Zen and the Art of Racing Motorcycles Gregg Wright

Bonelli, 2014-11-17 Gregg Bonelli, born with an inquisitive mind and competitive nature, has had the desire to go fast since 1964, when he discovered his true self through racing motorcycles. In this colorful and creative tribute to his love of motorcycling and racing, Bonelli shares insights into life and death from the seat of a racing motorcycle that vividly celebrate the lifestyle he has embraced for fifty years. Bonelli offers a fascinating glimpse into the thought processes and life of a motorcycle racer, as he made lasting friendships, raced at speeds most would think insane, and met eclectic characters along the way. With his mind constantly on motorcycles and the next race, Bonelli details how the rest of his life seemed only incidental to his obsession with going fast. Whether racing on a 250 Harley Sprint or a TZ750 Yamaha, Bonelli shares anecdotes, poetry, and prose that illuminate the pure joy of what it is like to count down the minutes until he can zip his leathers, hop in his van with his bike in the back, and head out to race again. *Zen and the Art of Racing Motorcycles* shares a seasoned motorcycle racer's perspective on why he loves to ride with the wind with the throttle wide open and nothing but excitement and the possibility of a win before him.

Grand National Joe Scalzo, 2004 An examination of the American Motorcyclist Association's Grand National series, one of the most unique, challenging and exciting motorcycle racing series' on the planet.

Chris Carter at Large Chris Carter, Richard

Skelton, 2015-08-14 Few people have been as deeply involved in motorcycle sport as Chris Carter, a larger than life character and raconteur who was for a great number of years a journalist, commentator and broadcaster at the very top level of motorcycle sport. This memoir is a funny,

fascinating and unique insider view of professional motorcycling over more than six decades. From scrambling in the 1960s, to four decades of international road racing - including Daytona and Macau - as well as trials and speedway. Packed with remarkable stories and amusing anecdotes, as well as interesting reflections and astute observations, it is a light-hearted, highly readable autobiography which lifts the lid on an extraordinary world. In past times, racing paddocks were open and friendly, and Chris felt part of a big, happy family. He lived cheek by jowl with the very top riders and shared their triumphs and tragedies; to many, he was a friend and confidante. Honest, frank and direct, Chris tells things exactly as they were, and provides insights into a fast disappearing world.

A Guide to Motorcycle Racing Hedley J. Cox, 2015-05-14
United States motorcycle enthusiasts can learn a lot by looking to their peers in Europe, which has as rich a history as they do. Hedley J. Cox was living in England when he became involved in racing in the early 1950s. An engineer of the first order, he raced and designed machines and traveled with a team to International Grand Prix meetings in Europe. In this behind-the-scenes look at the world of motorcycle racing, you'll learn the answers to questions such as: How does management politics affect racing? Why did British motorcycle manufacturers lose the spirit of adventure that is so necessary in racing? What happened when that sense of adventure was lost? He also examines the state of racing in the Canada, where he raced for a big manufacturer after moving to the United States. At

every turn and curve, he encouraged others to embrace new ideas to beat competitors. Join the author on a fascinating journey that spans thousands of miles with three different manufacturers with *A Guide to Motorcycle Racing*.

Top Dead Center 2 Kevin Cameron, 2009-11-12 A second collection of articles and columns by one of the world's best motorcycle writers, arranged thematically and with brief new introductions by the author.

Endurance: The Toby Price Story Toby Price, 2022-02-01 The Australian bush has conjured up some crazy legends, but the rise and rise of two-time Dakar champion Toby Price is surely one of its best. Who knew that the remote town of Roto (pop. 41) would be the launching pad of one of the greatest motorsports athletes the world has seen, fit to tackle and triumph over the planet's most gruelling endurance race? Toby Price has lived a truly remarkable life, filled with ups, downs and every bump in the road imaginable: a childhood racing prodigy from the tender age of 2 – there was hardly a paddock that could contain him. After tearing through the junior ranks, taking out titles in both dirt track and motocross, Toby was living the dream, turning pro at 16 and joining the formidable KTM Racing team. Soon he was turning heads internationally and tapped to take on the most forbidding enduro courses the sport could throw at him. But the clock and the elements weren't his only adversaries. The death of his adored sister, Min; the tragic loss of mentors and rivals in the desert; countless broken bones and an accident that should have paralysed him for life – Toby's story is a study in staying true to yourself and following your passion to its ultimate end: rain, hail or shine. The person who emerged from the crucible of so many trials is now one of the most beloved figures in Australian sport, a kid from the country whose need for

speed took him to the top of the podium – and he’s not about to slow down now.

Feel Freddie Spencer, 2017-04-20 *Feel* is the story of how a small-time boy from humble beginnings in Louisiana rose to the pantheon of greats, to win the 500cc and 250cc GP Championship in the same year – an historic achievement over three decades ago which has never been repeated. Growing up at the time of the assassination of Malcolm X and Martin Luther King, Freddie judged by feel, not by colour. Blind to prejudice and discrimination, he formed dynamic connections with people and events, but only years later during his racing afterlife could Freddie come to understand the true power of the things he learned. Spencer is an articulate and compassionate guide as he describes the thrill and horror of racing in an era when death was a perennial threat. He recalls in pin-sharp detail the frenetic high-octane racing duels with the ‘King’ Kenny Roberts, but also describes a parallel internal journey as he struggled to make sense of it all. Driven by a search for the personal fulfilment that comes through finding your purpose, Freddie’s story is a universal one. In its message of hope, *Feel* transcends its genre to offer a story for everyone. Part thriller, part philosophical self-exploration, it is a remarkably insightful account of what it is like to have it all, but wonder why. “For the first time I will talk about the traumas of my childhood, the contrast between the leaf fire burns, the mistrust and discomfort and the peace and purpose I felt when riding my bike. I didn’t tell my parents about something that happened to me. Why? I felt ashamed, but when I rode I felt connected to everything and the pain in my hand and heart would go away. It gave me the feeling of hope”.
