**Broken Screen** Doug Aitken,2006 To the Chinese people, jade is a precious stone endowed with magical properties which encapsulated all that mankind aspires to in terms of character, elegance, tranquility, purity and virtue. The Chinese love jade not merely because of its rarity or its luster but because of a deeper aesthetic value. Chinese Jade: The Spiritual and Cultural Significance of Jade in China presents a comprehensive view of jade and its history in China from Neolithic times to the Qing dynasty. It illustrates pieces of jade that are on display not only in the Palace Museum in Beijing but in the many provincial and other museums across China. It will help the reader to understand what jade means to the Chinese in China; how it is classified and described and where it is found and worked and displayed. It has a value beyond that of a simple catalogue and places jade in its natural, and central, cultural context.

*Timeless Reflections* Mary Ann Caskey-Drake,2009-07-14 My poetry is often referred to as straight from the heart most of my poems were inspired from my own personal experiences or from the inspiration I felt when talking to others .not necessarily my thoughts but the way I thought the other person felt, Within these pages you will find the expressions of many emotions tears of joy, sadness, laughter, love and many others, Some may even make you shed a tear or two, if so I was probably shedding a few of my own when I wrote it, I tell my friends and family that these poems were written in tears and they truly were. Not all of my poetry is sad and should apply to both male and female of all ages . I hope you enjoy my book and if you would like to comment on any of them you can contact me at mcaskeydrake @yahoo.com

**Cinema after Fascism** S. Craig,2010-07-19 Cinema After Fascism considers how postwar European films glance ambivalently backward from the postwar period to the fascist era and delves into issues of gender certainties and spectatorship. In this period of film, familiar structures of epistemology and historiography reappear as ghostly imprints on postwar celluloid, and the remnants of fascist subjectivity walk the streets of postwar cities. Through new perspectives on the films of Roberto Rossellini, Billy Wilder, Carol Reed, Alain Resnais, and Marguerite Duras, this book examines the ways in which filmmakers acknowledge the fascist past. Siobhan S. Craig reveals that the attempts to reconfigure the idioms of cinema are never fully naturalized and remain highly precarious constructions.

*Killer Tapes and Shattered Screens* Caetlin Benson-Allott,2013-02-20 Since the mid-1980s, US audiences have watched the majority of movies they see on a video platform, be it VHS, DVD, Blu-ray, Video On Demand, or streaming media. Annual video revenues have exceeded box office returns for over twenty-five years. In short, video has become the structuring discourse of US movie culture. *Killer Tapes and Shattered Screens* examines how prerecorded video reframes the premises and promises of motion picture spectatorship. But instead of offering a history of video technology or reception, Caetlin Benson-Allott analyzes how the movies themselves understand and represent the symbiosis of platform and spectator. Through case studies and close readings that blend industry history with apparatus theory, psychoanalysis with platform studies, and production history with postmodern philosophy, *Killer Tapes and Shattered Screens* unearths a genealogy of post-cinematic spectatorship in horror movies, thrillers, and other exploitation genres. From *Night of the Living Dead* (1968) through *Paranormal Activity* (2009), these movies pursue their spectator from one platform to another, adapting to suit new exhibition norms and cultural concerns in the evolution of the video subject.
