Couponing Book Organizer Lawrence Westfall, 2019-07-14 Do you like to save money and get great prices on items you use daily? Of course you do. Who wouldn't? Couponing has become increasingly popular as more people are looking for ways to save money. I love couponing - clipping coupons, going shopping, getting great deals and saving money. I really, really love when stores offer double or triple coupons - then, I usually get the items for free. And, if the product is worth it, I even go back and buy an additional Sunday newspaper just to get the inserts and I also ask my neighbors if they have coupons they aren't going to use. This is especially true for those products that are for males mainly - since I'm a guy. I swap the coupons that I have no use for and the ladies in my neighborhood do the same. Some stores even have coupon exchanges set up when you first enter the store. Grab some of the ones you use and drop off ones you don't want. In addition to the coupon clipping process, use digital couponing resources including apps, smartphones and other technology. Save money and learn about the benefits of couponing and how to effectively use coupons to get the best return on your investment of time and money. Helpful Couponing Tips: Use a binder, dividers, and plastic baseball card holders. Arrange coupons according to categories such as frozen foods, canned goods and baby products. Download your grocery store's layout and organize the coupons by each aisle. Stock up on items frequently used during certain times of the year. Money Saving Tips: Make a grocery list. Plan meals ahead of time and try to match up coupons accordingly. Look for hidden coupons, including inside boxes or ones that can be combined when purchasing another item. Out of state newspapers often have coupons that are better values - ask friends and family to send coupon inserts. Download coupons from a number of websites like couponmom.com or afrugalchick.com. Check out the Coupon Corner inside your local grocery store.
