COSMIC FORCE COSMOLOGY SOLATLE LU,2023-06-01

LIGHT, the primordial, eternal, pure, almighty energy, is the brightest as well as darkest riddle that has been puzzling to all earthlings for millennia. Whoever truly knows light has already cracked the greatest mystery of the cosmos. Surprisingly! This riddle has been actually cracked independently by three thinkers of different ages. Heraclitus, the Hellenic thinker 2500 years ago, is the first cracker of the riddle with his doctrines that things are constantly changing (universal flux), that opposites coincide, and that fire is the source and nature of all things—We just decode his Fire into LIGHT. 2400 years later, there comes the second cracker Nikola Tesla, the modern Heraclitus, who, in 1899, explicitly declares that Everything is LIGHT. Matter is created from the original and eternal energy that we know as LIGHT. Solatle Lu is the third cracker, the first narrator of the riddle. He explicitly declares, in 2019 in his *An Outline of Force Cosmology*, that All particles are derived from photons and live forever, substantially honors LIGHT as the Creator of all things, hence elevates the common idea of the three to the Highest Knowledge of 21st century, the Primary Cause, the First Principle. This event marks a great leap in the continuous rational movement of mankind, a new start.

LIGHT, the primeval, pure, almighty energy, is the brightest as well as darkest riddle that puzzles all earthlings for millennia. Whoever truly knows

light has already cracked the greatest mystery of the cosmos. Alas, what a surprise! This riddle has been actually cracked independently by three thinkers of different ages. Heraclitus, the Hellenic thinker 2500 years ago, is the first cracker of the riddle with his doctrines that things are constantly changing (universal flux), that opposites coincide, and that Fire is the source and nature of all things-Just translate his fire into LIGHT. 2500 years later, there comes the second cracker Nikola Tesla, the modern Heraclitus, who, in 1899, explicitly declares that Everything is Light, or Energy, or Electricity. Solatle Lu is the third cracker, the first expositor of the riddle. He explicitly declares that All particles are derived from photons and live forever in 2019 in his An Outline of Force Cosmology, substantially honors LIGHT as the Creator of all things in his CFC, thus develops the common belief of the three to the Highest Knowledge of the 21st century, the First Principle. This event marks a great leap in the continuous rational movement of mankind.

Cosmic Force Cosmology Solatle Lu,2021-10-12 A proposition in this book: Absolute truth stands on eternal fact. Absolute truth is something that is true at all times and in all places. It is something that is always true no matter what the circumstances. It is a fact that cannot be changed. Absolute truths are discovered, not invented. (Wikipedia.org) In world civilization, however, theories are all invented, while our discoveries are all facts, not theories. Most of the facts we find are uncertain, and therefore

most existing theories are also uncertain, or conjectures. Whoever discovers an absolutely certain fact can build upon it an absolutely certain theory, the absolute truth. This is the author's recent work. All astronomical observations confirm that spiral galaxies are the most common and certain astronomical phenomena. In addition, common sense tells us that all vortex motions are centripetal convergent motion without exception. Hence, vortex bodies, vortex motions, and their derivative forms are eternal facts of the universe. Cosmic Force Cosmology based on these downright and eternal facts deserves the title of absolute truth. From holism rather than pop reductionism, the author makes a comprehensive and in-depth discussion on basic scientific concepts such as light, matter, energy, electricity, magnetism, particle and field, and paints a new picture of our cosmos, opening a new window to observe the world.

Cosmic Forces of Mu James Churchward, 2018-12-05
AT THE time of my parting with the Rishi, after seven years of study under him, and when I thought I knew it all, he, placing his hand on my shoulder said: 'Go forth, my son, into nature's schoolhouse and learn, for at present you know nothing except how to learn. Every old rock with its wrinkled and gnarled face is speaking a tale of the past if you will but listen, every leaf on tree or bush and every flower and blade of grass growing out of the ground, has a whisper for listening ears. Nature is the great schoolhouse of knowledge, from which man is taught. Nature is God speaking.' In my previous books I endeavored to show the high state

attained by the Earth's First Civilization, the state they had arrived at after 200,000 years of study and experience: and, how man then learnt his lessons from nature, a study which brought him into a closer touch with his Heavenly Father. I showed that his sciences were mere copies of nature. Even his geometry and geometrical figures were taken from flowers. He carried these flower symbols into his art so that, today, we find his ancient statuary and structures based on regular, progressive, geometrical lines. The same geometrical figures were used in explaining and teaching religion. In this work I have tried to show the ancient sciences in their grander and more sublime form, taking a step nearer to the Creator himself. Yet told in childlike simplicity, as was the custom of the ancients, unencumbered with technology and hard words to understand.—James Churchward

The Universal Laws at work, an orderly procession of powers creating the Universe and the Earth; the natural sciences as they were taught on Mu. Many of these theories are counter to what modern science teaches yet they explain many anomalies modern science cannot. There is one great infinite force that governs all. The Joys and Benefits of Connecting with Our Cosmic Spirit Lloyd Armogan, 2012-11 For thousands of years, humans have been living lives greatly influenced by their EGOs and by their social conditionings and religious upbringings. Their lives have been mostly controlled by their minds and thoughts and as a result they have experienced ill health, fear, disasters, unhappiness and an emptiness feeling on the inside. They search for meaning in their lives but have a hard time finding any. The greater majority of them are unaware that there is a Cosmic Force or a Cosmic Spirit within their physical beings. That Cosmic Spirit brought them into this world and if they can only learn how to connect with their Cosmic Spirit they can transform their lives and experience peace and tranquility and contentment and inner happiness and find meaning in their lives. This book shows how you can learn to connect with your Cosmic Spirit and enjoy the remainder of your life on Planet Earth.

Across the Stars (Cosmic Force Book 1) T. L. Renfro, 2015-06-18 Iyona Ithilden was the captain of the trade ship Lirima. The playboy Prince she has heard nothing good about. Could her life get any more cliché! Dazzle Ohtar is perfectly happy commanding his family's flag ship and running training missions with the guards. He has no desire to have

a female by his side for more then one night. But his lifestyle is about to change weather he wants it to or not. After one conversation with Iyona he knows he will do anything to protect her. Even fight against the family he holds so dear.

Big Bang [The Cosmic Secret] Marco Thoft,2013-07-17 BIG BANG (THE COSMIC SECRET) UNCENSORED, UNRIVALED, TERRIFYING A computer-generated Armageddon, straight out the brilliant and imaginative mind of creative genius Marco Thoft, this exhilarating read depicts the frightening image of the earths doom and explores the dark and playful plausibility of technology overpowering mans capacity and power. AT MAXWELL CORPORATE UNIVERSITY, five scientists from different creeds and backgrounds working on a military project, attempt to discover the secret for outright creation but find themselves affected by a mysterious cosmic force issued from COMSAT ANTONOF KARETCHEV. The story peaks when four PhD students in nuclear physics and a computer scientist, connected by super-computer TRINITY to a powerful atom-smasher CREATRON, re-enact the exact conditions of cosmic creation or Big Bang from a point outside space-time - inadvertently threatening the small beach resort town of Yapoona close-by. Added to the novels complex plot, is a planetary wobble caused by the gargantuan weight of river damming schemes, removal of mineral deposits and acute oil and gas shifts. The resulting weight list, throwing planet Earth like a marooned freighter, off -balance. Taking queues from some Hindu beliefs, the human race is also equated to Shiva the Destroyer, whose task is to

destroy creation... A race of voracious and feisty omnivores which are having a blast and dont mind wrecking the joint they are partying on.

Cosmic Habit Force Mitch Horowitz, 2022-01-25

Discover the Essential Laws That Elevate You In one of his bluntest and most practical works ever, popular voice of esoteric ideas Mitch Horowitz explores the most powerful steps you can take to bring yourself into alignment with the natural forces of life to produce greater effectiveness, self-expression, creativity, earning ability, and personal happiness. In this book, Mitch makes his first detailed exploration of the most intriguing and mysterious idea charted by success master Napoleon Hill, *Cosmic Habit Force*, and demonstrates, step by step, how you can enact this method by incorporating 23 simple principles into your life. *Cosmic Habit Force* demonstrates how to “Harness Unexpected Forces” (Habit 5), “Loosen the

Hold of Fear" (Habit 7), "Avoid Predatory Personalities" (Habit 20), "Expect Great Things" (Habit 22), and much more. As Mitch describes, certain ways of living bring you into alignment with laws that enable nature and all of life. This is not dissimilar to concepts found within Taoism and Transcendentalism. When you function within this productive flow, cycles of growth appear at your back. All of nature aids your advancement. "Brilliant mind."—Duncan Trussell "Invitingly frank."—Kirkus Reviews "Mitch Horowitz, a specialist in American esotericism...takes us far from naive doctrines."—Paris Match
