Start Your Own Online Coupon or Daily Deal Business Rich Mintzer,Entrepreneur magazine,2013-08-19 Unlike old-school “design your own coupon book” titles, this book moves straight into computer technology and proceeds to the latest trend in couponing . . . apps, which provide deals to mobile users in any location. Many daily deal businesses do not work to enhance the experience for their merchants. Readers, however, can learn how to do so. Experts in the industry are also included such as Marc Horne, co-creator of Daily Deal Builder, who discusses what it takes to build a daily deal site, David Teichner, CEO of Yowza!! who brought deal apps to iPhones and several business owners who have tried their luck at running daily deal. They discuss what they have learned from the process. Currently there are few, if any, other books on how to start a daily deal business and the coupon books focus on how to use coupons and even on extreme couponing, but not on running an online coupon business. This is a unique title which provides those who enjoy offering deals and discounts to get started in an industry that is still growing.

The Four Winds Kristin Hannah,2021-02-02 The Bestselling Hardcover Novel of the Year.--Publishers Weekly From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family." Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. *The Four Winds* is a rich, sweeping novel that stunningly brings to life the Great Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, *The Four Winds* is an indelible portrait of America and the American dream, as seen through the eyes of one indomitable woman whose courage and sacrifice will come to define a generation.

Why Popcorn Costs So Much at the Movies Richard B. McKenzie,2008-04-17 This entertaining book seeks to unravel an array of pricing puzzles from the one captured in the book's title to why so many prices end with 9 (as in \$2.99 or \$179). Along the way, the author explains how the 9/11 terrorists have, through the effects of their heinous acts on the relative prices of various modes of travel, killed more Americans since 9/11 than they killed that fateful day. He also explains how well-meaning efforts to spur the use of alternative, supposedly environmentally friendly fuels have starved millions of people around the world and given rise to the deforestation of rainforests in Malaysia and Indonesia.

Don't Bang the Barista! Leigh Matthews,2014-11-01 Drawing on the classics of lesbian pulp fiction, *Don't Bang the Barista!* is set in the hipster-dyke triangle of East Vancouver, where friends Kate and Cass discuss the politics of hooking up with a hot barista crush. Is Cass warning Kate off over concern for her favourite coffee shop hangout, or does she have ulterior motives for keeping Hanna and Kate apart? What if Hanna actually has her sights set on someone else... someone already in a seemingly monogamous and hetero relationship? Navigating life in the queer East Van community certainly isn't simple for Kate and her trusty canine, Jupiter, especially when Kate's ex gets back into town looking more fabulous than ever. Can Kate finally figure out who she wants to be with before it's too late? **Contains scenes of a (consensual) sexual nature.**
