Batch; Craft, Design and Product Andrew Tanner,2010-09-25 **Batch; Craft, Design and Product** by Andrew Tanner covers a hot new trend coming from international craft designers: making small batches of skillfully crafted work for large retail outlets. This is the cream of the contemporary craft world, crossing into most disciplines and mediums, including ceramics, textiles, wood, glass, precious metals, and metal work. Detailing a glorious array of these handcrafted objects, the book is filled with information gathered from each maker, explaining the ideas and concepts behind their products, and how they got started and developed their work. The book also includes practical information on running a small craft business, such as connecting with manufacturers, dealing with press, sourcing commissions, conceptualizing packaging, and managing marketing.
