Most financial advisors will tell you that it is never too early to build a good credit history, but it's also never too late to start as well. This credit guide will answer the very basic questions about 'what credit is' how credit works' what it takes to achieve good credit history' how your credit rating affects your life This starting guide will be especially helpful to the beginner who is new to using credit and is starting to establish a credit history so that he can build good credit scores from the very beginning and take advantage of his good credit score to buy major purchases in this life!
