🔖 CREATE OR DIE WALKER, 2024-02-18 I know why you picked up this book. When most people read the title *Create or Die*, they think of physical death. But you, you see the world differently than most. Something in you knew that I was not talking about a death involving leaving our bodies. We feel alive when we create, and death is all the things that pull us away from our passions and self-expressions. It's the schools. It's the jobs. It's the systems. It's the rules. It's the norms. It's the insecurities. It's the doubt. It's all the chains that keep us grounded when all we want to do is fly. Our purpose on this planet, in this short span of time we have to experience it, is to bring our ideas to life. We live to create. Do you want the keys to unlocking the chains holding you back from your creative potential? *Create or Die: 48 Keys of Creativity* by Dwayne Walker emerges as a transformative guide for creators seeking to unlock their potential. This book delves deep into the essence of creativity, presenting it not just as an innate talent but as a skill that can be cultivated, nurtured, and mastered. Walker takes readers on a journey through 48 distinct keys or principles, each designed to challenge conventional thinking, inspire bold ideas, and foster a culture of innovation. Drawing from historical figures, contemporary icons, and personal anecdotes, Walker pushes the boundaries of what is traditionally understood about creativity. *Create or Die* is more than just a book; it's a call to action for dreamers, artists, entrepreneurs, and anyone who believes in the power of creativity to change the world. Whether you're looking to spark innovation in your professional endeavors, seeking inspiration for artistic pursuits, or simply aiming to enhance your everyday problem-solving skills, Walker's 48 keys offer a roadmap to a life of enriched creativity and limitless possibilities. Embark on this transformative journey to challenge the status quo and harness your creativity to leave a lasting legacy in the world.

🔖 READ OR DIE DAPHNE RUSSELL, 2018-05-16 I look forward to the day I see yellow caution tape stretched around my students' neighborhoods, the chalk outline of apathy on the ground, crushed by the weight of a thousand books. Until then I treat each day as if books are EpiPens and every student has a shellfish allergy with a mouth full of shrimp. Most of the students in Daphne Russell's reading class have never read an entire book, and they can't relate to Harry Potter and his magic wand. Abel is twenty-eight days behind everyone else and he needs enough books inside him to get his lungs to work again, mend his shattered heart, and kick the shit out of apathy. In her memoir *Read or Die*, Russell documents her daily battle as a middle school teacher in Tucson, Arizona, fighting against predetermined trajectories of less-than-beliefs with an arsenal of hard covers and tattered pages. A talented and caring teacher, Russell offers a moving portrayal that combines rich autobiographical details with firsthand insight into the world of education. *Read or Die* is not only a compelling story, but also offers revealing and meaningful insights into education in America from a seasoned insider.

🔖 RUN OR DIE KILIAN JORNET, 2013-07-01 Shortlisted for the 2014 William Hill Sports Book of the Year Award National Geographic Adventurer of the Year 2014 The most dominating endurance athlete of his generation. -- The New York Times An exceptional athlete. A dominating force. An extraordinary person. Kilian Jornet has conquered some of the toughest physical tests on the planet. He has run up and down Mt. Kilimanjaro faster than any other human being, and struck down world records in every challenge that has been proposed, all before the age of 25. Redefining what is possible, Jornet continually pushes the limits of human ability, astonishing competitors with his near-superhuman fitness and ability. Born and raised at 6,000 feet above sea level in the Spanish Pyrenees, Jornet climbed an 11,000 foot mountain -- the highest mountain in the region -- at age 5. Now Jornet adores the mountains with the same ferocity with which he runs them. In *Run or Die* he shares his passion, inviting readers into a fascinating world rich with the beauty of rugged trails and mountain vistas, the pulse-pounding drama of racing, and an intense love for sport and the landscapes that surround him. In his book, Jornet describes his record-breaking runs at Lake Tahoe, Western States 100, Ultra-Trail du Mont-Blanc, and Mount Kilimanjaro--the first of his ambitious Summits of My Life project in which Jornet will attempt to break records climbing the highest peaks on each continent. In turns inspiring, insightful, candid, and deeply personal, this is a book written from the heart of the world's greatest endurance runner, for whom life presents one simple choice: Run. Or die. Trail running's first true breakout star, [Jornet] has yet to find a record he can't shatter. -- Runner's World
