This Old Corvette Michael Dregni, 2015-09-29 This Old Corvette is an anthology of excellent stories, artwork, and photography on this classic sports car. Stories by well-known historians and Corvette and automotive figures (such as Michael Antonick, Noland Adams, Peter Egan, Zora Arkus-Duntov, Allan Girdler, and Martin Milner) provide a broad overview of this groundbreaking automobile that's more than a mode of transportation. For some, the Corvette is an expression of the art and beauty of the classic muscle car. The collection of stories conveys the breadth of the history of the car, as well as its prominence in pop culture and how it influenced the dreams of generations of Americans. The stories flow seamlessly with the artwork (from such artists as Kent Bash and Dave Barnhouse), which includes stylish period ads and brochures, race posters, funky old car magazine covers, and classic Corvette movie, TV, and music memorabilia. This Old Corvette also includes a Corvette timeline which takes readers through the

entire history of the Corvette and it's history in American culture. An American classic, the Corvette has made a name for itself worldwide. This collection of Corvette stories is perfect for any classic car buff in your life, from the inclusive timeline to the stories told by famous automotive figures.
