Its 48 pages of real-world problems give kids big practice in recognizing and counting coins, two important math objectives. Lemonade in Winter Emily Jenkins,2012-09-11 A lemonade stand in winter? Yes, that's exactly what Pauline and John-John intend to have, selling lemonade and limeade--and also lemon-limeade. With a catchy refrain (Lemon lemon LIME, Lemon LIMEADE! Lemon lemon LIME, Lemon LEMONADE!), plus simple math concepts throughout, here is a read-aloud that's great for storytime and classroom use, and is sure to be a hit among the legions of Jenkins and Karas fans. A beautifully restrained tribute to trust and tenderness shared by siblings; an entrepreneurship how-to that celebrates the thrill of the marketplace without shying

away from its cold realities; and a parable about persistence.

Penny Denise Brennan-Nelson, 2013-08-15 Found by a young boy and placed into his pocket for safekeeping, Penny feels useless compared to the exciting Superball, the shiny Marble, the adventuresome Rock, and the colorful Bubblegum. But as she reminisces about her life and history, she realizes her worth, and it is reinforced by the young boy's need for her in an important decision. Denise Brennan-Nelson's boundless energy and enthusiasm comes from her days as a motivational speaker. Since the publication of her first book, Buzzy the Bumblebee in 1999, Denise has taken that enthusiasm into schools and inspired thousands of children to bee-lieve in themselves. Her second title, My Momma Likes to Say, shares her interest in and knowledge of clichés, idioms, and funny expressions used by adults and often misunderstood by the children who hear them. Award-winning wildlife artist Michael Glenn Monroe is also known for his charming character illustrations in such titles as Buzzy the Bumblebee, A

Wish to be a Christmas Tree (read aloud on the Today Show in 2002 by Katie Couric), and The Christmas Humbugs. He brings this lively brand of illustration to the adventures of Penny.
