Art & Practice of Creative Visualization Ophiel, 2001-08-01 There's more to creative visualization than meets the eye! In this groundbreaking volume, first published in 1967, Ophiel lays out the 10 Laws of Creative Visualization. Once understood, they are as simple and as real as the laws of gravity or magnetism. In other words, they work. Ophiel tells us how to do -- and undo -- the magic of visualization. Whether we want a new job, a new house, a new relationship, or a warm coat -- we can manifest that which will create happiness and comfort in our lives. And, should we discover that we've gotten it wrong -- that we neither want nor need what we've visualized, there are techniques to undo what has been done. Along with the theory, Ophiel offers plenty of practice in working with symbols, visualizing physical reality, making a treasure chart, and understanding the role of emotion in visualization. Work with the symbols in the book and learn how to create your own. This is practical metaphysics at its best. Love spells are forever, but if you want the object of your affection to go away, Ophiel tells you how to do that as well.

Creative Visualization Shakti Gawain,1995

Creative Visualization Andrew Wiehl,2018-12-01 “Much is said and written on the subject of visualization, but little has been told about how to visualize. My purpose is to tell how, to explain the proven methods and to give you the secrets of successful visualization. “These teachings, based upon natural laws, are simple. If you will follow them faithfully, the results may seem little short of miraculous. “Whether you develop genius, or near genius, or remain just where you are, depends entirely upon you. Wonders have been performed, seeming miracles wrought, through visualization. It is a God-given power available to anyone. Its effectiveness lies in its individual application. “As you are given the principles, study them carefully. Absorb everything contained in each lesson given. Then start immediately to put into effect the things you have learned. Apply. Start visualizing the material things you desire. See mentally your new home or car, the money you need, or whatever it is that you earnestly wish to possess or achieve.”—Andrew Wiehl
