The Craigslist Hustle LaJuan Stoxstill-Diggs,2013-03-04 **Get the most for your money by purchasing The Craigslist Hustle: paperback edition which includes The Craigslist Hustle and The Craigslist Hustle Washer & Dryer edition. As featured on Entrepreneur on Fire!!! Here are a couple of reviews: I've flipped 2 gas grills, a stainless steel mini fridge and a broke washer I got apart and fixed myself. In 2 days I'm up \$400. Bro. Wtf! I repainted the grills for like \$5.00 cleaned up the mini fridge and washer spotless. All inspired by you man. Simplicity in 75 pages. We need more how to books like this. No large print, double space, cheesy filler. Just how to buy and re-sell on craigslist. That's it. There is no CD or system to buy. There is no MLM hook. No up sell. Just good old straight info on how to get started and do it. I read the book then bought my first item on CL from someone in my town. Two days later it sold to someone in my town. I drove less than 3 miles for the entire transaction. I made a 42% return on investment, tax free. And I supported my local economy. Buy used and help the environment. Buy used and support your local economy, not China and Walmart! Have you ever purchased an item for \$50 and sold it in the same day for \$350? Better yet, have you ever received an item for free from a total stranger and then sold it for \$400 the same day? Me either, not until I was laid off by my employer and stumbled across Craigslist. Craigslist receives over 60 billion (yes billion) hits per month worldwide, so let me help you profit off that statistic. This no fluff, straight to the point, quick read will pay for itself with your first Craigslist Hustle. I have been making money via Craigslist steadily several years and have helped thousands of people around the world do the same with this book. Unemployment, recession, felony records and low pay on your job are no excuses. There is money to be made using Craigslist and I want to show you how. This is no late night seminar, but a real everyday person who was hit by unemployment and fortunately I found my niche on Craigslist. The Craigslist Hustle, let's get it!!! Please take a moment to come back and leave a quick honest review of the book as well. Thanks in advance. You can also check out my YouTube videos by searching The Craigslist Hustle to see different video tips as well.

Wanted - Bear Cubs for My Children Gary Fingercastle,2009-10-18 What do haunted furniture, bear cubs, and a skydiving baby have in common? Answer: Serial craigslist poster and parodist Gary Fingercastle. Picture this: Author and agitator Gary Fingercastle posts hundreds of mock advertisements on the popular website craigslist.org and receives thousands of real-life responses. And because truth is stranger than fiction, he learns that: People will do anything for love (like jumping into a lion pen and dressing up like a Christmas tree). You can give anything away (like haunted furniture, torture racks, and mummies). You can purchase anything on the Internet (like bear cubs and tattoos for children). People will do anything for money (like driving into walls at high speeds and starving themselves for five weeks straight). This book is the hilarious and oftentimes horrifying collection that really makes you wonder—are we all insane?

Influence of Maltreatment on Executive Functions that Underlie Problem Solving LaTonya Shaunette Harris,2010

Dispossessed Noelle Stout,2019-06-04 In the aftermath of the 2008 financial crisis, more than 14 million U.S. homeowners filed for foreclosure. Focusing on the hard-hit Sacramento Valley, Noelle Stout uncovers the predacious bureaucracy that organized the largest bank seizure of residential homes in U.S. history. Stout reveals the failure of Wall Street banks' mortgage assistance programs—backed by over \$300 billion of federal funds—to deliver on the promise of relief. Unlike the programs of the Great Depression, in which the government took on the toxic mortgage debt of Americans, corporate lenders and loan servicers ultimately denied over 70 percent of homeowner applications. In the voices of bank employees and homeowners, Stout unveils how call center representatives felt about denying appeals and shares the fears of families living on the brink of eviction. Stout discloses the impacts of rising inequality on homeowners—from whites who felt their middle-class life unraveling to communities of color who

experienced a more precipitous and dire decline. Trapped in a Kafkaesque maze of mortgage assistance, borrowers began to view debt refusal as a moral response to lenders, as seemingly mundane bureaucratic dramas came to redefine the meaning of debt and dispossession.

An Internet for the People Jessa Lingel, 2022-06-14 How craigslist champions openness, democracy, and other vanishing principles of the early web Begun by Craig Newmark as an e-mail to some friends about cool events happening around San Francisco, craigslist is now the leading classifieds service on the planet. It

is also a throwback to the early internet. The website has barely seen an upgrade since it launched in 1996. There are no banner ads. The company doesn't profit off your data. *An Internet for the People* explores how people use craigslist to buy and sell, find work, and find love—and reveals why craigslist is becoming a lonely outpost in an increasingly corporatized web. Drawing on interviews with craigslist insiders and ordinary users, Jessa Lingel looks at the site's history and values, showing how it has mostly stayed the same while the web around it has become more commercial and far less open. She examines craigslist's legal history, describing the company's courtroom battles over issues of freedom of expression and data privacy, and explains the importance of locality in the social relationships fostered by the site. More than an online garage sale, job board, or dating site, craigslist holds vital lessons for the rest of the web. It is a website that values user privacy over profits, ease of use over slick design, and an ethos of the early web that might just hold the key to a more open, transparent, and democratic internet.

The Design of Sites Douglas K. Van Duyne, James A. Landay, Jason I. Hong, 2007 Using patterns to help Web designers develop a site that attracts visitors, this text reveals ways to understand customers and their needs, and ways to keep customers involved through good design.
